

St. John's Fall '25 Conversational Partner Groups

There is one objective of this document:

1. To meet a new friend and find a conversational partner

Conversational Partner Matches: (you can edit this document)

During the MMS course, we encourage you to find a conversation partner who is in your same class level. The objective of this document is to connect with a classmate and set up a time to practice during the week. It does not have to be long, nor complicated. It can even be a 30 min time for conversational practice.

Follow these steps to find a conversation partner:

1. Find your course level below
2. Add your name if it is not there already
3. Add your availability (the more open you are, the more likely you are to find a conversation partner match :).
4. Email un/a amigo/a nuevo/a from your level that matches your availability and set up a time to practice.
5. Determine which technology you want to use to converse: Phone, Zoom, Skype, WhatsApp, etc

Beginning MMS:

[illegible]

Intermediate MMS:

First name	Last name	Phone	Email	Conversational practice availability (include your time zone please)	Medical Specialty
Ari	Avina	213-859-4248	aavina@sjch.org	Weekdays: except Tuesday after 6pm. Weekends: vary, anytime	Community Health Worker
