Abstract

This abstract must be written in a single paragraph and should not exceed 300 words. It must be typed in Times New Roman, 12-point font, and single-spaced with justified alignment. The content should briefly introduce the background and significance of the topic, clearly state the research problem or objective, describe the methodology or approach used, and summarize the main results or contributions. Avoid using references, footnotes, equations, figures, or unexplained abbreviations. The abstract should highlight the relevance of the work to one or more themes of the Congress -Materials, Energy, and Environment- and demonstrate its originality or potential impact. The text should be self-contained and suitable for publication in the conference abstract book.

Keywords: 3 to 5 relevant keywords separated by commas (example: *Materials, Energy, and Environment*).
