COLIN HILL

How did you hear about Pacifica Runners?

I think through my partner Gabriele

How long have you been a runner?

I remember competing in school sports days from around 7 or 8 years old, running in track events as well as the egg and spoon race!

How did you get into running?

When I was young I think I enjoyed feeling like I could move fast, so that got me started!

Do you have a favorite race(s)?

The Half Moon Bay half marathon was great since the route looped back on itself and I got to see other Pacifica runners a few times during the race

What are your favorite running trails/routes?

Around Devil's slide trail and San Pedro Mountain is nice, but there's so much more to explore!

What are your future running goals?

I'd like to do some longer distance trail running

What did you most enjoy about working with Pacifica Runners?

It's a great way to socialize and meet new people, as well as having some encouragement for getting out on those colder days

Any other cool info about yourself?

I enjoy playing guitar and I'd be happy to jam!
