

UNTIL FURTHER NOTICE, I DO NOT OFFER BASES AND FACES. OUTFITS ONLY! SORRY!

By commissioning me, JustLlujji, you agree to abide by the following terms and conditions regarding my work. Please understand the contents of this document as well the FAQ on my Carrd profile. If you have any questions, be sure to ask.

- If I deem the material to be difficult or inappropriate, I have the freedom to decline.
- I DO NOT allow any of my works to be used in any projects related to NFTs/Crypto/AI generation, or any derivative of the kind that goes against my TOS.

WHAT DO YOU DO?

I am a 3D modeler that specializes in anime-like content. While my texture style is imperfect and inconsistent, I value high optimization and functionality on my models. I offer models made in Blender, exported into .PMX suitable for PMXEditor and MikuMikuDance, alongside textures in .PNG format.

PRICING || RATES

My pricing is based on the amount of work put into it. I provide a rough estimated cost of the project, which gives you an idea of the final price. Although, it is still subject to change depending on the model's complexity and could go higher or lower over time.

Base Rates || +Additional

- Full Model (Hair|Outfit|Body|Face) - \$100+
- Outfit - \$50+ | Individual Assets/Props - \$20+
- Body - \$80+
- Face - \$80+ | + \$5 per additional shapekey
 - Base face comes with the following shape keys:
 - Mouth | a,e,i,o,u.a2,wa,smirk,frown,smile
 - Eyes | blink,smile,surprise,winks,jito
 - Brows | serious,angry,happy,sad
 - Extras | tears, blush

If the work is intended for commercial/monetary use, a one time **25% upcharge** is applicable. Monetary use include but not limited to:

- Sponsored content/ads.
- Monetization through sites such as Youtube or Twitch via memberships, donations, revenues, etc.
- Paid content such as live shows, Patreons, games, etc.
- Merchandise that showcases the work such as prints, shirts, pins, etc.

Transactions will be done through Paypal's invoice system and in USD currency. For security reasons, I will not be accepting other forms of transactions. Furthermore, I will ask for a **50% upfront payment based on the rough cost** once I begin the project, the other **50% will be paid for when the model is completed**.

REFUNDS || CANCELLATIONS

- No refunds when sale is final.
- Clients have full rights to cancel a project as they please. Additionally they can also choose to just postpone the project until they are ready.
 - Materials from the canceled project may be repurposed for other projects, but will not be released to the public or as is. Most often, they are destroyed nonetheless.
 - Postponing **DOES NOT** entitle the client to a refund.
- If the client cancels the work early on, **a full refund** is given.
- If the client cancels the work later on, **the initial charge** will be kept as compensation for the work done.
- Cancellation on my end results in a **100% refund**, regardless of progress.
- If the client is inactive for quite some time, I reserve the right to withhold/postpone the project until they are active again.

ASSET USAGE

Crediting is deeply appreciated, and would support a ton! To credit me please tag [@JustLluiji](#). Likewise, please do not claim the work as yours.

Once payment has been received, the client is granted usage rights to the model but they cannot use the model for things such as:

- Reselling, public distribution, or any form of transferring ownership of the model without my knowledge. Contact me for discussion.
- Use in NFTs or crypto, and especially **DO NOT** use for AI purposes.

As the creator of the model, I retain rights to:

- Archive and use the model for studies and educational purposes.
- Showcase the model as a form of content promotion and portfolio work.

My work is mainly intended for MikuMikuDance or the .PMX format, I am not liable for any issues that occur when ported to other formats and programs. I do not offer exporting to other formats either, the client is welcome to commission a 3rd party to port the model for themselves.

REQUIREMENTS

I require some reference(s) that clearly define the design's features. I do not accept explicit NSFW/R-18 artwork. The client must specify any design changes or specifics prior to the start of the project or the UV mapping phase.

Communication | Contact

- **The client must provide a form of contact, preferably Discord or Twitter DMs for faster communication. Ensure that the contact provided is correct and accessible as I will be sending frequent updates and will be needing feedback on the progress.**
- **I expect all clients to be honest with their feedback, I need them to ensure you are satisfied with my work and deliver a good product.**

Full Models | Bases | Faces

- **Clear reference image for accurate proportions. For faces and bodies, a front/side view is needed to ensure accuracy. If you only have a front oriented reference, that is okay!**

Outfits | Parts | Props

- **A base to work on must be provided. Otherwise, I will be using one that may not suit your preferences.**

I also accept pinterest board references, but the client must provide a clear explanation of what their vision is for the final product.
