Current Status

- ¼ painted, currently stalled
 - We still need furnace and electrical panel locationing for Wesselman
 - As of now, floor will not be painted
 - We should keep AC in mind
 - minisplits???
- Member storage in place 72 “normal” spaces
 - Need to determine the ceiling for membership
- Dust area for woodshop
 - Woodshop committee???
- How do we keep ideas organized for useful and constructive planning
 - Google form polling - Tim action item (Kate to collate comments); keep a write-in option
 - Thread on Discourse, starting with these bullet items
- We are not currently paying rent - would be soon - no hurry regarding pacing
- Need scrap runs & shelf break down
 - Need good process for crap removal - home crappo rental is dock height, etc
- Kevin action item - start on layout/floor plan
- Chris D. to review previous polling for new spaces

Suggestions in meeting

- Last two south bays for asset storage/electrical?
- Also suggested for arcade
- Need cameras in existing storage space and in new space
- Grinding, polishing, abrasive
- Classroom
- Sound studio
- Plastic fab
- Sheet metal capability
- Cnc sheet metal cutting

How do we manage the storage space?
