Mark Twain Senior High

April 13, 2021

Dear Parents & Guardians,

It has been quite some time since our school communicated information relating to COVID19. This update will provide information current for Ralls County and for the Ralls County R-II School District:

- As of April 12, 2021- Ralls County has 11 active cases being monitored by the Ralls County Health Department. Since mid February, this is the first time the monitored cases have risen above 10.
- As of today, we have zero active COVID19 students or employees. The last known student case was in early February and the last known positive employee case was in mid-January.
- As the school year wraps up with six weeks remaining, we are planning all traditional activities in traditional style. For our events to be successful, please continue to monitor for symptoms and stay away from school and school events if you are symptomatic or recently in close contact with a positive COVID19 case. Your honesty and responsibility is key to our hosting events and students, families and friends enjoying these traditional events and activities.

Our school community has worked collaboratively to keep our school open to in person learning for all of our students. We are asking this communication to continue through May 21st to ensure all activities and events can be held and celebrated for our students.

Sincerely,
Tara Lewis, Ed.D.
Superintendent
