"If you can only take the advice of internet strangers on one topic, make it this: you should date Wes! Consistently the most interesting person in the room, genuinely interested in what other people have to say, and dazzlingly able to just tell the truth. He may be the happiest person I know, and it's contagious. Plus, literally the only person I've dated who reads the books I recommend!"

"Wes is a butt"

- a snarkier ex girlfriend, upon being solicited for a quote

"He's quick-witted and assertive and has so much charisma you assume he had to have drained a whole village of their CHA in some dark ritual. His eyes always look like he's absolutely delighted about something. He's got the most full-bodied dad energy you'll ever see... When I'm around Wes, the spring of play and laughter bubbles forth without end. Without effort! It just flows and flows in an unbroken waterfall. He makes me the person that I want to be."
