Dirty Buttholes

Ongoing..

World's MLB Racketeering Banking Systems consisting of multiple banking systems occupying the same banking system stole MLB career outcomes, MLB total career earnings, inheritance, income outcome, estate outcome and Advertising Enterprise Outcome and Products and paralyzed my lower extremities using suicide & paralysis assassinations connected to spinal cord to live in \$30-\$300 million dollar mansions and stop a MLB Comeback creating between \$900 billion and \$60 quadrillion dollars for MLB and investors.

It's Ridiculous...

I apologize for inconveniences resulting from incorrigible incompetence caused by multiple banking systems occupying the same banking system. They want me to appear as something impossible for me to appear as unless on a 'movie set'.

Changed internet and email existence. I'm not gay or government promotion.

Connected suicide assassinations and paralysis software to biological system, neurological system and auditory cortex...it runs never ending cycles of assaults...it's objective is forcing suicide...sending information in outer space or creation to trick creation...generating thoughts I wouldn't normally think...deceased existences or scientists criteria suicides are trying to set me up and condemn inner thought which happens to have no sins...(Woke up with Breath of Life or Enlightened in 2007/Duplicated and manufactured) Government people deceased existence, Vibrational Realm deceased existence, Pathological Creation deceased existence, U.S. Military deceased existence, FBI deceased existence, Law Enforcement deceased existence, Sports deceased existence, Entertainment Industry deceased existence, Music Industry deceased existence and etcetera deceased existence connected neurological

system to estate larceny and grand larceny computer courthouses to steal thoughts for products... thoughts for products have total product existence earnings...I have reason to believe they connected my brain to bank accounts calibrating total product existence earnings and depositing it's earnings in bank accounts...I revolutionized every industry in America over 600,000 times or more, 6,000 pieces of art digitalized on canvas, wrote a journal titled Rhythm Independence The Porn Pyramid Lincoln 12 Set up and cowrote songs in albums.

They used Supreme Courts or Supreme Court MLB to steal inheritance, inheritance interest, MLB total career earnings, total career earnings interest, fire department total career earnings, fire department total career earnings interest, total product earnings and total product earnings interest....

My backpack needs a banking system.

Planet earth or America are structured using existences..

The word 'my' may be used more than often to personalize or identify myself with person, place or thing...in some cases I'm relating personal experience to a larger field of interest....

I'm America...

I'm Planet Earth..

I'm Creation..

What they did to me they can did or can do to others...

They murdered billions of athletes...to play their careers and steal total career earnings...They started populating sports to kill created MLB electrical systems....replacing their careers with other players or Racketeering players who happen to be banking systems and contracts ...Athletes who aren't banking systems or contracts don't exist in sports...Easy targets....using predicted future career outcomes and total career earnings to influence Racketeering players careers...i have reason to believe a banking system appeared in my existence in 1998 knowing Team USA President Mike Gaski or my coach at the University of North Carolina at Greensboro would steal it at \$900 million dollars...after it was stolen my draft selection changed from 7th Round to 8th Round...another banking system appeared at \$900 million dollars....it was stolen...draft selection changed from 8th round to 9th Round...another banking system appeared at \$900 million dollars....90? times....until I was removed from draft..Massive point to hit and statistic ratio and measurement larceny....they changed my existence..phone numbers...and rerouted calls...Number of teams were unsuccessful trying to contact me...Yankees...Rangers...Bengals... Anaheim (?) etcetera...

I was Enlightened in 2007...

My Enlightenment made America or Planet Earth a man...

MLB a man...

NBA a man...

NFL a man..

NHL a man..

MLS a man...

America exists in a Living Butthole or energy prison/inner thought prison..

Scientists restructured America as a Homeless Nation....a homeless luxurious lifestyle...making it appear they have something when they don't...

I'm America...

I'm MLB...

Breath of Life or Enlightenment in 2007.. releasing radiant light...

I have reason to believe I'm the World's infinite existence. This is a premeditated or preplanned assassination using Barry Bonds Homerun record, racketeering my draft selection and Enlightenment to condemn eternal life on earth, my Enlightenment or both...

'Son of' indicates light within...

Son of God...

Son of MLB

I'm getting tortured by those who only exist in thought...

I'm getting tortured by stolen identities who only exist in thought..

Stealing those who only exist in thought identity...

In 'my' existence this country kills people, steals identity, steals total career earnings, steals existence, internet existence and lives career outcomes and other career outcomes...It appears government people live other career outcomes generating & manufacturing fictitious existences.

Total human existence earnings larceny..

Death certificates (deceased existences) entered my existence with banking systems targeting reputation, character and slandering integrity in or as formulas.

It appears America or planet earth is structured or restructured using existences or life experience ...

Point A birth ...

Point B death...

I'm concerned about America's contracts or decisions entering deceased existences. At the moment I don't think they have what I need in America. I need a banking system to secure 600 \$900 Decillion dollars not controlled by high school diplomas or Law Enforcement....

It appears they restructured America and recalibrated Microsoft Govt Corporation Internet to commit homicide, estate larceny, intellectual treason, grand larceny and steal from the federal treasury. They recalibrated internet as terrorist investments targeting my one outcome as the richest man on planet earth. The only way to have something is steal from yourself by generating or manufacturing aliases.

Investors connected inner thought to software with their identity...stealing ideas for products...

They connected biological system and spinal cord to suicide & paralysis assassinations (pain until I kill myself) and manufactured banking systems to steal inheritance, racketeer draft selections, steal bank accounts and use them to steal from other bank accounts or federal reserves around the world, set me up, frame me, kill family, steal estate, steal income outcome, steal estate outcome, steal advertising enterprise outcome and products and steal my one outcome as the richest man on planet earth.

Premeditated assassination using predicted future income outcomes and assaults based on future recovery outcomes and stop a MLB Comeback that happens to create over \$900 billion dollars for investors around the world over the course of so many years...Because their banking systems are calibrated to commit homicide targeting MLB electrical systems they refused to disconnect their banking systems from spinal cord..they can't stand the fact im in centerfield releasing radiant light on national television.

I have reason to believe they changed point to hit ratios or measurements to steal a National Batting Title...it's their income... changing \$250,000 dollars a year to \$700,000 dollars a year..(?)

Racketeering a guaranteed automatic Major League Baseball career...I have reason to believe guaranteed automatics break records or Hall of Fame Records...

I was the only baseball player on planet earth with one outcome that breaks Major League Baseball's Homerun record...it was found in high school between 1990-1994..I've been tortured for 24 years of my MLB career...

They destroyed a potential global MLB comeback by paralyzing lower and upper extremities..I'm walking around in a wheelchair...

I want to file a complaint & grievance requesting mental health reviews using statutes listed in contracts before renegotiating to avoid evaluations and assessment.

I have concerns revolving around anabolic steroid abuse and barbiturates..Meeting scientists criterias indicating suicide or killing themselves using satellite lifelines to disconnect their neurological system from Creation.

Creation consisting of demon existences enter their neurological systems indicating a threat to themselves or others. They have to kill people to live their infinite existence...Stealing their identity, existence and internet existence...

I have reason to believe existences entering satellite lifelines were removed by scientists because of its deadly outcomes..until banking systems started paying criterias..

Their homosexuality is a Banking system paying themselves to ejaculate in rectums...using my name as alias, existence and internet existence...to condemn my infinite existence or Enlightenment.

Manufacturing existences in every business targeting my inheritance, income outcome, estate outcome and Advertising Enterprise Outcome and Products.(To stop me by not doing their job)

Manufacturing Banking Systems to stop me targeting my potential. (Paying America not to talk about it)

Manufacturing fictitious internet websites. (False Pretense or owned and controlled by Law Enforcement MLB Racketeering, Estate Larceny and Grand Larceny franchises, divisions and squadrons)

Manufacturing fictitious information targeting slander and defamation after stealing my inheritance, income outcome, estate outcome and killing my family.

Manufacturing Banking Systems to commit homicide using demonic, satanic or evil software connected to neurological system & biological system.

Manufacturing positions created by demonic intelligence and manufactured by scientists with connections to infinite dark existence.

Restructuring planet earth's highest ranking positions with deceased existences, satanic existences, demonic existences or evil existences targeting my one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products. (To stop me targeting my potential)

Recreating connection to creation consisting of existences with manufactured demonic or satanic positions targeting my infinite existence. (Enlightened in 2007 releasing Radiant Light)

World's MLB Racketeering Division Banking Systems connected biological system and spinal cord to suicide assassinations, connected satellites to neurological system committing intellectual property treason and grand larceny and entered my neurological system at the World Trade Center as Computer Software Trading at Wall Street, Dow Jones and stock exchanges around the world.

I'm requesting Racketeering Divisions to apologize on national television for homosexuality and prostitution using my name as alias, existence and internet existence..

They met multiple criterias categorized as psychotic...storing contracts and fictitious information to cover up psychogenic disorders in every thought existence internet search outcome...they duplicated and manufactured every position in America...living my other career outcomes..

Manufactured positions created by scientists and restructuring sports or America to Lucifer's creation and existence.

Criteria consisting of astronauts, scientists, astrophysicists, law enforcement, federal agents, investment bankers, medical scientists, presidents and etcetera have restructured out neurological systems in America and removed the United States Supreme Court to commit homicide targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, infinite existence, income outcome, estate outcome and Advertising Enterprise Outcome and Products. They removed thought from outcomes entering machines...

Criteria connected weapons to spinal cord or electrical system condemning planet earth...it's embarrassing having scientists who kill mankind in control of the world's infinite existence who aren't created with infinite existence..I have reason to believe there deceased existences working as manufactured positions in pathological creations who decided to use Enlightenment or spinal cord to kill mankind and set me up by making it appear I killed mankind. (?)

I'm requesting immediate assistance to stop a contract killing magistrate, MLB investment banking racketeering teams around the world, Team USA President Mike Gaski MLB Racketeering Divisions, Phoenix Police Department MLB Racketeering Divisions, FBI MLB Racketeering Divisions, Law Enforcement MLB Racketeering Divisions, Barack Obama MLB Racketeering Divisions from paralyzing my lower extremities and biological system destruction.

I have reason to believe the Justice System or Supreme Courts in America were restructured out to assassinate the American people and my one outcome as the richest man on planet earth. (contracts & RICO card crimes)

A contract killing magistrate entered the federal government of the United States of America targeting the American People and stealing from Federal Treasury. Keeping the American people preoccupied with more income and desires as they get assassinated.

They assassinated criterias in every neurological system..
Assassinating the Secretary of Treasurer, Banking Executives, Politicians, Judges, District Attorneys, Sports Agents, VP MLB, NFL, NBA, NHL, MLS and Entertainment Executives..to name a few..

They generated fictitious courthouses in motion picture existences targeting income outcome and estate outcome.

They've lost the Federal Government of the United States of America to contract killing magistrates who entered Washington DC after the Korean War... generating fictitious constitutions, statutes, sanctions, rules and amendments using fictitious or manufactured world statutes funded by stolen federal reserves...World statutes entered Washington DC changing planet earth to organized crime. In this case the restructured my existence hiring contract killing assassins to sit in manufactured positions around the world created and manufactured by Colonel Rubel/God Almighty Position, FBI MLB Racketeering Divisions, CIA MLB Racketeering Divisions, NASA MLB and scientists targeting my position as VP MLB Director of Scouting, Enlightenment, one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products. (To kill me using suicide assassination torture methods connected to spinal cord and biological system.) The past forty one years they were unsuccessful trying to shoot me. Every time they hired a hit man he fell down dead.

It's possible the American people are Government people generating another outcome by manufacturing the United States of America as a Government Enterprise targeting my one outcome as the richest man on planet earth.

I have reason to believe they replaced or murdered scientists in control of America's conception or world's conception with contract killers or contract killing scientists magistrates..

They set up criterias in every thought existence outcome committing homicide using predicted future outcomes and creation outcome machines.

Using creation outcome machines to know everything...including every neurological system thought in America or planet earth.

Assassinating every criteria who could disconnect my biological system from the ISS.

They're infinite existences for high ranking positions who accepted killing contracts targeting my one outcome as the richest man on planet earth, Enlightenment, infinite existence, inheritance, business endeavors, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

Ongoing paralysis targets lower extremities and upper extremities.

Every courthouse in America committed a crime by killing a human being or MLB outcome after they were restructured out and manufactured by deceased existences, scientists, federal agents and Law Enforcement MLB Racketeering Divisions, Franchises or Squadrons.

The FBI Restructured out courthouses in America assassinating the American People to live their infinite existence and killing me over 900 decillion times in Arizona, 900 decillion times in Omaha, Nebraska, 900 decillion times in Kansas City and over 900 decillion times in Ferguson, Missouri using Banking Systems that pays franchises, divisions or squadrons after killing me...targeting inner thought and neurological system existence particles.

Physical fitness level destruction after committing homicide and pronouncing me dead by keeping me alive using a biological system connection to the International Space Station and Creation outcome satellites.

I have weapons destroying biological system, destroying inner thought or neurological system and destroying upper and lower extremities.

Only dead people or deceased existences commit this type of crime targeting physical fitness level and biological system. (Ridiculous!)

After confirming \$900 decillion dollars in neurological system they wanted to remove it from neurological system, steal it from the Federal Treasury and kill me...

I don't think courthouses in America or my existence in America are competent to stop an evil massacre who entered this country. Distributing federal reserves and contracts to every person I know..

They're banking systems targeting my one outcome as the richest man on planet earth, inheritance, income outcome, estate outcome, business endeavors and Advertising Enterprise Outcome and Products.

Law Enforcement or Law Enforcement MLB Racketeering Divisions, Federal Agents or FBI MLB Racketeering Divisions who retire in Monaco or Moblike existences fund Americas Terrorism using stolen federal reserves to kill athletes. Players I played with or against Racketeered my draft selections, played six years or longer playing my career outcomes, retired and entered law enforcement to set me up, frame me and arrest me after stealing inheritance, MLB total career earnings, fire department total career earnings, total product earnings and one outcome as the richest man on planet earth...Players who

played Major League Baseball career outcomes were funded by manufactured banking systems connected to spinal cord.

They're manufacturing or generating world statutes targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, infinite existence, infinite creation, infinite existence inheritance, infinite background, infinite background inheritance, inner thought, human existence, human creation, human internet existence, neurological system inheritance, human background, human background inheritance, biological system, potential in sports, potential in creation, face, nose, scalp, lower extremities, physical fitness level, epigastrium, paralysis, muscle density changing it's complexity, business endeavors, reproductive organ, rectum, income outcome, estate outcome and Advertising Enterprise Outcome and Products. I'm a formula in sports preventing deceased existences from assassinating athletes.

Team USA President Mike Gaski spent the World's Economy over 900 Decillion times torturing me until death...(My former coach at the University of North Carolina at Greensboro) I've had over 800 Decillion different manufactured identities...

My bank accounts were changed to contracts...with open algorithm doors allowing bank robbery.. I have reason to believe other debit cards or financial institution ATM's are calibrated with my pin number allowing a population access to bank accounts.

Racketeering franchises, divisions or squadrons are using bank accounts to steal from other accounts or federal reserves around the world.

They're respected among the community with contracts to lie under oath...using their infinite background and satanic outcomes to make decisions..knowing tomorrow outcomes, next week outcomes and next month outcomes..

Making decisions based on predicted future multiple choice outcomes..

This is a crime after inheritance and products were stolen. Contract franchises, divisions and squadrons target truck repairs, housing, employment, income outcome, estate outcome, biological system and Advertising Enterprise Outcome and Products in every thought existence outcome and internet existence search outcome trying to stop me.

I've had to start over again and again because of internet existence switching and recreated creations.

They recreated creation to commit homicide..

They restructured planet earth to commit homicide..

They restructured the World's Banking system to commit homicide..

They calibrated the World Wide Web to commit homicide...

Set up by the World's MLB Racketeering Banking System, Law Enforcement MLB Racketeering Divisions, FBI MLB Racketeering Divisions, Vibrational Realm MLB Racketeering Divisions, U.S. Military MLB Racketeering Squadrons, Team USA President Mike Gaski MLB Racketeering Divisions, Mark Hatchell 740th Tank Battallion MLB Racketeering Divisions, Mike Hopkins NASA Headquarters MLB Racketeering Divisions, Barack Obama Administration MLB Racketeering Divisions, Bill Gates Microsoft Govt Corporation MLB Racketeering Divisions or connecting w.w.w. to neurological system, Planet Earths MLB Racketeering Divisions and Mental Health/Probate MLB Racketeering Divisions to steal my one outcome as the richest man on planet earth, my inheritance, infinite existence, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

Mental Health are biological system connections to International Space Station.

Arizona uses mental health probate divisions to steal inheritances..

I have bank accounts connected to neurological system....100%

The federal government and state documented a disconnection then changed name or restructured out my existence from society trying to cover up torturing me until death targeting my one outcome as the richest man on planet earth and prevent my formula from entering executive decision making in sports.

Human being or human creation as a formula..

Switching identity from the inside out and outside in with former coach Team USA President Mike Gaski.(?)

I have reason to believe they're perpetual agreements targeting one outcome as the richest man on planet earth, Enlightenment, income outcome, estate outcome and Advertising Enterprise Outcome and Products including my potential as VP MLB Director of Scouting or any executive position in Sports.

It's impossible for me to meet criterias to get campaigned in a set up...They documented fictitious depictions of my life story using manufactured fictitious existences or computer generated existences. I have reason to believe its a story about a baseball player who had all the talent in the world but his addiction to meth and pornography ruined his baseball career...ldk...

It's another perfect example of who has control of MLB...from the inside out...a fictitious presentation and con artists who make decisions based on multiple choice outcomes..targeting income outcomes, racketeering, homicide, homosexuality, prostitution, bank robbery and bankruptcy following their crimes. I've taken a severe amount of pain for years now trying to shed light on crimes targeting my one outcome as the richest man on planet earth, Enlightenment, biological system, inheritance, income outcome, estate outcome and Advertising Enterprise Outcome and Products. They connected suicide assassination weapons to spinal cord, biological system and electrical system to kill mankind. Targeting people from the inside out or restructuring out connections to infinite existence.

By torturing me..

Apparently NASA Headquarters, FBI, Team USA President Mike Gaski or my former baseball coach distributed weapons around the world. When used to kill me they kill mankind...(?)

Sleeping in truck hitting batting practice in Google Batting Cage Warehouses primarily consisting of deceased or murdered African American MLB outcomes and Estate Larceny and Grand Larceny Computer Courthouses. Law Enforcement MLB Racketeering Division, Team USA President Mike Gaski and MLB spent \$900,550,000 dollars to lock gear shift and stop me after stealing inheritance, MLB total career earnings estimated between \$10-17 billion dollars, one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

I've included Links, PDF Files and Documents for your review in every thought existence outcome. 350-370 million franchises consisting of 900 million - 3 billion people entered every thought existence internet search outcome storing fictitious information targeting my beneficiary estate, retaining counsel, reputation, character, integrity and Enlightenment. I was Enlightened in 2007 with Perfect Biological Rhythm releasing Radiant Light. Scientists around the world wanted to open Pandora's Box and destroy existences occupying my neurological system. They duplicated my human existence and human internet existence. Generating fictitious existences sending and receiving information I don't send or receive. Mike Gaski, Mark Hatchell, Mike Hopkins, Barack Obama, Bill Gates, Arizona and Law Enforcement MLB Racketeering Divisions, Beneficiary Estate Larceny and Grand Larceny Contract Franchises entered every thought existence internet search income outcome trying to stop me. They restructured my baseball career out of MLB entering MLC Franchises targeting my potential in sports as VP MLB Director of Scouting, 24 year MLB Hall of Fame Career, 7 All Stars, breaking 17 Hall of Fame Records and 20 year MLB Coaching Career. They Racketeered my position as VP MLB Director of Scouting after 40 or more years in baseball.

They distributed my position outcome to franchises and law enforcement around the country trying to kill me with it. They stole more than the World's Economy or my income outcome and tried to kill me with it. They spent the world's economy over 900 decillion times trying to stop my breathing.. (? I guess the world economy at \$60 decillion dollars)

They used military weapons, chemical and biological agents to rupture quadriceps, rupture labrum, rupture gastrocnemius, tear rotator cuff, sever spinal cord, break neck, 17 broken vertebrae, fracture every bone in body and tear every muscle in body to name only a few...

I've sustained so many assaults it killed the population of the world over 900 decillion times... Distributing their infinite existence and estates to I.S.S. as payment to commit homicide.

They removed over \$900 decillion dollars from neurological system, \$900 decillion from quadriceps (Barry Bonds quadriceps are \$600 decillion dollars), over \$400 quadrillion dollars from right throwing shoulder and etcetera..(?)

They tried to make it cash value..

I was set up by the World's Banking System only allowing charges filed on me and lawsuits filed on my behalf..

This is a massive identity fraud targeting existence by everybody with perpetual agreement retirement acts to kill me, live my infinite existence and steal inheritance... targeting, torturing or assassinating my one outcome as the richest man on planet earth, draft selections, Enlightenment, infinite existence, infinite creation, infinite existence inheritance, infinite background, infinite background inheritance, inner thought, human existence, human creation, human internet existence, neurological system inheritance, human background, human background inheritance, biological system, potential in sports, potential in creation, face, nose, scalp, lower extremities, physical fitness level, epigastrium, full body paralysis, muscle density changing it's complexity, business endeavors, reproductive organ, rectum, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

Terrorist investor contract franchises connected biological system to ISS, connected satellites to neurological system committing intellectual property treason and Grand Larceny and entered neurological system at the World Trade Center as Computer Software Trading at Wall Street, Dow Jones and Stock Exchanges around the World. White Collar Investor Contract Franchises target lawsuits, claims and grievances by sending me fictitious Law Enforcement White Collar Documentation after filing lawsuits on my behalf preventing me from finding resolution and settlement to numerous crimes targeting biological system and income outcome. Law Enforcement investor contract franchises are using Estate Larceny and Grand Larceny computer courthouses to file fictitious charges and steal money. They paid law enforcement to set me up, frame me and arrest me. Authenticity Film Bill signed by Dead Congress Members, Computer Generated Existences and Entertainers stored fictitious information around the world in every thought existence internet search outcome targeting my income outcome and estate outcome.

Killing athletes to live their infinite existence using banking systems and contracts. Dinosaur Demon Franchises killed themselves entering Satellite Lifelines or deceased existences to kill me targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

870 million people stole identity using aliases and internet existence sending and receiving information I don't send or receive.

They distributed inheritance around America..Found in law enforcement bank accounts, paychecks, interest, credit and retirements..unknown or known to law enforcement...

Spending inheritance interest over the course of thirty years and MLB total career earnings..(?)

They entered homosexual existences using name as alias and internet existence. Having sex with men or women using name as alias and internet existence..

I'm not Gay or Promotion..(hetero homo sexual relations for income or draft selection.)

I left Arizona seeking counsel to disconnect biological system from ISS, recover Beneficiary Estate and Products and enroute I built my estate outcome. They entered truck in Ferguson, Missouri locking gear shift and disconnecting emergency brake.

Trying to stop me..

I wanted to clarify Information.

Major League Baseball, Team USA President Mike Gaski, FBI racketeering divisions and Law Enforcement Major League Baseball racketeering divisions, players families or players I played with or against in Arizona or North Carolina paid players who racketeered draft selections with manufactured banking systems connected to spinal cord...they were banking systems from the start...stealing points to hit and statistic ratio and measurements...

It's Ridiculous...

I apologize for inconveniences resulting from incorrigible incompetence caused by multiple banking systems occupying the same banking system. They want me to appear as something impossible for me to appear as unless on a 'movie set'.

Changed internet and email existence. I'm not gay or government promotion.

Connected suicide assassinations and paralysis software to biological system, neurological system and auditory cortex...it runs never ending cycles of assaults...it's objective is forcing suicide...sending information in outer space or creation to trick creation...generating thoughts I wouldn't normally think...deceased existences or scientists criteria suicides are trying to set me up and condemn my inner thought which happens to have no sins...(Woke up with Breath of Life in 2007/Duplicated and manufactured) Government people deceased existence, Vibrational Realm deceased existence, Pathological Creation deceased existence, U.S. Military deceased existence, FBI deceased existence, Law Enforcement deceased existence, Sports deceased existence, Entertainment Industry deceased existence, Music Industry deceased existence and etcetera deceased existence connected my neurological system to estate larceny and grand larceny computer courthouses to steal my thoughts for products...my thoughts for products have total product existence earnings...I have reason to believe they connected my brain to bank accounts calibrating total product existence earnings and depositing it's earnings in bank accounts...I revolutionized every industry in America over 600,000 times or more, 6,000 pieces of art digitalized on canvas, wrote a journal titled Rhythm Independence The Porn Pyramid Lincoln 12 Set up and cowrote songs in albums.

My backpack needs a banking system.

Planet earth or America are structured using existences..

In my existence this country kills people, steals identity, steals total career earnings, steals existence, internet existence and lives career outcomes and other career outcomes...It appears government people live other career outcomes generating & manufacturing fictitious existences.

Death certificates (deceased existences) entered my existence with banking systems targeting reputation, character and slandering integrity in or as formulas.

I'm concerned about America's contracts or decisions entering deceased existences. At the moment I don't think they have what I need in America. I need a banking system!!

It appears they restructured America and recalibrated Microsoft Govt Corporation Internet to commit homicide, estate larceny, intellectual treason, grand larceny and steal from the federal treasury. They recalibrated the internet as terrorist investments targeting my one outcome as the richest man on planet earth. The only way to have something is steal from yourself by generating or manufacturing aliases.

Investors connected biological system and spinal cord to suicide & paralysis assassinations (pain until I kill myself) to steal inheritance, racketeer draft selections, steal bank accounts, use them to steal from other bank accounts or federal reserves around the world, set me up, frame me, kill my family, steal my estate, income outcome, estate outcome, Advertising Enterprise Outcome and Products and steal my one outcome as the richest man on planet earth.

Premeditated assassination using predicted future income outcomes and assaults based on future recovery outcomes and stop a MLB Comeback that happens to create over \$900 billion dollars for investors around the world over the course of so many years...Because their banking systems are calibrated to commit homicide targeting MLB electrical systems they refused to disconnect their banking systems from my spinal cord..they can't stand the fact im in centerfield releasing radiant light on national television.

This is a potential global MLB comeback they destroyed by paralyzing lower and upper extremities..I'm walking around in a wheelchair...

I want to file a complaint & grievance requesting mental health reviews using statutes listed in contracts before renegotiating to avoid evaluations and assessment.

I have concerns revolving around anabolic steroid abuse and barbiturates..Meeting scientists criterias indicating suicide or killing themselves using satellite lifelines to disconnect their neurological system from Creation.

Creation consisting of demon existences enter their neurological systems indicating a threat to themselves or others. They have to kill people to live their infinite existence...Stealing their identity, existence and internet existence...

I have reason to believe existences entering satellite lifelines were removed by scientists because of its deadly outcomes..until banking systems started paying criterias..

There homosexuality is a Banking system paying themselves to ejaculate in rectums...using my name as alias, existence and internet existence...to condemn my infinite existence or Enlightenment.

Manufacturing Banking Systems to stop me targeting my potential. (Paying America not to talk about it)

Manufacturing fictitious internet websites. (False Pretense or owned and controlled by Law Enforcement MLB Racketeering, Estate Larceny and Grand Larceny franchises, divisions and squadrons)

Manufacturing fictitious information targeting slander and defamation after stealing my inheritance, income outcome, estate outcome and killing my family.

Manufacturing Banking Systems to commit homicide using demonic, satanic or evil software connected to neurological system & biological system.

Manufacturing positions created by demonic intelligence and manufactured by scientists with connections to infinite dark existence.

Restructuring planet earth's highest ranking positions with deceased existences, satanic existences, demonic existences or evil existences targeting my one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products. (To stop me targeting my potential)

Recreating my connection to creation consisting of existences with manufactured demonic or satanic positions targeting my infinite existence. (Enlightened in 2007 releasing Radiant Light)

World's MLB Racketeering Division Banking Systems connected biological system and spinal cord to suicide assassinations, connected satellites to neurological system committing intellectual property treason and grand larceny and entered my neurological system at the World Trade Center as Computer Software Trading at Wall Street, Dow Jones and stock exchanges around the world. The amount in controversy exceeds over \$900 billion dollars..

I'm requesting Racketeering Divisions to apologize on national television for homosexuality and prostitution using my name as alias, existence and internet existence..

They met multiple criterias categorized as psychotic...storing contracts and fictitious information to cover up psychogenic disorders in every thought existence internet search outcome...they duplicated and manufactured every position in America...living my other career outcomes..

Manufactured positions created by scientists and restructuring sports or America to Lucifer's creation and existence.

Criteria consisting of astronauts, scientists, astrophysicists, law enforcement, federal agents, investment bankers, medical scientists, presidents and etcetera have restructured out neurological systems in America and removed the United States Supreme Court to commit homicide targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, infinite existence, income outcome, estate outcome and Advertising Enterprise Outcome and Products. They removed thought from outcomes entering machines...

Criteria connected weapons to my spinal cord or electrical system condemning planet earth...it's embarrassing having scientists who kill mankind in control of the world's infinite existence who aren't created with infinite existence..I have reason to believe there deceased existences working as manufactured positions in pathological creations who decided to use my Enlightenment or spinal cord to kill mankind and set me up by making it appear as I killed mankind. (?)

I'm requesting immediate assistance to stop a contract killing magistrate, MLB investment banking racketeering teams around the world, Team USA President Mike Gaski MLB Racketeering Divisions, Phoenix Police Department MLB Racketeering Divisions, FBI MLB Racketeering Divisions, Law Enforcement MLB Racketeering Divisions, Barack Obama MLB Racketeering Divisions from paralyzing my lower extremities and biological system destruction.

I have reason to believe the Justice System or Supreme Courts in America were restructured out to assassinate the American people and my one outcome as the richest man on planet earth. (contracts & RICO card crimes)

A contract killing magistrate entered the federal government of the United States of America targeting the American People and stealing from the Federal Treasury. Keeping the American people preoccupied with more income and desires as they get assassinated.

They assassinated criterias in every neurological system..
Assassinating the Secretary of Treasurer, Banking Executives, Politicians, Judges, District Attorneys, Sports Agents, VP MLB, NFL, NBA, NHL, MLS and Entertainment Executives..to name a few..

They generated fictitious courthouses in motion picture existences targeting my income outcome and estate outcome.

They've lost the Federal Government of the United States of America to contract killing magistrates who entered Washington DC after the Korean War... generating fictitious constitutions, statutes, sanctions, rules and amendments using fictitious or manufactured world statutes funded by stolen federal reserves...World statutes entered Washington DC changing planet earth to organized crime. In my case the restructured my existence hiring contract killing assassins in manufactured positions around the world created and manufactured by Colonel Rubel/God Almighty Position, FBI MLB Racketeering Divisions, CIA MLB Racketeering Divisions, NASA MLB and scientists targeting my position as VP MLB Director of Scouting, Enlightenment, one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products. (To kill me using suicide assassination torture methods connected to spinal cord and biological system.) The past forty one years they were unsuccessful trying to shoot me. Every time they hired a hit man he fell down dead.

It's possible the American people are Government people generating another outcome by manufacturing the United States of America as a Government Enterprise targeting my one outcome as the richest man on planet earth.

I have reason to believe they replaced or murdered scientists in control of America's conception or world's conception with contract killers or contract killing scientists magistrates..

They set up criterias in every thought existence outcome committing homicide using predicted future outcomes and creation outcome machines.

Using creation outcome machines to know everything...including every neurological system thought in America or planet earth.

Assassinating every criteria who could disconnect my biological system from the ISS.

They're infinite existences for high ranking positions who accepted killing contracts targeting my one outcome as the richest man on planet earth, Enlightenment, infinite existence, inheritance, business endeavors, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

Ongoing paralysis targets lower extremities and upper extremities.

Every courthouse in America committed a crime by killing a human being or MLB outcome after they were restructured out and manufactured by deceased existences, scientists, federal agents and Law Enforcement MLB Racketeering Divisions, Franchises or Squadrons.

The FBI Restructured out courthouses in America assassinating the American People to live their infinite existence and killing me over 900 decillion times in Arizona, 900 decillion times in Omaha, Nebraska, 900 decillion times in Kansas City and over 900 decillion times in Ferguson, Missouri using Banking Systems that pays franchises, divisions or squadrons after killing me...targeting inner thought and neurological system existence particles.

Physical fitness level destruction after committing homicide and pronouncing me dead by keeping me alive using a biological system connection to the International Space Station and Creation outcome satellites.

I have weapons destroying my biological system, destroying my inner thought or neurological system and destroying my upper and lower extremities.

Only dead people or deceased existences commit this type of crime targeting my physical fitness level and biological system. (Ridiculous!)

They identified & confirmed \$900 Decillion dollars in neurological system and they wanted to kill me and steal it from the Federal Treasury..

I don't think courthouses in America or my existence in America are competent to stop an evil massacre who entered this country. They're banking systems targeting my one outcome as the richest man on planet earth, inheritance, income outcome, estate outcome, business endeavors and Advertising Enterprise Outcome and Products.

Law Enforcement or Law Enforcement MLB Racketeering Divisions, Federal Agents or FBI MLB Racketeering Divisions who retire in Monaco or Moblike existences fund Americas Terrorism using stolen federal reserves to kill athletes. Players I played with or against Racketeered my draft selections, played six years or longer playing my career outcomes, retired and entered law enforcement to set me up, frame me and arrest me after stealing inheritance, MLB total career earnings, fire department total career earnings, total product earnings and one outcome as the richest man on planet earth...Players income playing my career outcomes were manufactured banking systems connected to spinal cord.

They're manufacturing or generating world statutes targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, infinite existence, infinite creation, infinite existence inheritance, infinite background, infinite background inheritance, inner thought, human existence, human creation, human internet existence, neurological system inheritance, human background, human background inheritance, biological system, potential in sports, potential in creation, face, nose, scalp, lower extremities, physical fitness level, epigastrium, paralysis, muscle density changing it's complexity, business endeavors, reproductive organ, rectum, income outcome, estate outcome and Advertising Enterprise Outcome and Products. I'm a formula in sports preventing deceased existences from assassinating athletes.

Team USA President Mike Gaski spent the World's Economy over 900 Decillion times torturing me until death...(My former coach at the University of North Carolina at Greensboro) I've had over 697 Decillion different manufactured identities...

My bank accounts were changed to contracts...with open algorithm doors allowing bank robbery.. I have reason to believe debit cards or financial institution ATM's are calibrated with my pin number allowing a population access to my bank accounts.

Racketeering franchises, divisions or squadrons are using my bank accounts to steal from accounts or federal reserves around the world.

They're respected among the community with contracts to lie under oath...using their infinite background and satanic outcomes to make decisions..knowing tomorrow outcomes, next week outcomes and next month outcomes..

This is a crime after my inheritance and products were stolen. Contract franchises, divisions and squadrons target my housing, employment, income outcome, estate outcome, biological system and Advertising Enterprise Outcome and Products in every thought existence outcome and internet existence search outcome trying to stop me.

I've had to start over again and again because of internet existence switching and recreated creations.

Set up by the World's MLB Racketeering Banking System, Law Enforcement MLB Racketeering Divisions, FBI MLB Racketeering Divisions, Vibrational Realm MLB Racketeering Divisions, U.S. Military MLB Racketeering Squadrons, Team USA President Mike Gaski MLB Racketeering Divisions, Mark Hatchell 740th Tank Battallion MLB Racketeering Divisions, Mike Hopkins NASA Headquarters MLB Racketeering Divisions, Barack Obama Administration MLB Racketeering Divisions, Bill Gates Microsoft Govt Corporation MLB Racketeering Divisions or connecting w.w.w. to neurological system, Planet Earths MLB Racketeering Divisions and Mental Health/Probate MLB Racketeering Divisions to steal my one outcome as the richest man on planet earth, my inheritance, infinite existence, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

Mental Health are biological system connections to International Space Station. Arizona uses mental health probate divisions to steal inheritances..

The federal government and state documented a disconnection then changed my name or restructured out my existence from society trying to cover up torturing me until death targeting my one outcome as the richest man on planet earth and prevent my formula from entering executive decision making in sports.

Switching my identity from the inside out and outside in with my former coach Team USA President Mike Gaski.(?)

I have reason to believe they're perpetual agreements targeting my one outcome as the richest man on planet earth, Enlightenment, income outcome, estate outcome and Advertising Enterprise Outcome and Products including my potential as VP MLB Director of Scouting or any executive position in Sports.

It's impossible for me to meet criterias to get campaigned in a set up...They documented fictitious depictions of my life story using manufactured fictitious existences or computer generated existences.

I have reason to believe its a story about a baseball player who had all the talent in the world but his addiction to meth and pornography ruined his baseball career...ldk...

It's another perfect example of who has control of MLB...from the inside out...a fictitious presentation and con artists who make decisions based on multiple choice outcomes..targeting income outcomes, racketeering, homicide, homosexuality, prostitution, bank robbery and bankruptcy following their crimes. I've taken a severe amount of pain for years now trying to shed light on crimes targeting my one outcome as the richest man on planet earth, Enlightenment, biological system, inheritance, income outcome, estate outcome and Advertising Enterprise Outcome and Products. They connected suicide assassination weapons to spinal cord, biological system and electrical system to kill mankind. Targeting people from the inside out or restructuring out connections to infinite existence.

By torturing me..

Apparently NASA Headquarters, FBI, Team USA President Mike Gaski or my former baseball coach distributed weapons around the world. When used to kill me they kill mankind...(?)

Sleeping in truck hitting batting practice in Google Batting Cage Warehouses primarily consisting of deceased or murdered African American MLB outcomes and Estate Larceny and Grand Larceny Computer Courthouses. Law Enforcement MLB Racketeering Division, Team USA President Mike Gaski and MLB spent \$900,550,000 dollars to lock my gear shift to stop me after stealing inheritance, MLB total career earnings estimated between \$10-17 billion dollars, one outcome as the richest man on planet earth, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

I have bank accounts connected to neurological system.

I've included Links, PDF Files and Documents for your review in every thought existence outcome.

350-370 million franchises consisting of 900 million - 3 billion people entered every thought existence internet search outcome storing fictitious information targeting my beneficiary estate, retaining counsel, reputation, character, integrity and Enlightenment. I was Enlightened in 2007 with Perfect Biological Rhythm releasing Radiant Light. Scientists around the world wanted to open Pandora's Box and destroy existences occupying my neurological system. They duplicated my human existence and human internet existence. Generating fictitious existences sending and receiving information I don't send or receive. Mike Gaski, Mark Hatchell, Mike Hopkins, Barack Obama, Bill Gates, Arizona and Law Enforcement MLB Racketeering Divisions, Beneficiary Estate Larceny and Grand Larceny Contract Franchises entered every thought existence internet search income outcome trying to stop me. They restructured my baseball career out of MLB entering MLC Franchises targeting my potential in sports as VP MLB Director of Scouting, 24 year MLB Hall of Fame Career, 7 All Stars, breaking 17 Hall of Fame Records and 20 year MLB Coaching Career. They Racketeered my position as VP MLB Director of Scouting after 40 or more years in baseball.

They distributed my position to franchises and law enforcement around the country trying to kill me with it. They stole more than the World's Economy or my income outcome and tried to kill me with it. They spent the world's economy over 900 decillion times trying to stop my breathing.. (? I guess the world economy at \$60 decillion dollars)

They used military weapons, chemical and biological agents to rupture my quadriceps, rupture my labrum, rupture my gastrocnemius, tear my rotator cuff, sever my spinal cord, break my neck, 17 broken vertebrae, fracture every bone in my body and tear every muscle in my body to name only a few...

I've sustained so many assaults it killed the population of the world over 900 decillion times... distributing their infinite existence and estates to the I.S.S. as payment to commit homicide.

They removed over \$900 decillion dollars from my neurological system, \$900 decillion from my quadriceps (Barry Bonds quadriceps are \$600 decillion dollars), over \$400 quadrillion dollars from my right throwing shoulder and etcetera..(?)

They tried to make it cash value..

I was set up by the World's Banking System only allowing charges filed on me and lawsuits filed on my behalf..

Terrorist investor contract franchises connected my biological system to the ISS, connected satellites to my neurological system committing intellectual property treason and Grand Larceny and entered my neurological system at the World Trade Center as Computer Software Trading at Wall Street, Dow Jones and Stock Exchanges around the World. White Collar Investor Contract Franchises target my lawsuits, claims and grievances by sending me fictitious Law Enforcement White Collar Documentation after filing lawsuits on my behalf preventing me from finding resolution and settlement to numerous crimes targeting my biological system and income outcome. Law Enforcement investor contract franchises are using Estate Larceny and Grand Larceny computer courthouses to file fictitious charges and steal my money. They paid law enforcement to set me up, frame me and arrest me. Authenticity Film Bill signed by Dead Congress Members, Computer Generated Existences and Entertainers stored fictitious information around the world in every thought existence internet search outcome targeting my income outcome and estate outcome.

Killing athletes to live their infinite existence using banking systems and contracts. Dinosaur Demon Franchises killed themselves entering Satellite Lifelines or deceased existences to kill me targeting my one outcome as the richest man on planet earth, draft selections, Enlightenment, income outcome, estate outcome and Advertising Enterprise Outcome and Products.

870 million people stole my identity using aliases and internet existence sending and receiving information I don't send or receive.

Spending my inheritance interest over the course of thirty years.(?)

They entered homosexual existences using my name as alias and internet existence. Having sex with men or women using my name as alias and internet existence..

I'm not Gay or Promotion..(hetero homo sexual relations for income or draft selection.)

I left Arizona seeking counsel to disconnect my biological system from the ISS, recover my Beneficiary Estate and Products and enroute I built my estate outcome. They entered my truck in Ferguson, Missouri locking my gear shift and disconnected my emergency brake.
