

Getting the Shots
Chapter Four
A Nice Day for a Wet Wedding

Juvia Lockser still felt a little out of sorts in this outfit, even though the photographer and costume girl had both assured her she looked fantastic in it. She was wearing a blue dress that superficially resembled a more traditional wedding dress...if it was being worn by a slutty girl for a costume party. Her pale skin contrasted nicely with the dark azure cloth of the dress, which was cut in front so as to show off her legs all the way up to her pale, toned upper thighs, while behind there was a large, elaborate and slightly cumbersome train fanning out behind her. Juvia's hair cascaded down onto her bare collarbones, just above the impressive array of cleavage she was sporting in this dress, as it supported her and pressed her large breasts together to leave a clear, eye-catching line between them. The whole thing was sleeveless, and cut trim on Juvia's midsection so as to better show off her tapered, athletic waist. It was highly flattering, Juvia had to admit, though it was hardly the kind of thing the modest, more reserved woman would usually wear.

She pivoted in place, posing with her legs spread a little further than shoulder-length, one arm crossed and the other raised towards her chin in a coquettish fashion, eyes on the ceiling. When Lucy had told her about an opportunity to make an absolutely amazing sum of money just for some "adult modeling", Juvia had thought it was too good to be true. But the director had taken one look at her and said she'd be perfect, before she'd been ushered into this very impressive and professional looking studio. She was told she had a male-costar, but she hadn't met him yet, for some reason. Juvia's only line in the sand had been that she wanted to wear her hat, with its white fur trim and large butterfly ornament.

There were worse ways to make money than standing in place and looking pretty, to be sure. Juvia's eyelashes fluttered as she made eyes at the camera, to the delight of the photographer, who captured every detail of her large, expressive dark blue eyes. Two million Jewels, just for a few hours of having other people do her make-up (they'd gone a bit heavy for Juvia's taste, but they'd insisted that otherwise her pale skin wouldn't really "pop" on camera, whatever that meant), pick out her clothes and do some sexy poses.

Juvia leaned forward at the photographer's insistence, sticking her ass out behind her while also lacing her fingers together in front of her. Her arms squeezed her breasts enough to further push them up as she smiled sweetly, showing off every inch of her curvaceous, sultry body at the same time.

Seated next to the camera man, the director grinned to himself as he began to go through his usual list of questions for the girls. He knew most people tended to skip past these sections of the videos, but he found it helped put some of the more inexperienced models at ease. Which was slightly obvious here as Juvia's pose wobbled a bit in her enormous platform heels, wrapped up with silver trimmed bows.

"So, Juvia, a pretty girl like you, do you have a boyfriend?"

Juvia giggled, shaking her head slightly from side to side as a deep blush came blossomed on her pale, porcelain cheeks. Her breasts jiggled in the tight dress as she responded, breathlessly.

"Oh yes! His name is Gray-sama, and he's so cute! When we met, it was just a classic story of love at first sight-which honestly isn't surprising because Gray-sama is so handsome. *And* talented too, he's one of the strongest, coolest mages in Fairy Tail! Oh, he's just the best!"

Juvia actually hopped in place as she said this, her ass bouncing in her dress, as the long train flounced about her. The director made a note of this happy, completely open and genuine display of emotion as it was recorded-he'd have to splice this in later once her co-star had really had a chance to help her "open up", as the filming parlance went.

Juvia went on at length about this Gray-sama while the director pretended to listen; apparently their first meeting hadn't been under the nicest circumstances. Then there had been all sorts of completely *tragic* misunderstandings, including some involving Lucy Heartfilia herself, which made the director chuckle. Eventually he saw her fit to interrupt her, lest this interminable monologue of gushing praise went on forever.

"It's funny you should mention Lucy, Juvia. She's actually worked with the lucky guy we got to be your co-star for this shoot. She won't stop raving about *him* either, and I think you'll agree he's pretty special himself."

Naruto Uzumaki strolled up behind Juvia, taking in a quick appraising glance of her body. As always, he was wearing an expression that suggested he considered himself one of the luckiest men on the planet, while also having a sort of dumb but charming naivety to him. The director once again considered

himself fortunate in having found such a stud-his profits had more than tripled since Naruto's first video with the studio.

"Well hello there, you must be Juvia!" Naruto said, draping one arm over Juvia's shoulder.

She looked up at him, their blue eyes meeting for a long moment, as Juvia blushed again. She let out a nervous giggle, her own eyes dipping low to take in the taller man's appearance-he was clearly muscular, which was even more obvious with his firm body so close to her's, and his hair was cute in a messy spiky sort of way. He was wearing a tight, form-accentuating dark suit, though Juvia didn't quite make the connection that, standing next to each other in such outfits, they resembled a young man and woman about to be wed.

The director smiled, having come up with the "cheating bride" angle himself. He'd been very open about congratulating himself about it before a PA had pointed out that pairing Naruto with basically *any* woman was guaranteed to be a hit.

"Oh, it's ah, very nice to meet you, Naruto-san." Juvia said, caught off guard but still polite as ever. She hadn't expected her co-star to be quite so cute and honestly, sexy. Not that she cared about stuff like that, really, not when she had Gray-sama all to herself.

"You too, Juvia! I have to say, you look really hot in that dress. Probably one of the prettiest girls I've ever worked with." Naruto beamed, brushing a stray strand of blue hair away from Juvia's upturned face. The director watched, approvingly. This Juvia would be great for the cutesy girls turned bad angle-when she'd been talking about Gray-sama earlier, he'd been half convinced actual sparkles were about to start dancing in her eyes with how smitten she seemed. Those could always be added in post, anyway.

The photo shoot went on as normal for the next few minutes, with Juvia blushing as things went on, from simply holding hands with Naruto, posing next to him, to a more romantic than friendly hug, as well as several more risqué poses. Throughout it all, Naruto kept telling Juvia what a great job she was doing, especially for someone who was new to all this. Juvia smiled at him, thinking it remarkable that Lucy had never mentioned what a nice guy Naruto was. She had to admit she felt very flattered by all his praise and attention, noticing his sly glances at her cleavage and long lithe legs in this dress-Juvia supposed it was only natural to look when she did look *this* dolled up, after all.

"In fact, all she had said that you were "effin huge", but I think that's odd." Juvia put one finger on her chin cutely, eyes clearly in thought.

“I mean, you’re pretty tall and all, certainly taller than me or Lucy, but you’re not *that* big. Compared to someone like some of the mages from Sabretooth or something I mean.”

Naruto just chuckled, finding Juvia’s naïve nature almost as appealing as her obviously sexy and curvaceous body.

The director made a circling motion with one finger, catching Naruto’s attention. It seemed the regular portion of the shoot was about to be over.

“Well, Juvia, looks like it’s time to get a whole lot more fun around here. Are you ready for this-I know you have a boyfriend and everything.” Naruto smiled warmly, never afraid to give the girls he worked with a chance to back out. There would always be more girls the next day, and Erza was frequently asking to shoot a few more scenes with him one on one, claiming she would “totally outlast him this time.”

Juvia screwed up her resolve, setting her delicate features into a determined expression. She nodded several times, her haste and the slight stutter in her voice letting on that she was a little more nervous than she wanted to let on, but she wasn’t about to let that stop her.

“No, I-I’m ready Naruto. After all, this will be fine, right? I’ll just think of it as practice, after all.”

And in her mind, Juvia was sure that Naruto was a very nice guy and all, but he couldn’t really compare to Gray-sama. Still, maybe she’d learn a few little tricks or something, skills that would impress Gray-sama the next time they spent the night together. She was going to tell him about this ahead of time, but Juvia was certain he’d be fine with it, and once she’d mentioned to Lucy that she might be interested, the other girl had practically raced to get her a time to shoot with the studio. This Naruto and the people he worked with were very in demand lately, apparently.

Ziip!

As Juvia was still lost in thought, Naruto sidled up behind her, grabbing his hard cock and beginning to slide it between Juvia’s fat ass cheeks. Her tight dress was quickly pulled taut to her skin, emphasizing the sheer size and perfection of her twin ass cheeks while Naruto slowly ground his cock up between them. As large as his bitch breaker was, the tip of his cock rose up past Juvia’s ass and actually ground against the small of her back. His fat balls rested against the bottom of her dress, as he moved slowly but firmly, one hand wrapped around Juvia’s tiny waist and keeping their two bodies docked together.

The cameras caught every micro-expression on Juvia's face as it slowly dawned on her what was happening. At first she looked surprised, then a little confused, her big eyes widening. She quickly *whirled* her head to one side to get a look at what was actually going on, her mind unable to believe what her body was telling her. She glanced down-though she didn't have to look very far-and saw Naruto's cock, in all its naked glory, his pants and underwear pushed down around his knees. Getting a good look, the image forever burned into her memory, Juvia's jaw dropped, looking utterly flabbergasted.

"Oh...oh my gahd!" Juvia gulped, trying to look like she wasn't suddenly intimidated, even as the tell-tall signs of cock shock were written all over her face.

Ok, so he has a big cock. Well, not just big, that thing must be the fattest, nastiest, hugest dick in the world! God, how could he even have sex with a woman with a dick so big-it looks like it would split someone in two! But...but Lucy said she'd been with him, so maybe it's not that bad, after all. I mean, if she can do it I can do it, and maybe it won't be such a big deal as long as Naruto goes nice and slow, very gentle about-

Smack!

Juvia hopped in place, her face turning a deep shade of red. Her teeth snagged her bottom lip, biting in a sensual way as her expression went from confused and shocked to obviously turned on. Her tongue lolled out of her mouth, lips opening and closing slowly as through she trying and failing to think of anything to say.

Smack! Smack! Smack!

Naruto smacked Juvia's fat ass again and again, really getting his wrist into spanking her. Each time Juvia grit her teeth, the harsh impacts like a sudden bolt of lightning to her brain. Her toes stiffened as her back curved, inadvertently sticking her ass out to Naruto's hand as her eyes grew slightly lazy and unfocused. Her cheeks were a dark red now and her breathing was fast and shallow, it nearly looked like Juvia was going to come her brains out right then and there.

"You're a really bad girl, aren't you Juvia? Agreeing to do a porn shoot when you know you have a boyfriend-why he's probably waiting for you at home right now, isn't he? You cheating little *slut*."

Smack! Smack!

"Ohhh...fuck!" Spittle flew from the corners of Juvia's lips, her face contorted into an almost painful expression of agony. Her breasts heaved and shook in her tight dress as she grew limp, her body resting against Naruto's strong chest as he

continued to spank her like the dirty little girl she was. Clearly Juvia had a weakness for spanking, her voice taking on a desperate, keening tone as she panted and whined in lust. Her nipples grew obviously erect, and her thighs rubbed together as her panties grew wet with arousal. Her hands made small, grasping motions, as though trying to reach back and take a hold of Naruto while he alternated between smacking her ass to punish her while also working his cock between her ass cheeks, drawing the material of her dress further up until it hiked up past her thighs and nearly exposed her entire front.

This went on for nearly five minutes, before it was obvious Juvia could take no more. Something had to give. With a final series of harsh slaps, Naruto's dick kept pushing against her asscheeks, and his hand gripped her dress, ripping off the lower half and tossing it aside. With her pale, fat ass exposed, it was clear Juvia's panties were barely visible, having been eaten up by her thick pale booty. Naruto spanked her ass again, leaving large visible red handprints on each side of her ass, and Juvia's eyes rolled back in her head. An orgasm ripped through her body as her legs buckled, and she suddenly fell to her knees, landing heavily with her legs splayed out.

"Ooooh-holy fucking shiit!" She whined, her body jerking and shaking in the aftermath of her powerful hands free orgasm, being driven to a powerful climax simply from being used like a disobedient child for Naruto to spank and punish. The presence of that huge, enormous fucking cock and the sordid knowledge that she was going to be cheating on her beloved Gray-sama with a man she'd just met was too much for her to handle.

"Oh gawd! I'm a stupid dirty cheating bitch! Gray-sama never treated me like that, not once! Oh fuck...getting my ass beat by you was the hottest thing I've ever done Naruto, holy shit!" Strands of hair stuck to Juvia's sweaty forehead as she panted, before she turned around, looking up at Naruto. As he began to undo his shirt, tossing his suit jacket to the side, Juvia suddenly looked more determined than ever, even if she was disheveled and mad with lust.

Juvia's hat fell from her head as she suddenly lunged forward, her hands reaching out to grab Naruto's cock. With both hands, she didn't even cover half of his enormous length, and she marveled at how hot and hard it was in her hands, letting out an impressed cooing sound as she stared at the brutal, uncut hard cock before her. It seemed to be the most incredible, sexiest thing she'd ever seen in her life.

Juvia stuck her tongue out, licking at Naruto's heavy balls as she stroked his cock, hands working in a frantic rhythm, each twisting in its own direction. Naruto groaned above her, and Juvia knee-walked closer to him, finding this little bit of involuntary praise to be one of the most important compliments she'd ever received. She struggled to suck on Naruto's fat balls, a swarthy, wrinkled satchel of sweaty skin that seemed nearly as large as Juvia's face. She settled for

wrapping her lips around one huge testicle and giving it a rapid, hungry bath with her tongue, breathing hot air over Naruto's nuts as she then buried her face against his other ball, looking up at him past the enormous pillar of his cock. Her hands never ceased their needy, almost angry jerking motions, before Juvia pulled back.

"Oh god...it's so fucking *huge!*"

She swooned, utterly smitten by Naruto's dick, feeling emotions that dwarfed anything she'd ever felt towards Gray. Now that she had made this decision, and fully committed to being the cheating little slut Naruto had pegged her for, Juvia embraced it fully. She opened wide, practically attacking Naruto's cock in her haste to inhale that huge, turgid member. Her lips wrapped tight around his bellend, tongue swirling about his sensitive underside, feeling the heavy, weighted veins along the bottom of his shaft. Juvia's cheeks hollowed up as she looked up at Naruto, making aggressive and slutty eye contact.

*Oh my god, this cock is just **too** perfect! I can't believe it's so big, and so fat! I've never seen anything like this in my entire life, and I can't believe Naruto is this hard for me! Such a huge, hung stud is turned on by me-it's my job to make him feel good, to show off what a dirty little cocksucker I can be! But...oh, a cock like this, deserves even more. I know, I've got the perfect thing!*

As drool splashed down onto Juvia's cleavage and she closed her eyes in lewd, cock-sucking bliss, something else began to happen, a gathering of magic. Concentrating on her water magic along with a few body transformation techniques she'd picked up in the past but never used much before, Juvia began to alter her already curvy and sexy body. As Juvia reached up, pinching her own nose shut to make her mouth open wider so she could fit more of Naruto's bicep thick cock down her grasping, wet gullet, her tits began to swell. There was a sudden ripping sound as her dress tore down the front, exposing her now massive tits, even larger than Erza's or Mirajane's. At the same time, her ass turned into a massive, wobbling shelf of fat, pale booty, while Naruto groaned, turned on by Juvia's tight wet throat and agile, wriggling tongue as well as this new slutty form she'd taken on.

From there, Juvia truly lost herself in pleasing Naruto's cock, working him with both hands as she pumped her face up and down. Naruto barely had to assist, the blue haired slut was so determined in fucking her own face. Her make-up ran down from her eyes, twin streaks of mascara as her pink lipstick let smudges along Naruto's shaft. Great bubbly, cloudy gouts of spittle and pre-come frothed up from Juvia's lips.

"Glacch, glggagg, gluck!"

It was obvious that Naruto's cock was far too large for Juvia to handle, but that didn't stop her in the slightest. An obvious tube-like bulge appeared in her throat as she went deeper and deeper on that cock, before coming to a halt with perhaps six inches of Naruto's fat, throbbing cock outside. Determined to use her slutty body for all it was worth to please this stud, Juvia grabbed her tits, hoisting them up and jerking Naruto's cock with them, squeezing him the plush yet firm embrace of those enormous, pale jugs.

In this way, Juvia found a natural rhythm, based on sheer slutty enthusiasm and not on experience. Juvia had always thought that Gray, who was already becoming a distant memory, had a nice, impressively sized hard dick. But he was maybe only one fourth as long as Naruto, whose thick, veiny shaft seemed to be even bigger around than a bottle of wine, thick enough to crane Juvia's mouth open as she slurped and sucked her way up and down his shaft. Her tongue stuck out past his lips, wide and flat along the bottom of his cock as she bounced her tits up and down, squeezing him tightly. The scent of his musky cock filled Juvia's nostrils, washing over her brain like a potent, highly concentrated drug.

"MMmph,, glgck, glagggh!"

It was hard to say who was enjoying themselves more as Juvia worshipped Naruto's cock. She was happy to act like the world's most unrepentant cheating bride, as how could any man possibly compete with a stud like Naruto. Naruto meanwhile was moaning and groaning as his orgasm approached, as the twin onslaught of Juvia's fat, magic enhanced tits and naturally slutty throat-pumping face fuck was driving him over the edge.

It's...only natural. Juvia thought, feeling her body ache with sexual need as her pussy weeped with arousal.

*A superior stud like Naruto, why I practically owe it to him to act this way. A dirty, cheating little whore like me, who loves getting her ass beat and got so turned on just by the sight of this huge cock...what choice do I have? I just have to worship this cock, make Naruto feel as good as possible, and **submit** to this fucking stud.*

"Oh, fuck, Juvia! You nasty little slut, you're gonna make me come!"

Keeping the cameras in mind, Naruto suddenly pulled out of Juvia's tight mouth, leaving her gasping. Even as she retched and spat up thick, spaghetti like strands of pre-come and saliva, Naruto began to jerk his cock right off in her face. Juvia knew what was coming and stuck her tongue out eagerly, practically panting like a bitch in heat. She brought her tits up again, grinding them against the bottom of Naruto's cock as his balls grew tight. With a series of wet, loud squirting sounds, Naruto began to come, his cock erupting like a volcano.

Spllrt! Spllrt! Spllrrch!

“Mmm-mwah!” Juvia smacked her lips greedily as Naruto nutted all over her face, feeling that thick, tacky jizz begin to splatter all over her face. The taste of it, the flavor and aroma, was so powerful so pungent. With a sick, nasty cry, Juvia came herself silly, squirting all over the floor past her flooded panties. Her eyes rolled back in her head as her cheeks flushed a deep crimson, taking on an empty-headed, brain dead ahegao face just from being an on-camera jizz whore for Naruto’s fat cock. It was the single strongest, most intense moment of sexual pleasure she’d ever experienced, and it was only going to get better from there.

Naruto picked Juvia up by holding onto one wrist, and she daintily rose to her feet. Her heels clacked as she followed behind him, barely able to see with all the spunk glazed over her face. As she walked behind him to a nearby set, the camera workers following in a panning shot that highlighted how large and round Juvia’s new ass was, bouncing and clapping with every step, Juvia scooped the jizz off her face, sucking it off her fingers like the greedy slut she was.

This new set was centered around a large bed laid out in all white and cream colors, a soft linen and pastel dream that suggested the kind of honeymoon suite Juvia had once imagined she might someday share with Gray. Naruto picked Juvia up by the waist, and she giggled at his firm grip, loving that he was able to just contort and control her body however he wanted.

“So...strong!” She gasped, eyes fluttering as her chest rose and fell heavily.

Naruto tossed her onto the bed and Juvia bounced a bit, the impact returning her to a slightly more alert state. She quickly shimmied out of the tattered remains of her dress, revealing that her bra had already been broken by her enhanced tits, the cups laying loose before she undid the band and tossed it aside. Naruto leaned low to her, tugging her soaking wet panties down with his teeth, having to pull and tug hard to get the wet cloth to come down over Juvia’s fat shelf of ass-in this condition, she’d certainly never fit into any of her normal outfits again. But that was ok-she’d buy a whole new wardrobe for Naruto if he wanted, however he wanted her to dress.

Totally naked now, Naruto lay close on top of her, and Juvia stared up at him, sparkling stars seeming to dance in front of her eyes. She’d look like a stereotypical girl from a romance film if she wasn’t still half covered in come and so clearly about to get her brains fucked out. Naruto smirked, grabbing her large heels and bending her legs back, his muscles tense as he squatted above her in a lewd crouch.

“You nasty little slut-of course you came here wanting to cheat on your boyfriend. Dressing like a dirty little cheating bride whore...well thanks for providing such good handles.” He said, mockingly referring to her shoes, before he pushed back just a little further.

Juvia was totally exposed now, her pussy wet and vulnerable as her ankles were forced behind her head.

Wham!

Like an animal, Naruto *mounted* her, fucking down into her dripping wet pussy in this nasty mating press position. His hips slammed into hers as Naruto buried his entire length inside her pussy, reshaping Juvia's tight, soaking wet vagina. The pair let out deep, animal grunts and groans as Naruto fucked her, making the bed rock and shake underneath them. Juvia's hands came up, wrapping around Naruto's strong shoulders, holding on for dear life as her nails made several small scratches and marks on his muscled body.

"Ohhh fuck! Naruto you're fucking me so good, I'm gonna come on your huge fucking cock! I'm such a dirty, nasty little bitch! I want you to use my pussy, Naruto, use it to get off! Fuck me, fuck me, fuck me!"

Juvia squirted like a fountain as Naruto continued to plow into her, as she whined and moaned like an animal. Her back arched up off the bed as she thrashed in the throes of several powerful, continuous orgasms, her mind seeming to explode in overwhelming pleasure. Her loyalty to Gray, her own self respect as a woman, she'd lost them all to Naruto, beaten aside like nothing in the face of that massive cock.

"Ohh gawwd...I want to be your bride, Naruto! Nobody else's, I want to *belong* to you! You and that fat fucking cock!!"

Juvia proved to be one of the wildest sluts Naruto had been with in a while, which was saying something. While her mind had put up hardly a fight against his efforts, her body proved more resilient. Naruto was fucking her for what felt like hours as she came over and over again. A lesser woman would have passed out by now, as Juvia was hit by orgasm after soul-burning orgasm, but a kind of sick twisted pride compelled her. Her hips bucked back against Naruto, her hands holding him tight as her womb itself, wrapped tight around Naruto's dick like a living condom, seemed to *squeeze* him with a mind of its own. If she was going to be a dirty cheating bride, then she wanted to prove to Naruto just how good she was at that, and she wouldn't displease him by passing out before he was finished.

Nothing she'd experienced had ever prepared her for sex like this, and Naruto was only just getting started. Juvia squirted like crazy as he continued to fuck her, and whether due to her water magic enhanced body or simply because she was just that much of a slut, Juvia squirted an insane amount each time, quickly splattering between the rutting pair's bodies and staining the bed.

“You dirty little slut, Juvia! I’m gonna...come! I’m gonna fill your pussy up, you little cheating whore! I hope you get pregnant, you slut, now take it, take it all!”

WHAM! WHAM! WHAM!

Juvia was mad with lust, feeling the first shot of Naruto’s come hit the back of her pussy and fully, completely steal her away from Gray for all time. Bright pink hearts blossomed in her eyes as she screamed, rubbing her enlarged clitoris hard and frantic with one hand as she squirted like crazy, her face red and her eyes crossed in a retarded, ahegao face.

“Yes, Naruto-sama, I’ll get pregnant for you! I’ll be your knocked up little bride bitch! Anything you want, ahhh fuck!!”

Sprrt! Sprrt!

Naruto pumped her full of his hot, sticky come for over five minutes, leaving Juvia a bloated, swollen, sperm filled mess. To his surprise as well as the camera crew, when he was finally finished it was Juvia who took the initiative. Slowly, almost mournfully like she was sorry to do it, Juvia backed up, causing Naruto’s cock to fall out of her gaping pussy with a lewd *schlorp* sound, her pussy lips struggling to close. Her body acting on some primal level and not wanting to spill a drop of Naruto’s potent, hyper-virile seed.

Juvia, not acting on thought but rather base primal lust, turned over, grabbing a pillow from the bed. She tucked it underneath her hips, to further proper her ass up as she wiggled it back at Naruto. In this laying prone position, Naruto clambered atop of her again, working his cock between her hot, sweaty thick asscheeks. His pre-come leaked between her ass cheeks as Naruto grabbed her by the waist, his thumbs lining up with the dimples on her back as Juvia cooed.

“Ooh, Naruto, you big fucking *stud*.”

Naruto pressed his cocktip against her asshole, feeling that tiny, puckered little rosebud doing what little it could to resist his massive size and girth. She whined, fingers scratching at the bedsheets, her mind fully submitting to her Naruto and his cock. Juvia practically willed her body to obey as well, getting a sick twisted pleasure from bucking her hips back and clapping her asscheeks for Naruto. She twerked her ass for him, grinding his huge dick between her fat booty, shaking it from side to side. Biting the bedsheets and with her face twisted into a grimace of slutty resolve, Juvia backed her ass up, working her now hugely enhanced asscheeks from the sensitive, drooling tip of Naruto’s dick back down to his base. She moaned as she felt his fat balls bounce off of her ass, and drool leaked from a corner of Juvia’s mouth in anticipation.

“Please, Naruto, please fuck my ass! I’ve never done it up the ass before, and I don’t even know if I can take a cock as big as yours...”

Naruto slowly ground his dicktip, larger than a man’s closed fist, against Juvia’s tight ring of muscle, her body slowly but surely giving in. She moaned even at this slight intrusion, sweat trickling down her porcelain skin, grinding her thighs together in desperate, needy anticipation.

“But I don’t care!” Juvia said, her voice high pitched and maddened.

“Just hold me down and-mmmph! Mfphff!”

Juvia was suddenly screaming into the sheets as Naruto grabbed the back of her head, forcing her head down against the pillows. His cock suddenly *punched* into her ass, forcing over nine inches of bicep thick dick deep into her guts, causing Juvia’s stomach, which was already full and sloshing from the amount of jizz he’d blasted into her pussy, to bulge out once more.

“Oh, you’re gonna take it, alright.” Naruto said, whispering in her ear but still making sure his voice was loud enough for the cameras to pick up.

“I just hope you don’t *completely* lose your mind.” He teased, before his hips picked up the pace, going into a blur. An orange haze of chakra energy surrounded Naruto, and his thrusts grew ever faster and deeper. Juvia groaned and moaned under the anal barrage, coming like crazy as Naruto’s balls smacked off of her fat, wobbling shelf of ass. Entering Six Paths Sage Mode, Naruto concentrated his strength speed and all the lust boiling in his balls in his thrusts, fucking Juvia in a frenzy as she screamed and climaxed underneath him again and again.

WHAM! WHAM! WHAMWHAMWHAM

Knowing what a slut Juvia was for spanking, Naruto began spanking her ass as he fucked her, painting her asscheeks red as his hips slammed into her. The pair moved across the bed, with Naruto’s thrusts actually shoving Juvia forward a few inches at a time. Eventually her face was pinned against the headboard, neck straining. Naruto grabbed Juvia’s slender arms, tugging back on them as he thrust into her, his teeth grit in lustful determination. Even with her mind blasted, unable to think about anything but Naruto’s cock and how it was driving her over the edge again and again, Juvia did her best to please him with her body. She threw that fat ass back to meet his hips, her booty moving in waves of almost hypnotic pale assmeat as Naruto demolished her asshole, is dick driving deep into her guts as Juvia screamed her head off.

The camera made sure to zoom in as Naruto grabbed Juvia by the neck, hoking his elbow around her swanlike throat as he fucked her ass.

“H-harder!” She croaked, hands openly squeezing her fat tits, her delicate fingers and palms now looking almost comically small compared to how enormous her jugs had become.

With a series of loud splintering sounds, the bed broke beneath the pair, though Naruto didn't miss a beat. Juvia was shaking underneath him, her body nearly reaching its limit even as she screamed out in ecstasy. She was nothing more than a stacked, fat-titted, huge assed three hole fucking bimbo whore, and Juvia had never been happier. Because she belonged to Naruto, her soul mate, her future husband, the man who had fucked half a dozen kids into her cunt and was now burying his dick balls deep in her ass nearly five times every second, over and over again.

“I'm kuh-coming!” She screamed, her face looking nearly brain dead as she squirted again, her asshole squeezing tight as her body came from her pussy and ass at the same time. Her body squeezing Naruto, writhing against him, telling him to use her however he wanted, drove him over the edge.

Hilting himself, Naruto came deep inside Juvia's ass, forcing her stomach to swell up even larger. There was a warbling sound as her stomach seemed to grow as large as it could, making her look like she was going to burst at any moment. Even with jizz blasting out of her overstuffed ass, it was clear there was simply no more space in her body. With a nasty, glottal series of cries, Juvia's mouth opened wide, and jizz began to spew from her mouth, the thick, almost lumpy stuff splashing onto the bedspread as Naruto rutted into her again and again.

Juvia passed out, but she vowed then and there that she would make Naruto her husband, some day. She would practice her body until she could fuck him even longer, until he was fully satisfied.

Some time later, Naruto was seated in a chair, with one camera rolling on its own, the operator having decided to take a long lunch. Juvia squatted above him lewdly, her face wearing a slutty, overjoyed expression. Hands on the armrests of the chair, Juvia brought her ass down, pussy spread wide around Naruto's cock as she rode him in a frantic, energetic reverse cowgirl fuck.

“Oh god, Naruto, I promise I'll love your cock forever! I do anything you want, I'll suck your cock every day and swallow your jizz until your balls are drained. I just want you to fuck me every day, to hold me tight as you pound another dirty bastard baby into my slutty pussy!”

Juvia's lust maddened expression made it clear that she'd been fucking Naruto like this for some time, her eyes red and tears of lustful joy streaming down her face. In a sick twisted way, these were like the lewdest version of the wedding

vows that Juvia would now never say to Gray, instead reserved for Naruto Uzumaki and his huge bitch breaker of a dick.

Smack! Smack! Smack!

Naruto spanked her fat ass as it bounced and clapped in his lap, making Juvia's eyes cross as she came again, loving the way his strong, firm hands beat her dirty little ass. Her pussy squeezed him as she dropped low again and again, coming her brains out as he beat her ass. Her cries rang out in the studio as Naruto complimented on taking his cock like a "good little whore", making Juvia coo and rock against him like a satisfied, adoring pet.

"I love you 💕Naruto-ooooh!💕"

The End...
