

Starting on page 4, you will see rising grade 12 registration information copied directly from PowerSchool's registration pages. **Registration week is coming up the week of February 24** when all students will be reminded to register for their 2025-26 classes. TC juniors and parents/guardians, please make sure you have worked through this material ahead of time. Mr. Huizinga huizinga@timothychristian.com and Mrs. Raley raleys@timothychristian.com are available and eager to assist you in making decisions about your senior courses.

If you work your way through these following pages, you will be prepared when PowerSchool registration goes live on February 24 and can use these pages to guide you through online registration, item by item. Please cross-reference this information with the curriculum guide: https://docs.google.com/document/d/1dx3GnCe_Z_Uxr1kXp_7aMy9zvw6zrh_gNJDZEQ-w-KU/edit?usp=sharing, which contains course descriptions. The PowerSchool registration pages will stay open until March 10. Parents are strongly encouraged to check to see how their students registered by that date. After that time, students and parents will not be able to make course request changes within PowerSchool except by contacting their counselor.

Summer school registration is different and separate from PowerSchool registration. The summer school link will be emailed out to all TC families on February 26 but will not open until March 4 at 7 PM. Summer school registration WITH REQUIRED PAYMENT CONFIRMATION will begin on March 4 at 7 PM. The full payment for each class registration will be charged on the parent/guardian's corresponding April tuition payment date. Class sizes are limited, so registrations are time-stamped in the order in which they are received. *Unless the course is canceled by the school, all summer school payments are non-refundable.*

Details regarding summer school are included in the 2025-26 curriculum guide.

Junior (Rising Senior) Course Planning Worksheet

When looking at the worksheet below, remember that it is just a worksheet to help you start thinking about your senior year. It will be helpful to cross-reference this page with the following PowerSchool registration pages. The curriculum guide will assist in providing course descriptions. The semester in which a semester-only class will be offered is not critical at this stage. Circle or write your choices below.

Most courses are 0.5 credit per semester.

Jazz Ensemble and Chamber Singers are 0.25 credit per semester.

Welcome to the Timothy Christian High School Class Registration System for 2025-26

Welcome, current TCHS JUNIORS, to your PowerSchool registration site. It's the last time you need to do this! If you have problems while registering, please email Mrs. Raley (raleym@timothychristian.com) or see Mrs. Raley or Mr. Huizinga. Once you finish, please check your registration for accuracy. If you made a mistake, you can go back into your registration to correct it.

Reminder: You're required to sign up for 6 credits each semester. PowerSchool will allow you to register for as many as 8.0 credits, BUT this is only possible if you fill up all 7 periods for BOTH semesters AND take *Jazz Ensemble* and *Chamber Singers* all year (or *Weightlifting* during semester 1) in zero hour. Most of you will not fit that description. You also will not sign up for study hall or Guided Study. If you have open slots (not counting zero hour) in your school day, they will be filled in later with either study hall or Guided Study.

Click on the pencil box on the right side of the page to select a class. **Red exclamation marks** mean you MUST make a choice. **Green check marks** mean you are not required to select a course from this item number (or it's automatically selected for you).

1. 12 AP English Literature: S1

If you do not plan to register for AP English Literature, move to Item 3. Otherwise, please sign up for semester 1 of this year-long course.

	English AP© Lit 2	946	0.5 <input type="checkbox"/>

 You may select up to 1 course

3. 12 English: Writing Class: S1 or S2

If you are NOT signing up for AP English Literature, you must sign up for at least one of these writing courses. You may choose more than one, but consider the workload. In Item 4, you will also be required to sign up for a

literature class. If you took a writing or literature course this year as an elective, you still must take a full credit in English next year, and you may not repeat the elective English course you already took.

Students who already signed up for AP English Literature may skip this item (and the next one) or request a class.

<input type="checkbox"/>	Short Fiction	2937	0.5
<input type="checkbox"/>	Speculative Fiction	2938	0.5

 You may select up to 2 courses.

5. 12 Math: S1

To meet Timothy's graduation requirement, you must minimally take 3 years of math (including algebra and geometry). MOST 4-year colleges REQUIRE that you also have completed Algebra 2 (which includes trigonometry). If you are college-bound, any math class beyond *Algebra 2* (or *H Algebra 2*) is entirely your choice, but colleges encourage you to continue and *selective* colleges may recommend or *require* you to continue. The more math you have under your belt, the better off you are! If still uncertain, please talk to your math teacher.

Your next math class very much depends on which math class you are enrolled in for this year. Your math registration is *subject to change*, depending upon your math grades for the rest of the year and any input from your current math teacher.

If you have met the 3-year math requirement and do NOT wish to enroll in another math course for your senior year, you may move on to Item 9. 12 Science: S1.

***If you have experienced success this year in *Algebra 2* or *H Algebra 2* and would like to continue your math studies, enroll in *Pre-Calculus* or *H Pre-Calculus* for your senior year.

***If you have earned and are maintaining a “B” this year in *Pre-Calculus* and would like to take an AP math course, enroll in *AP Calculus AB*.

***If you have earned and are maintaining a “B” this year in *H Pre-Calculus* and would like to continue your math studies, enroll in *AP Calculus BC*.

***If you have been successful in 3 years of math and want a fourth year of math, enroll in *Advanced Math* (math for non-math-related majors in college) for your junior year.

***If you are currently in *AP Calculus AB* and would like to continue your math studies, you could potentially register for 1 to 2 free semesters of college coursework (not necessarily in math) at Elmhurst University (your schedule will need to be flexible, and you must drive yourself). Or, you could register for college dual enrollment courses (for college credit) or online AP math-related coursework (for HS credit)--these have a cost and will be paid directly to the appropriate college or school. You can also talk to Mr. Piersma about taking a *Thinkwell* Calculus online course (for no credit) at your cost (\$190) to prepare for the AP Calculus BC exam. For now, please choose according to your interest or move on to item 7

6. 12 Math: S2

Enter the same level of math (again for 0.5 credit) that you entered previously, only it's semester 2.

	Course Name	Number	Credits	Prerequisite Note

7. 12 Science: S1

Most seniors will be enrolled in science. You MUST have at least 2 science credits to meet the graduation requirement.

Some students may choose to take 2 science courses this year. It's uncertain how this will schedule, but the only way to find out is by registering and then waiting to see the results later.

***If you are currently in *Chemistry*, you could choose *Physics*, *H Physics*, or *Forensic Science*.

***If you are currently in *H Chemistry*, you could choose *Physics*, *Forensic Science*, *H Physics*, and/or *AP Biology*.

***If you are currently in *Physics*, you could choose *Forensic Science* or *AP Biology*.

***If you are currently in *H Physics*, you could choose *AP Physics*, *AP Biology*, or *Forensic Science*. *AP Physics* and *AP Biology* in the same year would be extremely challenging. Talk to your science teacher.

Make your selection from the menu, or you may leave it blank IF you have already met your 2.0 science credit requirement.

	Course Name	Number	Credits	Prerequisite Note

9. 12 Bible: S1 or S2

Every senior is required to take *Christian Thought*. It is NOT offered in summer school

If you took a Bible class out of sequence from the rest of your classmates (for whatever reason), please select the appropriate class in addition to or instead of *Christian Thought*.

	Course Name	Number	Credits	Prerequisite Note
<input type="checkbox"/>	Bible Themes	124	0.5	
	Christian Thought	151	0.5	
<input type="checkbox"/>	Theology/Ethics	141	0.5	Also available in summer school. Do not register here if you plan to register for this course in summer school.

! You may select 1-2 courses.

10. 12 Soc. Studies: U.S. Gov't: S1 or 2

You must choose a government class unless you are a transfer student and already took this class. Either *U.S. Government* or *AP U.S. Government* will meet **half** of your grade 12 social studies requirement.

****AP Government is only offered during semester 2 whereas Government could be offered either semester. The national AP U.S. Government exam is a requirement of the course.**

	Course Name	Number	Credits	Prerequisite Note
<input type="checkbox"/>	AP© US Govt	244	0.5	Minimum 3.0 GPA and approval of dept. head. Additional national (required) AP exam in May with an approx \$99 due in November. \$10 additional course fee.
<input type="checkbox"/>	US Government	242	0.5	

! You may select up to 1 course.

11. 12 Soc Studies: AP HG 1, Wld History, AP Psychology S1

3.0 social studies credits are required to graduate. If you took *AP Human Geography* or *World History* as a sophomore, you have met that requirement already. You can skip the remaining social studies classes.

If you'd like to take just a semester of *World History*, make sure you look at the course descriptions because semesters 1 and 2 cover different geographical regions and periods of history. You may take either a semester or a full year of this class.

If you want to take *AP Human Geography* or *T IS in AP Psychology* (an online class with additional tuition paid separately to the online program), these are for the entire year and require a minimum cumulative GPA of 3.0. Both mean you will be taking the national AP exam in May.

While you're having so much fun deciding, you can even take BOTH *AP Human Geography* AND *World History*.

Two more classes are coming up shortly as still more social studies options: *Psychology* or *Economics*.

	Course Name	Number	Credits	Prerequisite Note
<input type="checkbox"/>	AP© Human Geography 1	221	0.5	3.0 overall cumulative GPA and approval of department head. You must take BOTH semesters of this class. Additional \$99 fee due in November for national May exam.
<input type="checkbox"/>	T IS in AP Psychology 1	2248	0.5	3.0 overall cumulative GPA. This is an independent online course with tuition paid to the online school Both semesters are

			required. Required national AP exam in May with additional approx. \$99 exam fee due in November.
World History 1	251	0.5	

✓ You may select up to 2 courses.

12. 12 Soc Studies: AP HG and/or Wld History S2

If you registered for semester 1 of *AP Human Geography* or *T IS in AP Psychology*, you MUST also register for semester 2.

If you enrolled in *World History 1*, you may enroll in *World History 2* (if you have room). You may also register for a semester of *Psychology* or *Economics* (coming up next). It's up to you.

✓ You may select up to 2 courses.

13. 12 Soc Studies: Econ or Psych S1 or S2

Here's your opportunity to enroll in *Economics* and/or *Psychology*. They are each for a semester and could be scheduled for S1 and/or 2. Either class (along with *World History 1 or 2*) will satisfy the second half of most seniors' social studies requirement.

	Course Name	Number	Credits
<input type="checkbox"/>	Economics	250	0.5
<input type="checkbox"/>	Psychology	248	0.5

✓ You may select up to 2 courses.

14. 12 Spanish/Online Lang: S1

World language study is not a graduation requirement, but most students are enrolled for 1-2 years while in high school. If you choose not to continue with a world language, you may move on to the next subject area.

***Choose *Spanish 1* if this is your first experience in a world language.

***Choose *Spanish 2* if you will complete Spanish 1 during the current school year.

***Choose *Spanish 3* if you are currently in Spanish 2 and averaging at least a "C".

***Select *Spanish 4* OR *H Spanish 4* as your 4th year option if you have a "B" or better in *Spanish 3* this year. Your teacher can advise you.

***Select *AP Spanish* if you have an "A" in *H Spanish* and are ready for the expectations of an AP class. You will ALSO need to have your teacher's recommendation.

If you are interested in starting or continuing another *T Online World Language* for an additional fee, please select that option AND email Mrs. Raley (raleym@timothychristian.com), indicating your online language and level (yr 1, 2, etc.) of choice. DON'T FORGET!

	Course Name	Number	Credits	Prerequisite Note

16. 12 Electives: Full-Year Music S1

If you started at TC in 9th grade and already took a music class (see choices below), you are NOT required to enroll in another fine arts class. If you choose NOT to enroll in a music class, you may move on to Business.

TRANSFER students must have EITHER an art OR music credit to graduate. If you do already, you may move on. If you want a single-semester art class to meet this requirement (*Art 1* is the prerequisite for all other art classes at TCHS), you will find it listed under “General Electives” farther down. *Contemporary Musicianship* also meets the fine arts requirement, is a semester class, and can be found under “General Electives,” but please read the course description as it is very specific about which students should register.

***If you are planning to enroll in choir, band, or orchestra, it is expected that you will be enrolled for the ENTIRE year.

***If you want to sing, enroll in *Mixed Choir* or *Concert Chorale*. Did you audition with Mrs. Lanenga? (You will need to for Chorale.) If you don't get into *Concert Chorale*, you could sign up for *Mixed Choir* instead.

***If you would like to participate in both choir and band or choir and orchestra, make the appropriate selection (BUT the music teachers make the final decision).

If you want to be in honors Chorale, Band, or Orchestra, you will be required to sign a contract next fall and then you will be registered for the honors credit.

	Course Name	Number	Credits	Prerequisite Note
<input type="checkbox"/>	Concert Chorale 1	881	0.5	Requires tryout. Is a full-year commitment.
<input type="checkbox"/>	Concert Chorale/Band 1	885	0.5	Requires voice tryout. Is a full-year commitment.
<input type="checkbox"/>	Concert Chorale/Orch 1	868	0.5	Requires voice tryout. Is a full-year commitment.

27. 12: AP Studio Art S1 and/or S2

To build your portfolio for AP Studio Art, you must commit to a full-year independent study of AP Art. It looks a little different, depending on your teacher.

Mrs. Zielke typically asks that you register for semester 1 in grade 11, but if you're considering this now for next year, please talk to her. Ms. Perry (for photography) wants you to enroll for the whole year.

If you are unsure about 2D or 3D Studio Art, give it your best guess for now. It can always be changed later.

For more information and/or to see if it's possible to complete the work for both semesters in your senior year, talk to Mrs. Zielke or Ms. Perry.
