

Dear Parent/Parents or Guardian:

I am excited about the opportunity to teach your child this year in Introduction Fire Fighting. This course will be a broad overview of the fire service as well as its history and traditions. The class will be very interactive and at times will be physically demanding. Your child will practice firefighting skills and have the opportunity to become certified in First Aid/CPR/AED through the American Red Cross. This will be the first year of the Fire Fighting Program and my first year teaching. For the past seven years I have been a career firefighter with the Anderson City Fire Department and a part time firefighter with the Belton Fire Department. I am looking forward to this new career path. If I can be of assistance in any way, please feel free to contact me either via email lriddle@andersonctc.org or by phone (864) 847-4121. I have also created firefighting program blog. The blog address is <http://ctcfirefighting.blogspot.com>. The class blog will be updated daily with the classroom assignments. If your child is absent, it will be his/her responsibility to check the blog to what he/she missed in class.

In this packet you should receive the following:

1. Syllabus for Introduction to Fire Fighting
2. Class Rules and Regulations
3. Grading Scale
4. Permission to Participate Form

Thank you,

Luke Riddle
Firefighter Program Instructor
