

Session 16
March 1st, 2022

Retcon: the time's will be changed, the events of last session since morning shouldn't have taken that long, therefore it is currently 8:30 AM

Sorennar asks where we should head to, Hugh suggests selling the items and loot we got from the cave, health potions and stuff. We learn Sildar left everything at Barthen's, including the deliveries we need to make. Sildar is saddened he forgot this, the other items in the cart that we need to turn in

-Sorennar is avoiding eye contact with Sildar and Lera-
-The most well kept buildings are townmaster hall and another one, the rest aren't the best-

Sorennar suggests stopping by townmaster hall, Sildar doesn't think it would be best bc we did break into his house, and Sorennar says that maybe we can have him room with the RBs in the jail :) YES PLEASE

Sildar STILL says no :(god damn it

Sorennar asks what we think of the hole the parents went to, Hugh suggests its an entrance to where the manor is, which the party agrees with. HUGH SMARTEST CONFIRMED

Getting closer, we see that one of the nice building says 'Lioncoster', and we do see Garaele at the shrine of luck

New map!! Yey~ thank you!

Going inside, Hugh asks 'Sis Garaele', as her 'brother', to heal Sorennar. She says sure, but isn't happy about Hugh calling him her brother.

Sorennar shuffles in avoiding eye contact, and Hugh lets him know that it's not the bite, its broken finger

Garaele.exe has stopped working

Sorennar tells her Lera fixed it, but he broke his finger in the last 30 mins, making her more bewildered

Sorennar asks Garaele if she has divination to check if there is smth in Colt and Soren or around them, making them do things. She says thats something she can do in the morning, but not right now (she didn't prepare for it)

Garaele grabs Sorennar's finger and touches her holy symbol (a coin with a lady's face, surrounded by shamrocks, 4 clovers, she has it as a bracelet with the coin), and heals Sorennar's finger, healing 8 total, SORENNAR FULL HEALTH yey!

Garaele asks for clarification of Sorennar's earlier request, and he recounts what happened vaguely, and Colt lets her know that Sorennar was affected more. Garaele says it sounds like the book definition of possession, and she lets him know to come in the morning where she can check further

She asks what happened before, if they remember. Colt and Soren says they were just talking to carp, and then Sorennar woke up screaming. Sorennar broke his finger to get it out of him, and Colt says he didn't have the same reaction as Sorennar. They let her know that not only did we have glowing eyes, but black ink oozing from the eyes, etching into the skin. Garaele begins writing this, and asks if it's magical, and Hugh says that there was no magic, he doesn't know he can do that but he was angry and mist leaked out of him again, much to Garaele's shock and horror 'oh god what is wrong with you?? ALL of you?!'
;-; we babie

She can't do anything right now, but we can tomorrow morning stop by again. She says we can speak more about this over dinner, along with everything else. Sorennar apologizes for mentioning her in the BS convo as he was JUST A BIT panicked, she says she understands and would LOVE if this person came after her LAJBFLABFKAJEBFKBAEBKJF SISTER GARAELEEE YEEEASSSS LETS GOOOOOOOOOOOO!
-Sorennar laughs nervously-

Garaele says she'd appreciate if it doesn't happen again though. Garaele asks if there's anything else, and Lera pipes up asking about the spell scroll with necromancy magic, if she can read it or if anyone else can that she knows

Garaele says she can't read it, she can't help us there, and that she doesn't think anyone in this town will be able to, we can always check with Liny, but might not be the type to do so, as she never casted magic, and she doesn't think anyone in town will be able to as she doesn't know everyone too well

Lera whispers quietly to Colt about maybe telling Garaele of his ghost voices and what happened this morning, he's unsure if he should, and Sorennar says that we do have dinner with her tonight so we can do it then. Colt says that maybe we can talk about this later when we have dinner with her. Hugh says we can eat the fish for dinner, which Garaele is happy that she won't have to cook. Hugh says he is waiting in the cart, Garaele is shocked and inquired when he got the fish. She is also surprised that it's only been there in one day

Sildar grumbles that she is a lot nicer than she is used to be, I guess she is nicer than she used to be

AF;ANFANELBAEGLJLJBAG,JSGV

Sorennar tells Garaele to regale them with Sildar childhood stories, MUCH to Sildar's horror and Garaele's happiness :) but that our information comes first

Walking away, Hugh says he will be made judge, Garaele is like WHAT THE FUCK SILDAR???! Sildar shrugs sheepishly, he doesn't know what happened.

Sildar, as we are walking away, says that there's no need to tell Garaele, he can tell things better than Garaele who will likely lie. Sorennar says its best to get different perspectives for stories, sildar says 1st person POV is best, Colt and Sorennar disagree and tease him with it Ohohohohohoooo~ we ALL know what gonna happen

We head to Barthens Provisions

-Many supplies BUT NO FUCKIN BOOKS, and an old man doozing off-

Sorennar greets Barthen, asks about the cart that was delivered from Sildar, as it had pets and other goods they need. Barthen is asking why we left our pets in the cart, and Hugh says its bc its our dinner

Wtf

Sorennar heads to the instruments table, Hugh asks about the furs and pelts he has, wolfs, deer, bear, fox, etc

Hugh asks how much bear pelt is, 3 gold, and something with a string that is durable. Barthens says 2 copper for okay stuff, Hugh asks for something that won't break, and Barthen says only rope and silk, for silk its 2 silver. Hugh says he'll take them both

Hugh asks about blue prints for buildings, barthens says only for designs.

Sorennar asks if he can touch the instruments, and Barthens says if he breaks it he buys it. Sorennar touches them all over (bet Sildar wishes that was him). They're well made instruments, there are fancy drums with gold decorations, the rest of them are nicely wood made. Sorennar touches them all over sadly, and tells Hugh that their money can be used for better things in battle. Colt and Hugh say that he uses instruments for battle, so wouldn't a new one be better or maybe stronger? Sorennar says his is already good, but if it helps the team then maybe.... Colt and Hugh encourage this, and Hugh asks for the price. 70 gold pieces

-Lera insight checks this, Barthen actually believes it is worth 70 gold pieces-
Sorennar deflates because even if he bargained, what can he lower it to? 50?

Hugh looks at the drums more closely, there are 6-8 circle accents with purple gems, it looks like real gold. Hugh asks for 60 gold for it, and Sorennar says he'll be using them for battles around the area and will be coming around for some time. Hugh rolls 16 on persuasion

Colt asks him if he makes Jackets, and Barthen is like nope they're too much work, but can be commissioned, he CAN make jackets (Colt: so why did you lie?? Barthen: are u calling me a liar) oh my goood

Barthen says he can make a coat for him, and that he has a professional carved out wolf pelt, he is FIBBING, which Barthen believes mostly (Colt: oh thank you). Barthen is asking what he means, and Colt says he pelted it himself, barthen ask if he was a master at it, and Colt said he wanted to see how good it is. Barthen tell him that if he has more, he will buy it from him, and the one he has is worth 8 silver. Colt looks at Hugh

Colt: wait how far is your home? You said you have a wolf problem?

Hugh: 2 weeks maybe?

Colt: Oh. Thats a bit far

Barthen says it'll be 4 silver since he is providing the pelt, and Colt asks him to make it fancy. Barthen take his measurements while Colt T-poses

Barthen also says that he will sell the drums for 60, Sorennar is now against it bc money is better spent on other things, Hugh says he'll pay for it, Sorennar says he needs it for his brain, and Hugh says not anymore bc he can just deal with things that don't exist in town in return for Garaele healing. Hugh says it'll be thanks for what he did for the party and Sildar

Colt puts 64 silver and 154 copper, says that oooh bag is lighter now! (almost 8 gold)
COLT IS HELPING PAY FOR THE DRUMS TOO!!!!!!!!!!!!!! IM GONNA CRYYY

Sildar walks up, and slides 12 gold onto the counter, and says smth similar to Colt, that it does feel lighter now. AFAFBALBFALBSLG

Colt: yeah I don't want long run back problems, I still have a lot of adventuring to do

Sildar agrees, that taking care of the back is super important

Hugh hands the drums to Sorennar :) he cries

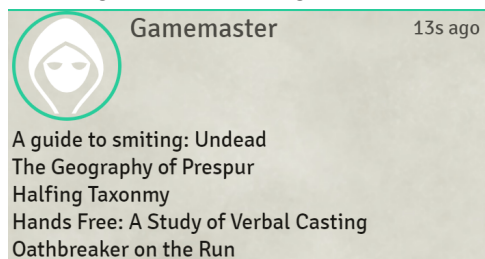

Barthens says he has walking sticks for Colt and Sildar, since they have back pain, for 5 silver
Colt is a little excited about this if they are canes and have a sword in them. Barthen says he can talk to the blacksmith and see if smth can be made, Colt says he'll sleep on it and see. The jacket will take a week, or 7 days, for it to be completed

Barthens tells us to go to the door closest to stonehill, in the south and asks if we know where it is. Hugh says yes and points north, Barthen says no its in the south, and asks if he wants a compass for 1 gold, Hugh says he does not have that much, and Barthens call him out on his lie
Hugh: thank you for your business, bye

Everyone leaves

Lera asks for rations and cooking utensils, as well as any potions or books
No health potions, and there are books

Lera asks for 12 rations, it'll be 6 gold
Cooking utensil set, 1 gold

Oathbreaker on the run: self written autobiography about nibbin, a former paladin on the run after doing some bad things- 1 gold

A guide to smiting: undead - 4 gold
Hands free: study of verbal casting- 1 gold

13 gold total for all of these

We go to the back for the cart and Rothe

Truffles and Dinner are fine :) Hugh pets Truffles on the shell, and thanks Barthens for looking after them, who didn't even know they existed

Barthens asks about the gundren brothers and when they will come back since they need the supplies, party deflects. He says that they would have been back for a few days to restock, and that he's concerned because they're a good group of brothers.

We try and pick up the crates, 4 large boxes (40 pounds), 2 small boxes (10 pounds)

Sorennar tries to pick a large one but fails, Sildar offers to take the big one and he can carry the small one. Then changes his mind (?) and says 'we can both carry it'

Lera takes the last box, but she weighs so much fuckin shit with all the things, so she asks Colt if she can put the rations in the bag of holding because they weigh a fuckton, and A WHO;E BUNCH OF OTHER SHIT AOFBEADKEFBSKFB

She avoids eye contact with Sorennar when she takes out the iron pot :))

Sildar tries his best to make Sorennar think he is contributing to the weight shift

Colt takes the last box, and Lera goes to grab the HEAVY ASS FUCK pets in heavy gallons of water, she picks up truffles instead because everything weighs fuckin 80 pounds

Sildar thanks Barthen, and tells him he'll be back for more things. Everyone thanks Barthen

Colt: Thanks Martin! :)

Martin: Did you just call me martin? I'm BARTHEN!

Colt: you're hearing things :)

Lera says she can run and give Truffles to pip, but Sildar volunteers to go and do it bc he needs to put on his armor anyway

We go inside, and Sorennar lets her know that we found some of their crates at a goblin cave after we cleared them out, they have the lion coster symbol and wondering if they're missing. She says yes they're missing a shipment, and that this would help a lot. She checks them to make sure they're not fake by checking with crowbars, there's various weapons and adventuring tools

Soren lets her know that they did not see any person, but there were unidentified bones in the cave. She introduces herself as Linene Graywind, and asks us for our names, everyone introduces themselves, and she invites us inside

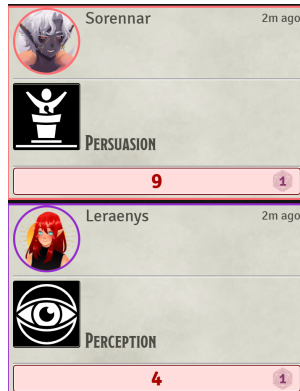

She asks for our group name, 'fabulous five'

She says as thanks, she can give us 50 gold

Sorennar leans in tells her that along the way, the party was considering opening the crates and selling them, but he had promised them that they will be paid more

Lera rolls perception, gets a fuckin NAT 1, doesn't hear anything

Sorennar rolls a fuckin NAT 1 on persuasion

Linene increases it to 100 gold

She doesn't hold magical items in the store but can have them arranged to be delivered, but they do have potions

Hugh asks if she knows what the golden flail can do, and she can't figure it out or identify it

Lera let shim know that she can use detect magic to sense what school of magic it is, and Hugh says he already did his mist thing and doesn't know what kind of magic it is, so lera wouldn't be able to

Sorennar asks Hugh if he can take a look at the flail, and asks Linene about potions. Currently, they have 10 health potions, 50 gold for each health potion, and if buying in bulk

Hugh asked for one, Sildar too, and Sorennar asks for an additional 2

Sorennar rolls high on persuasion, and she will give 5 for 200 gold, 4 for 160 gold

We agree on the 100, so it'll be 20 per person to pay, Lera pays her part, Soren pays the 80 for the rest of the group

Hugh is upset he didn't pay his gold he had ready, Lera tells him he can just send the 20 gp right now, but Sorennar refutes and says they (Col, Hugh, and Sildar) paid for the drum

We all take one of the potions. Sorennar tries to identify the 2 red potions he found at willow inn, getting an 18 investigation, and knows they're health potions

Lera asks Linene if she has 3 crossbow arrows, she says she can give 20 crossbow arrows for 1 gold, and a case as well for 1 gold. Lera buys 2 crossbow bolt arrows (40), she also gave her a free 3 more, and 1 case

Linene tries to convince Lera that she can buy a new crossbow, but after inspecting it it's pretty much normal, and Lera lets her know not now, she's attached to hers, and Linene kindly advises that hers can break :)) Lera asks about daggers, and they cost 2 gold, so Lera calls a raincheck on it. Linene is disappointed that she didn't get Lera to buy a crossbow bolt, Lera promises that if she changes her mind or needs it, she'll come back to Linene for it

Outside, Hugh talks to Sorennar about making him a cloak, Soren says he's only mended clothes before, and he can ask Barthens for it. Hugh says hes already bought a pelt, and a silk cord, and if Sorennar can fashion it so he can wear it. Sorennar says he can try, if Sildar lets him have both hands

Sorennar puts the bear head on Hugh to see if he can do it, but changes his mind because we are on a time crunch and he needs a table to do a better job

Lera coming out, Sorennar asks her if she found things, she answers 'Yeah, I did'.
Sorennar: good to hear

We decide to head to the inn to reunite with Sildar

Sildar is wearing his chain mail, sitting next to Pip who's talking while Sildar is looking confused and frustrated, doesn't know what to do without upsetting the Child

The turtle is in its shell, and Gravy is enjoying the attention

Seeing us walk in, Sildar gives a sigh of relief. Sorennar tells him that he has potions and the ones from willow inn identified. He puts one health potion for Sildar and the other from willow inn, makes him quicker on his feet (increases speed). Sildar says that if it increases speed and increases dex, then Colt should have it. Sildar says he'll hold on to it when Sorennar and Colt protest against it. Sorennar also gives the yellow potion to Sildar, who thinks Soren can keep it, but Soren says 'you and I both know thats not true', who sighs in defeat

Sildar asks what we got from Lioncosters, and Sorennar summarizes for him. He also tells him that magic items are to be shipped from Yartar, 10 days away, and Sildar corrects him and says its 5 days and its where he grew up!!! (omg??? So NOT neverwinter)

Sorennar says we have to rescue kids from mysterious caves, causing alarm in Pip thinking carp was kidnapped. Soren says he wasn't, and to remember his promise.

Lera goes to Colt and takes the 10 rations from the BoH, and gives it to Sildar, who asks if that's why she bought them. Sildar says that he'll pay her and Sorennar back, and Lera says no, there is no need for repayment and reminds everyone that we should go to the forest

We bid farewell to Pip, and he promises to take good care of The Gravy and Truffles

Hugh says he knew a halfling once, who's pretty lucky (!)
[God of luck is believed to be a halfling]

Sorennar tries to come up with a plan as we leave, he was going to be bossy but then rmbred, and deflates, saying he'll defer to the group. Hugh and Colt ask him what plan he came up, noticing this, and Sorennar says that if he may, the only identifying thing of the red brands is the red cloak, and that we have 4. Hugh says he can pretend to be prisoner, and Sorennar says he will pretend to be prisoner because it's not too far from the truth. Sildar says he can be the prisoner, Hugh indignantly says that he already has his shirt off, much to Sildar's shock

Sorennar says he doesn't think the RB would miss a drow amongst their midst, Sildar says we're an odd group.

Sildar reminds the group that we also need to take care of the sleeping giants RB, and party agrees but after rescuing the child and parents, Hugh also inputs we have to take care of the RB on the trees

Sorennar says that if he is faced with a stupid foe, if the hard hitters can surround it, he might be able to do something about it. Colt asks if he'll do something with the drums, and Sorennar says he might be able to do something

We approach the spider woods, and Sorennar pauses/hesitates outside
Sorennar: perhaps we skirt the edges here a bit

Hugh suggests going up to the cliffs and sneak around them, Colt suggests we fuck up the BS if we see him, and Hugh + Sorennar chastise him for it bc we can die if we run into him
Sildar helpfully inputs that if it was a cave, it'll be near the cliffs

Everyone rolls steal, LERA GETS NAT 1 AFBKFBKFB
We all have sucky stealth lmao, AND A NAT 1 PERCEPTION

SILDAR ROLLS NAT 1 TOO WHAT'S HAPPENING

Sildar and Lera CLANKING in those armors ;-;

As we pass through the woods, we don't notice anything, it's far from where Soren met the spider. Sorennar is terrified, and Hugh asks if he wants to hold hands, which he accepts

Going in, we go to a smaller opening into the cave, which is dark

We put on our red cloaks, Hugh is the prisoner

Hugh goes first, Sorennar asks about rope, and Hugh suggests being tied with the rope and Sildar can hold the rope to be led
Sorennar is sad lmao

Sorennar plan: new recruits, dwarf is bad mouthing organization, and we brought him here to teach him a lesson. We can say that Hugh has information on adventurers that want to acost the town
Colt says so he won't talk, got it AJKFBKFBAEFBAFKBAEKFB

Lera stops them to talk about a worry, that the RB might already have their descriptions written and they might know how they look like, so she's worried about it. The party say there is no other option, and Sorennar says the only other thing is to walk in weapons blazing or do this, but says to Lera that its something to keep in mind in case they're overtly nice, and tells her good plan though. Lera feels patronized from what Sorennar said, even though he said it as a compliment ;-;

Order of operation: Hugh-Soren-Sildar-Colt-Lera

It is 9:08 PM

-Cave is dark with some torches along the way that haven't been lit. There is a steady breeze coming from behind us, as though it is flowing into the cave. We see some light in the distance as we walk -

We all get our weapons out and shields ready, and reroll stealth

Sorennar says to Sildar to grab onto his cloak and he can hold the rope on Hugh (?), Sildar agrees

To the left, we hear goblinoid noise, and a gruff voice saying 'sit on the ground, lick my feet', we ALL hear this faint sound. Sorennar asks if we want to involve in whatever this is, and Colt asks isn't that WHY we're here? AFKUABFABKF

Sorennar: to the left then, PRISONER

Hugh: u don't have to be so mean! ;-;

As Sorennar says this, he has to make a deception check, rolling high. Hugh also tries to make himself look weak and scared. Sorennar can sense someone trying to see into his mind, but he manages to fight it off. Looking around, he spots large green monstrous eyes looking at us from behind the pillar

Leaping cutie creature

Sorennar: hello, we see you

Sildar failed the save, flinching a bit, and this thing is just staring at us

Sorennar: Mr. Nothic, we come in peace

Creature: I haven't seen you before, we haven't seen you before

Sorennar: That's bc we're new here! New... recruits... are you familiar with the red brands?

Creature: I... can't see into you

Sorennar: no need to, happy to tell you anything you want to know

-Sorennar whispers: thats a nothic, from yknow where all the horrible things come from, my home, bad things happen when it sees you, your flesh starts falling off, and its good at reading people, sildar you said it got through to you? Let's hope we don't have to fight it, because it now knows things about you-

Sorennar: do you know about the red brands, Mr. Nothic

Nothic: I haven't been told of you coming

Sorennar: by the RB?

Nothic: by master Glasstaff

Sorennar: you know he's a busy man with all the things he has to do -waves clock- we are the proud new recruits of glasstaff, and we came here with a proud offering for Mr. Glasstaff

-Sorennar rolls his special deception-

Nothic: Master glasstaff doesn't just let anyone in here, but if you are here, we shall let you go

Sorennar: Thank you, do let us know if there is anything I can do for you

-Sorennar keeps eye contact with Nothic, and tries to herd us on lol-

Sorennar: so long have you known Mr. Glasstaff?

Nothic: I have, we have been here for a while, and he came and gives us gifts

Sorennar: oh? What sorts of gifts?

Nothic: He gives us food

-there are animal bones near him, and dead flowers spread around-

Sorennar: Yes so generous isn't he? Well after we are done with the report, I will be sure to give you some food as well, if you accept it

Nothic: give us food? You would give me food?

Sorennar; what do you like to eat? What's your favorite food?

-Faint happy Nothic noises-

Nothic: meat! Where the blood oozes and it can run down my mouth!#

Sorennar: meat that oozes, got it! We will be back shortly with lots of oozy meat

-Nothic approaches closer-

Sorennar: wouldn't that be nice

Nothic: you will be back with my food? :£

Sorennar: ofc, after we settle the master with Mr Glasstaff

Nthoic: what food?

Sorennar: meat that oozes

-Nothic happiness noises-

-Lera gets Nat 20 on deception check against Nothic-

As we move along, we hear some gruff noises, the same as before, its saying 'I hope you enjoy the floor, and I hope you enjoy my feet more. Roll around a little more while you're at it'

-Head snap to the demeaning captive location-

Sorennar: well that sounds unpleasant, shall we back up a bit in there perhaps so I can talk in the prisoners nest? Sounds like we found our people, let's enter

Sorennar knocks on the door, planning to see if he can convince them to let the prisoners go

RB: AND WHO THE HELL IS THIS?!??!

-door flies open-

-In the room, Sorennar sees a goblin on the ground looking at us, is terrified and in tears, in just an emotionally horrible state. They're a slave-

-There's beds and bunk beds, destroyed furniture and things in piles-

Sorennar:... Hello. New recruits, we may have taken a wrong turn somewhere, whats going on here?

RB: I don't give a FUCK who you are or what you're doing, FUCK OFF so I can have fun with this thing

Sorennar: thing?

RB: this trash, garbage, some even say they're related to us

(RB looks like a bug bear)

RB: Now if you can FUCKIN leave -he steps forward threateningly-

(lera is seeing red at this point, angry)

-Goblin is staring at Sorennar with full fear and pleading eyes, its terrified of bugbear and sorennar, but hoping you can get it out of the situation. As their eyes meet, Soren's eyes glaze over and change to the white low glow as the ink starts dripping down his face-

-Sorennar takes out rapier and stabs a bitch-
-16 barely hits (!), and Soren deals 5 damage-

Bugbear looks at soren confused, seeing it stabbed, looks back up and lets out a murderous smile

-Combat begins! Everyone rolls initiative-

Sildar Hallwinter	19
Sorennar	19
Hugh	10
Colt	5
Leraenys	2

-Sildar's turn-

Sildar: This is NOT the best spot for you, let me in so I can fight

Sorennar: this is my redemption, Sildar

(he is an unwilling creature)

-He will attempt to shove the bugbear back after being unable to for Soren, NAT 20 AYYYYY
WAY TO GO sILDAR!!!-

-Sorennar's turn-

He stabs the bugbear, dealing 8 damage with his rapier!

-Bug bear turn-

Looks at Sorennar, and attempts to attack, as it's about to strike, Sildar attempts to lessen the hit, he's extremely panicked (interception). The attack that would have done 14, only does 6
The bug bear on the bed will swipe down at Sorennar with disadvantage, hitting Sorennar and does 8 damage

-Nothics turn-

-Nothic from behind will start scuttling, shouting to Lera-

Nothic: Why are you attacking them? I can help for food

Lera: yeah! Deal!

ALINASLHNGSBGKSRW DOBBYYYY YESS PLEASEEE

-Hugh's turn-

H: gtfo sorennar what are u DOING! Ur about to DIE!

Sorennar: I NOTICED!

-Hugh takes out the new flail and attacks the bug bear that was attacked before-

However, a 15 misses :(he gets closer to provoke opportunity attacks, and both will. First one misses, second one also misses

-Another bug bears turn-

He goes wide eyed in complete fear, and passes out

?!?!?!?!?

-Colt's turn-

Colt; you said you wanted to get in to talk!

He's surprised about Sorennar's actions and getting badly hurt

He hits a bugbear but misses at 14 attack

Does a secondary attack but rolls a nat 1!

Rolls a d8 for direction, and gets a 3, lands on the goblin, not hurting him tho
Colt: Oh fuck! It's one of those days!

-Bug bears turn-

Attacks nearest, which is Hugh, and a 13 misses.

-Lera's turn-

Uses cure wounds on Sorennar, heals 12 total for him

-Sildar's turn-

Does a 2 handed long sword attack

Does 10 damage to the bugbear! It's almost dead at this point

His second attack does not hit, and he is ready to block another attack if it comes to soren

-Sorennars turn-

Sorennar is disoriented and confused, so he play the drums right now

He backs away out, and plays music, giving bardic inspiration to Hugh, then vicious mockery to the most fucked up looking bug bear

'Is that as hard as you can hit?', dealing 4 damage and finishing off the bug bear! It falls to the ground dead

-Bugbears turn-

Steps down and attacks Lera, it WOULD have hit at 16, but Sorennar uses Silvery Barbs, with butterflies getting out of the cloak and engulfing the bugbear, and gives advantage for Colt

-Nothic turn-

Tries to get sight on Soren, unable to see through, turns to Lera

Nothic: where is our food?

Lera: there! -pointing at Bugbear-

Sorennar: I already got you a piece of meat inside (? check recording for exact words, almost 6 hours into recording)

-Hugh's turn-

Hugh: You three get that one, I'll get this one

Then attacks with flail + bardic inspiration, dealing 11 damage

The Bugbear staggers but gets back up to fight

-Passed out bug bear turn-

Nothing happened bc passed out

-Colt's turn-

Colt tries to attack with bardic inspiration/advantage, but fails :(

Does NOT have his second sword rn ;-;

So he picks it up, and attacks, dealing 3 damage and sneak attacks with 11

Bugbear takes a LOT of damage, it is very hurt

Colt: Finally hit one!

-Bug bears turn-

Having Colt do more dmg to it than Hugh, it turns to Colt and swings, misses at a 7 lmao yeeee get fucked bitch

-Lera's turn-

Tries to toll the dead, but HE GOT NAT 20 AYYY WISDOM SAVE!

-Sildar's turn-

Sorennar: perhaps we can keep one for questioning

-Sildar nods his head and attacks-

He deals 11 damage, then does non lethal attack on the second one, 9 more damage, the bug bear is fucked up

-Sorennar-

Vicious mockery: Yes leave that one alive, so it can take a taste of its own medicine

Bugbear takes 1 dmg

-Bugbears turn-

Badly injured, it will attack Sildar who last hurt it

HOWEVER thanks to Sorennar's vicious mockery, it STOPPED from critically hitting Sildar!!!
AAYYYYYYYYYYYYYYYYYYYY GO SORENNARR! HERO! MY GODDAMN HERO! FUCK
YEAHHH! STUFF OF LEGENDS!
Damage prevented: 16!!!

-Nothics turn-

He keeps his eyes trained on Lera
Nothic sweetie ily too!

-Hugh's turn-

He smacks it with his flail, but NAT 1!
The fishing pole comes out of his backpack ;-;

-Colts turn-

He goes for the bugbear again, GETS A NAT 20 AAAAAAAAAAYYYYYYYYYYYY

Then does double sneak attack, a TOTAL OF 30 DAMAGE! NEW HIGH SCORE!!

Bug bear fuckin dies

He attacks the other one non-lethally, dealing 1 damage, but failed

-Lera's turn-

Tries to deal nonlethally, but fails lmao

-Sildar's turn-

Sorennar: Sildar, gently now

Sildar attacks nonlethally, hitting 4 damage, and the bug bear is BARELY able to hold on THEN GETS NAT 20 AYYYYY NONLETHAL!

He deals 8 damage, which knocks out the bug bear! Ayyy!

-Combat ends-

Nothic is just prancing back and forth waiting, DOBBY MY BELOVEEDDD

Sorennar asks Sildar to toss the bug bear away, he drags it over to the others

Sorennar asks Nothic if he likes bugbears, and the Nothic jitters happily! Sorennar tells Sildar to go back in the room, who refuses bc he doesn't want Sorennar to face Nothic alone. Sorennar tells him he can mentally fend it off, but he can't, and Sildar says that if it hits him, it at least won't hit Sorennar, and that Sorennar already took 2 hits

Sorennar thinks nothics are batshit insane, and quickly offers the bugbear to Nothic, 'fresh meat' to all of them

Nothic, shakily: food...? ;-; you have been so nice to us, and given us so much food!

Sorennar: theres more to where it came from

Nothic: are you food?

Sorennar: no

Nothic: you look so good though, I haven't tasted one of you before

Sorennar: have you seen one of me before?

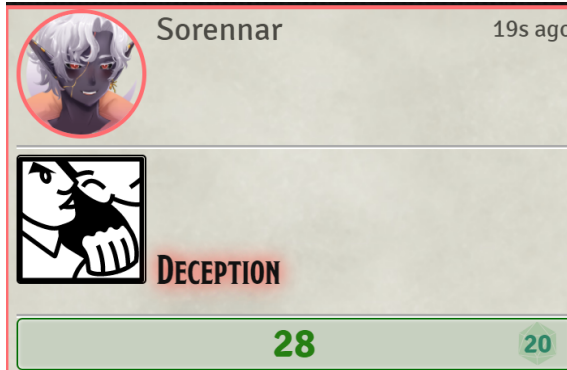

Nothic: no

Sorennar: But I'm not food.

Nothic: You look so good tho, I can imagine the blood coming out of you

Sorennar: drow don't have blood inside, we have sand inside instead

-Sorennar does deception check, GETTING A NAT 20 ON DECEPTION AYYYY!!

Nothic: Like... dirt?

Sorennar: mmmm, just like dirt. Its a curse really, all of my friends have it, but not this bug bear so enjoy it

Nothic: just a bite? Just one bite?

Sorennar: of the bug bear? ABSOLUTELY, have some

Nothic: of your friends. Just one, I've never had sand meat before though!

-Sorennar continues nudging at the bugbear, and it leaps at it, sinking its teeth-

-Nothic is jittering-

Sildar: what in the FUCK is that thing?

Sorennar: It's home :-> isn't it adorable?

Sildar -whispering-: it would be more adorable dead. Are you sure we can trust that?

Sorennar: no, not at all, its a mad creatures, horrible, just like most underdark creatures. You should denver trust a mad creature, but for now its not clawing our faces off

Sildar: lets get this thing over with so that thing doesn't turn against it

Sorennar: oh hey Sildar?

Sildar: yes?

Sorennar: I appreciate that you're still looking out for me

Sildar: ofc, why wouldn't I?

-Sorennar goes back in the room, rolls perception-

He sees that the nothic jerks its head to one side and scoots away from the other, Sorennar pushes Sildar in and closes the door

It is quiet around Sorennar

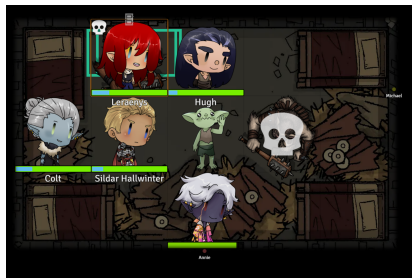

Sorennar asks Colt to lock the door bc we don't have any keys ;-;

Colt: you sure?

Sorennar keeps listening, after 20 secs he hears a yell of surprise and anger echoing
Sorennar warns us, and tells us to shove the bunk beds over the door, and we prepare

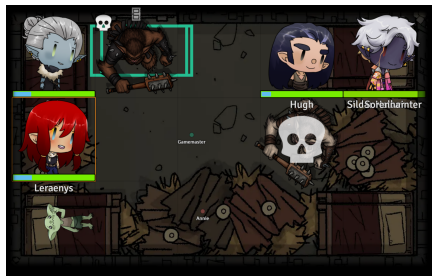

Goblin is fine, just bruised from being kicked ;-;

Lera tries to rouse it gently by shaking it, startled it looks over scared, going wide eyed then passes tf right out

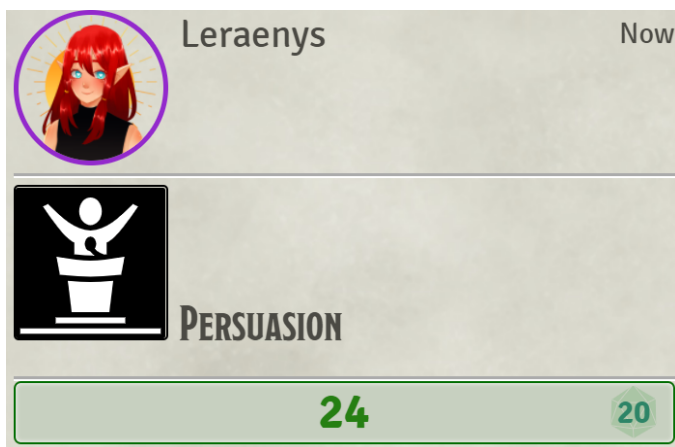

Sorennar suggests we don't all be surrounding him, and Hugh suggests we go to a corner and Lera

Droop

Mosk

NAT 20 AYYY I used 2 inspiration for this, worth it

King gro! he knows where he is
Knows of yeemik, joe, dorry, is, but family isn't with them

He is no longer as scard, but still a bit scared

Hugh whispers he's Hugh, Colt whispers his name, Sildar whispers his name, and Droop nods his head as people tell him this

Sorennar introduces himself, and asks if he can come closer. Tells Lera that he seems fond of her, and Lera deflects that its bc of them killing the bug bears, Sorennar says

He says they work for grol, he's their king. Sorennar asks if he's good to them, and he shakes his head fast. No bug bears are good to goblins

Lera asks if Droop is hungry, he says yes and asks for food, lera turns to Colt and asks for BoH rations, but Sorennar stops her and says that he deserves better, and gives him one of Tina's rations

He hesitantly takes it, then opens it and consumes it full, with tears in his eyes

Sorennar asks when the last time he was fed, and Droop says that they used to take the food away (?)

Sorennar asks about the one we left unconcious, and the worst thing he's done, and he says he takes his food, kicks him like 3 times when angry, then hit them when he wants to, they make him do whatever they enjoy, like before we came they made droop crawl and lick their feet, roll around, and bark

There is an ink tear going down in Soren's face, but no one notices it

Sorennar asks about the tied bug bear, Droop points out it is NOT tied, and Sorennar asks for someone to tie up the bug bear. Lera lets Colt know that her 50 rope is in BoH, and he can use it

As he begins, there is a knock on the door

RB: 'Hey, we like heard some things, your friend is not looking too good there, we wanna know what's going on?'

Sorennar rolls high on performance, so he'll do a great job

Sorennar: 'He pissed us off, so we fed him to the thing. Are you going to be next?'

RB: Listen man we don't want that to happen. Glasstaff he should know, he's not going to like hearing he lost one of the spiders forces (so that means he is concerned about BS forces)

Sorennar: Three...two....one...

-he runs away-

Sorennar assures Droop that he will not be hurt by them again, and asks if there is anything fun he wants to do to it. Droop backs away scared and shakes his head

Sorennar says he'll do it for him, and kicks him in the face three times, saying 'wake up' each time

BB: whaa? Why can't I move my arms

Sorennar kicks him again and makes him fall to the side, rolling

-BB he can't dodge so he gets rolled-

BB: what tf do you think you're doing?

S: oh dw we'll get to barking like a dog soon, but before that, you will tell us everything you know about glasstaff and this king grol

BB: and why would I do that...? -slight smile from the ground-

(since its dark, Sorennar would have casted dancing lights to light up the room)

S: bc if you don't, -takes out rapier-, I'll start cutting off fingers

Hugh: Sorennar -looks at him intently-

S: its your right hand that you were fighting with?

-Sildar about Sorennar's reaction: he is v concerned, hasn't moved to do anything, not sure if its an act or if you will do something, looking to jump if he'll do anything else-

-BB is scared of the threat, hesitant-

-Droop is less scared and fearful whenever Sorennar had kicked him/belittled the BB-

BB: what about them?

S: Good boy. How did you come to work for glasstaff?

BB: Grol sent us bc some spider told him he needs help

S: what spider? -sounding angry-

BB: idk?? Black? We were sent here to help, idk what you're looking for here

S: help w that?

BB: whatever he need help with

S: what has he been asking you to do? Besides kicking a goblin

BB: well there were adventurers that dont like us, we were ordered to kill them, orders from glasstaff

S: you did a pisspoor job of that

-BB got mad at that-

S: what do you know of the spider?

BB: that he works for grol

S: seen/heard/encountered him before?

BB: encountered? No. Grol talks about him, but that's about it

S: and how does grol talk about him

BB: talks about him helping take the area

S: him helping you?

BB: yES?

-S rolls insight, but rolls low. He thinks he is telling the truth- #

S: your king is delusional then. Where is he, where can we find your king grol, and have you heard word of a dwarf being brought to your castle?

BB: Where do you think kings live? In a castle, like you said -chuckles- dwarf though? No

S: I said WHERE is he

BB: at cragmaw castle?

S: do not make me ask again, I think you know full well what I'm asking

BB: It's hard to tell from where I'm at

-Another insight check, telling the truth-

S: you understand that you're in phandalin do u not? Where is the castle in reference to the town?

BB: it's in the woods

-Droop is eased seeing BB like this, feels more safe-

-Sorennar kicks the bug bear in the face again-

S: in WHICH direction??

BB -jarred, shaking its head thinking-: that way (nods his head to where Colt is-

S: so West?

-Sorennar gestures to the rest of the group-

S: Any other questions

-Lera and Sorennar Convo- TRANSCRIPT 7 hours 30ish minutes in

Lera tries to ask about Droop's parents, BB was about to say something mean to Droop, and Sorennar stood in front of Droop, blocking the BB view, causing the BB to stop what he was saying. BB says there are lots of goblin slaves, and Lera tries to find out what he's done to the goblins and where they are.

Basic summary, will add transcript later ;-;

Sorennar gets angry at Lera for asking these questions, and asks her if what happened to Droop is not enough. She says that's not what she's asking, she wants to know what other awful things he's done to think of the proper punishment, and Sorennar once again says that she's giving him a chance to defend himself. Lera disagrees, says that regardless she has Droop's testimony, and she only wants to know what other things/sins he's done to add to the punishment, and that the final end will be death regardless. Lera didn't see the first ink fall from his eye, but she does see the second one

She talks about how Sorennar's been acting a bit off, that it's the same black ink from when they were in carp's house, at the alderleaf farm, and grips his shoulders and gently shakes him, saying that whatever is in him is making him angry/possessed. She tries to get him to snap out of it but he continues the same way, trying to move away

Lera tries to hold Soren's hand, stopping him and pulling him away from the BB. She gently holds his hands and squeezes it, looking at Sorennar pleadingly, then looks for Sildar to ask him to hold his hand, Sorennar mid-way says 'I SAID BARK', but before she can ask, Sildar just hugs him

Sildar hugs Sorennar, which manages to calm Sorennar down, Lera lets go of them and steps back, and Sildar offers words of encouragement and sympathy that he understands the situation Sorennar is in, and to please not do it again, that he doesn't like seeing him like this. Sorennar melts in Sildar's arms, he looks exhausted

Hugh wants to know about how many RB are in the cave, where they stay, and in the castle

BB: I Can't count how many in the castle, maybe 10?

Sorennar asks what he knows about Glasstaff, and BB says he can squish him with one hand, but he can't (?)

Hugh asks Droop what gender he is, and Droop says 'he', so Sildar begins referring to Droop with the correct term

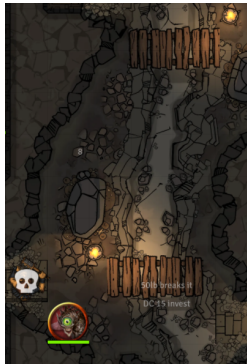

The current plan is to keep Droop in this room without the bodies and locking him in the room, but Droop refuses and says no, he's scared and wants to stay where they are, go with them. Soren asks him if he's ever been in a bed, and Droop asks if it's like hay? We learn Droop hasn't really slept on a good bed. Lera tries to reason with Droop that if he goes with them, it'll be dangerous. He promises he can fight, but she asks if he can run, which he affirms. She asks him that if worst comes to worst, he is to run outside the cave, heading west to the center of the town to Sister Garaele, who Lera knows is not racist in general (based on her reaction to Sorennar). Sorennar says we can just have him head there now instead, and suggests a secret thing that only we would know.. Lera suggests that Sildar share something that only he and Garaele would know, causing him to sigh deeply, as everyone looks eager for some juicy gossip. Finally, Lera asks about just the year the two of them met, this way there is no graphicness described and it will be easier for Droop

What he needs to say: Sildar, 1457 (29 years ago!), the fabulous Five sent you

Lera instructs him to stay close to the cliff side as he leaves, NOT cross the forest, and go along the road by the farm heading west to the center of the town, where there will be a shrine with rocks in a crescent shape with Sister Garaele there, a sun elf woman that looks similar to Lera, but with blonde hair. DROOP DOES SO WELL RECOUNTING EVERYTHING WHEN SORENNAR ASKS HIM TO REPEAT!!! BABY!! IM LOVE HIM!

Talking to droop, we also learn that humans are across the bridge, not the first one that's about to fall, its the second bridge, there are cells past the second bridge. If you go past, up, there is a wall door, if you go through the hall down, there are some there (the prisoners). He says there are mean skeletons attacking outside the prison room, they tried to attack Droop that he shouldn't be there

Sorennar gives Droop his hood cloak too, along with Sildar's jacket that fits him like a dress

-He's happy he got something! DOBBY 2!-

Droop asks if he can keep the clothing, Sildar and Sorennar agreeing, and Sorennar promising the excited Droop warm food. Droop asks if he can also have a bath, which Lera beams at and enthusiastically affirms too

Aaaaaaayyyyyyyyyyyyyyyyyyyyyy beach episode indoors part 2!

Sorennar investigates the room, and finds 33 silvers, and a bejeweled eyepatch, it s black leather with various semi precious stones. He announces that he will divide up the loot when we're back at the inn

Lera asks Sorennar if he still has some of Tina's rations, which he doesn't and says hes running low, so Lera takes BoH from Colt, takes out 3 rations, gives it back to Colt, and then hands 2 to Droop and 1 to Sorennar

As we open the door, the adjacent door opens, where the RB are drinking alcohol and the other playing knuckle bones

He stops drinking, looks at us 'who tf are yall?

Sorennar: we're the new recruits! We got a bit lost, this is not the mess hall, tho it is very messy and smells awful, where is it?

RB: where are the BB?

Sorennar: thE BUGBEARS?!?

-Insight from Sorennar: he does not believe they can leave the BB room alive when there were BB in there from the previous RB telling them-

RB starts slowly getting up

-Sorennar casts web, the drunk RB failed-

We hear shouting from the side loudly : WHAT THE FUCK IS THIS??!?

Combat will start next session

Session ends here

It is 9:30 AM!
