

To the staff of the Western Carolinian,

My name is Shannon and I'm the Media and Marketing Director and Head Photographer at Camp Skylemar, a summer sports camp for boys in Naples, Maine. We are currently looking for video production staff and photographers for the duration of our camp this summer.

The jobs would be from June 13 to August 7, 2023. Duties for the video production staff include conceiving and shooting video content of the campers, staff and activities, as well as editing and merging photos, music and narration into production segments. Applicants would also be building those segments into a 90-minute end-of-camp presentation. Applicants must be proficient in Adobe Premiere Pro and After Effects, and must have completed upper-level or graduate coursework related to video production & editing.

Duties for the photographers would include taking, editing and tagging photos of the campers, staff, activities and facilities on a daily basis. Staff would also assist in social media, blog posts and photo organization. Staff should be proficient in Adobe programs such as Lightroom, Photoshop and Bridge.

Compensation packages for the video editors starts at \$3,500, while compensation for photographers starts at \$3,000. We would also provide housing, meals, travel expenses, staff clothing, internet access and a laundry service. We offer internship credit as well.

A summer working at Camp Skylemar is a rewarding experience, both professionally and personally. We encourage candidates to take a look at our camp video, some of the video content produced in previous years, and our photo gallery:

- Introducing Camp Skylemar – <http://bestcampvideo.com/>
- Camp Skylemar Video Gallery – <https://campskylemar.com/video/>
- Camp Skylemar Photo Gallery – <http://campskylemar.com/photo-gallery/>

If anyone at the Western Carolinian is interested in either position and would benefit from a summer honing their skills and filling their portfolio, please have them contact me and/or fill out our staff application. I've provided links to our website and our application below.

Thank you for your time,
Shannon Rathmanner
