Maryland Sickle Cell Disease Association (MSCDA)

Maryland Sickle Cell Disease Association (MSCDA) Is looking for a student or two to assist with the Advocacy Day in Annapolis on March 8th. This is a virtual event and what they are asking the students to do is to coordinate all the appointments of the legislators for the individual participants and group the participants according to their legislators. They will have talking points, agenda and some other pertinent materials for the meeting.

In addition to this we are looking for a Social media student to post information and any activities MSCDA is involved in. They would like these items to be posted on their Facebook, Instagram & Twitter page and if possible add it to their website.

If you are interested, please send an email to state your interests and qualifications to Dr. Valerie Odero-Marah at valerie.odero-marah@morgan.edu. A copy of your resume is preferred. The deadline is Friday, 1/21/2022, 5pm (EST)
