

Design Exploration : Short Animation Video (Narrative)

Characters: Junk food

Main Character: Pizza

Main Character's mom : Huge Pizza

Side Characters :

1. Ice - cream (Cone)
2. Ice - cream (Popsicle)
3. Popcorn
4. Burger
5. Taco
6. French fries
7. Doughnut
8. Soda cup
9. Cookie
10. Hot dog

Coronavirus Precautions

1. Use face mask
2. Wash hands
3. Social distance
4. Use hand sanitizer
5. Don't touch your face(eyes, mouth and nose)
6. Avoid human contact with other people
7. Avoid public places
8. Stay home

#1 Storyline

The scene will start off with a virus (Covid-19) which is growing bigger and finding new targets to infect. The virus finds humans who are not wearing masks and start approaching them, which results in the humans infected by Coronavirus. Humans who are infected will start transmitting the virus to other humans by coughing and sneezing without covering their mouths and noses. This scene will explain to the audience how coronavirus could be spread easily between humans. The next scene will show the infected humans are being quarantined at the hospital for treatment.

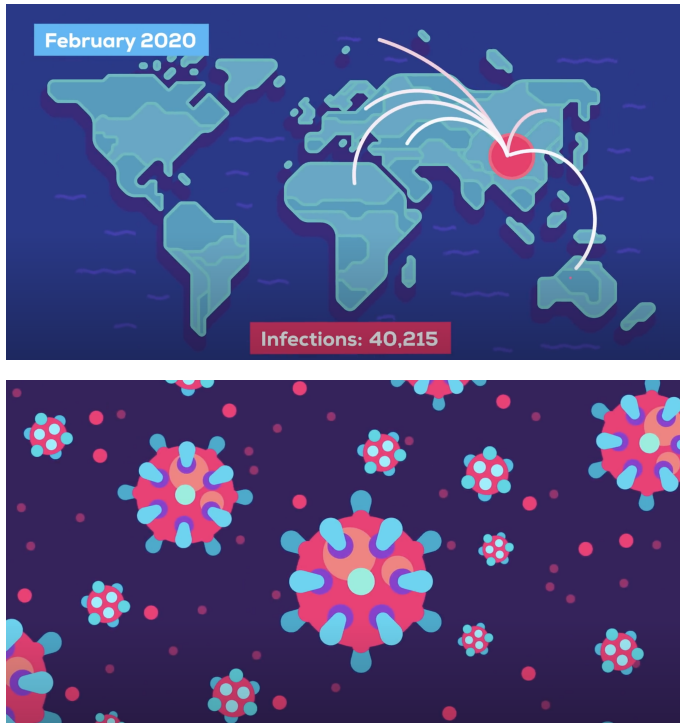

The next scene is where the main character appears and is on his journey home. The virus will start approaching him to infect him. Fortunately, the main character can't be infected because he's wearing a face mask. The virus will still stubbornly try to infect by standing on top of the mask.

As the main character reaches home, he will start doing the procedures to get rid of the virus:

1. Washing their reusable facemask and clothes or throw the disposable facemask
2. Washing hands using soap and water, use hand sanitizer

This scene will show how we could kill the virus by doing the procedures.

1. Corona Virus Spreading

2. **Pizza** (main character) watches news about corona virus.

3. Before going to school, the Pizza's mother told him to **wear a mask**.
4. **Pizza** walks to the bus stop (food truck stop).
5. At the bus stop, there are 2 people (**Ice-cream cone** and **Ice-cream popsicle**) who are not wearing a mask.
6. The virus approaches the **Ice-cream cone**.
7. It gets infected and starts coughing and spreading the virus to the **Ice cream popsicle**(become infected).
8. The virus then moved to the next target and tried to remove the **Pizza's** mask but failed.
9. The bus arrived, then the **Pizza** and the other 2 people got into the bus.

10. The **Ice-cream popsicle** starts sneezing and coughing by covering his mouth.
11. **Ice cream popsicle** started touching the bus pole with his hand, and the virus is now on the pole.
12. The other passengers (**Couples and families of junk food**) started touching the pole and got infected.
13. The **Pizza** arrived at school and started its class session.
14. The scene of the **Pizza** studying in the classroom will show the seating arrangement of the classroom. Rows and desks are separated. This will show the audiences that the character is **practicing social distancing at school.**
15. The school bell rings to indicate lunch hour. The students (**junk-food**) leave the classroom. The viruses can be seen (stick on the wall, floating in the air) as the student walked towards the cafeteria. Before eating, the **Pizza washed his hands** and so did some other students.
16. **Taco** started sneezing and coughing but they **close his/her mouth with his/her elbow** so the virus didn't get to the air and their food (salad, veggies, they're not cannibal don't worry :))) while the **donut** didn't close his/her mouth and the now the virus is on the table and other kids' foods and the other got infected while eating the infected food.
17. The **Pizza** wash his hands after lunch
18. After school a few other kids lingered to play/hangout in the school yard and got infected because of longer exposure to the outside and asymptomatic/newly infected/infected people. The **Pizza** went back home immediately after school's over. **Keeping his face mask on and social/object distance.**
19. The virus stubbornly keeps trying to get through the **Pizza's** mask on his way home.
20. As the **Pizza** reaches home, he starts opening the mask and put it in the washing machine to wash and get rid of the virus on the mask. The **Pizza** wash its hands and use hand sanitizer to sanitize itself.

21. **Pizza** tells its mother its day, pointing out points its mother always remind **Pizza** to do and its mother praise the **Pizza** for that
22. THE END :')

NEW STORYLINE

Characters (Puppies) :

1. Bobby

Breed : Pug

Characteristic : Wise, responsible, Hot-headed

2. Meggy

Breed : Chihuahua

Characteristic : Stubborn, sociable/extrovert, outgoing

3. Penny

Breed : Corgi

Characteristic : Coward, Indecisive, Cautious

Side Characters :

1. Jimmy

Role : Meggy's friend

Breed : Dalmatian

Characteristic : Sociable, Pushy, Naive

2. Jenny

Role : Meggy's friend

Breed : Poodle

3. Johny

Role : Meggy's friend

Breed : Bulldog

Location : Home

1. The three characters are watching news about CoronaVirus at home. **The news shows the news about the number of cases in their homeland(?).** During this scene, Penny is stunned and too scared to react as he is a scaredy cat, whereas Meggy and Bobby are enjoying the movie.
2. After the movie, Penny will express his fear of how he was so scared and paranoid of CoronaVirus because of the movie. Meggy expressed his boredom and declared he wanted to go out and socialize with his friends. Bobby scolded and lectured Meggy on how dangerous this virus is.
3. Meggy received a video call from his friend called Jimmy. Jimmy invited Meggy to go play at the playground with their other friends, Jenny the poodle and Johny the bulldog. Meggy was very excited to go but Bobby didn't allow him to go anywhere especially during this Covid-19 situation. Meggy wanted to decline but Jimmy provoked

Meggy to go out and join them. Meggy got annoyed and agreed to play at the playground later.

(conversation)

4. Meggy tried to find a valid excuse so that he could go out so he went to the fridge and said that the fridge was getting empty and he had to do grocery shopping. He announced he will go out to pick out some stuff from the grocery store, then Bobby decided they should go all together. Meggy insisted that he could go alone but Bobby demanded that all of them go together. Penny didn't want to but he's afraid that they couldn't get his favorite snacks which made him decide to go.
5. Before leaving the house, Bobby reminded them to wear masks and use hand sanitizer. Penny decided to wear the protective hazmat suit to ensure his safety and he also brought a hand sanitizer spray with him.

Location : Grocery Store

6. They arrived at the grocery and lined up to be checked by the security who will take the customers' temperature. When it's their turn, Penny was paranoid as to how the security was standing very close to him. He sprayed the hand sanitizer spray to the security's face which made Bobby quickly apologize to the security and pulled Penny.
7. To save time and due to social distancing, Bobby assigned Meggy and Penny to retrieve stuff from different aisles. Meggy thought that this would be the perfect timing to sneak out to the playground as it's near to this grocery shop.
8. Meggy tried escaping but his plan kept failing because he kept running into his friend. He just grabbed anything nearby when he

encountered his housemates, Bobby was starting to get suspicious of Meggy but he didn't ask. On the other hand, Penny kept complaining about how he wanted to go home badly. Penny also couldn't stop spraying at other customers who passed by him. Meggy always found a way to find an excuse to distract Penny and Bobby.

Location : Playground

9. Finally, Meggy managed to sneak out. He thought that he would finally get a chance to play with his friends but when he got outside, he saw Jimmy and his other friends being taken away by the ambulance. Meggy got shocked because what he saw was similar to the scene in the movie. Due to panic, he quickly ran back to the grocery store.

Location : Grocery Store

10. Once Meggy got back to the grocery store, Bobby saw him enter the grocery store, Meggy quickly retrieved a nearby grocery basket and made an alibi, Bobby asked him where he was.
11. Meggy finally decided to tell the truth once Bobby realised the stuff in the basket wasn't what he was supposed to collect, Bobby sighed and turned around and continued to complete the shopping. At this stage, Bobby was really mad but he didn't want to cause a scene at the grocery store. Meggy got scared because he knew Bobby was angry as to how silent he became.

Location : Home

12. They arrived home and before they entered their home, Penny got out from his hazmat suit and threw it into the washing machine , sprayed the shopping bag, their shoes and sprayed everyone with

disinfectant. While Bobby kept scolding Meggy, Penny busied himself spraying both of his friends.

13. Meggy tried to break the silence by saying sorry. Then, Bobby immediately scolded Meggy. When Bobby got mad, he started shouting and complaining non-stop and babbling about how dangerous it was. Penny chimed in with depressing facts about death from the virus. Bobby kept scolding, Penny tried to separate them, but before separating them, Penny sprayed them with the disinfectant. Meggy felt bad about his behaviour and admitted his mistakes and told Bobby that he will not do it again.

Ending

14. Meggy and Bobby shouted at Penny to stop spraying them with disinfectant. Penny stopped spraying and everyone laughed.

Dialogue

[Movie]

Penny : AHHH!!!!

[After the movie]

Meggy : What a cheesy movie...

Penny : Ugh the virus is really everywhere! It's attacking the world!!!

Meggy: Oh relax Penny, it's just a movie! I'm sure it's not as bad as the movie.

Bobby : It is, have you read the news? Lots of people around have been infected and the movie shows exactly what's happening to the world right now.

Penny : I don't want to go out anymore!!

Bobby : Nobody is going out and everybody is staying at home unless we run out of food.

[Incoming video call from Jimmy, Jenny , Johny]

Meggy : I have to take this, guys.

[Meggy left the room]

Jimmy : What up yo!

Meggy : Hey guys !

Jenny : What'd ya up to?

Johny : Wanna go out and play?

Meggy : Yes sure but I don't think Bobby will let me. He said that we can't go out because of Covid.

Jimmy : Really Meggy? Or are you not brave enough to speak up to Bobby?

Jenny & Johny : *Laughs*

Meggy : What, of course not!! Fine, I'll see you guys at the playground later.

Jimmy : See you there, bye!!

Jenny : See ya!

Johny : Yay!

[Meggy thinks hard on how to escape the house without Bobby in the way]

Meggy : I think we're running out of food. I'm going to pick some stuff up from the store, guys. Be right back.

Bobby : Wait, we're coming with you. Let's all go together.

Penny : No, I don't want to!

Meggy : Uh, it's fine. I can go by myself.

Bobby : Everyone is going to the grocery store.

Penny : Wait at least let me get my stuff and put on this hazmat suit. Don't forget this disinfectant spray. *sprays*

[Everyone wears masks and goes to the grocery store, Meggy starts to panic and thinks of a way to sneak out from the group.]

Security : I need to take your temperature.

Penny : AHHAH!!! DON'T COME NEAR ME! *sprays to security's face*

Bobby : PENNY!! I'm really sorry!

Security : *nod* hm..

Bobby : Alright guys, let's make this real quick.

[Penny ran immediately to the hand sanitizer section and took as much as he want]

Bobby: I'm going to pick up some pickles and carrots, and you! *point and look for Penny* nevermind. Meggy! You will get a toothpaste and a conditioner, get the cheapest one!

Meggy : Okay.

Meggy : This is my chance to escape.

[Meggy attempts to escape but passes Penny]

Penny : Hey Meggy, are you done? I want to go home, there are too many puppies here. *sprays another puppy passing by*

Meggy : Uhm no, I haven't got uhm... Conditioner!! *grabs a mouthwash nearby*

Penny : Uh, alright. See you in a bit.

Meggy : That was close, I need to avoid Penny...

[Meggy's 2nd attempt to escape but passes Bobby]

Bobby : Meggy, can I see the conditioner that you took?

Meggy : Uh, sure... *flash the mouthwash*

Bobby : That's a mouthwash.. What is wrong with you? You haven't got the conditioner?

Meggy : Yeah, we need a mouthwash, don't we? I'm going to get the conditioner now.

Bobby : Once you're done, let's meet up near the cashier.

Meggy : *nod*

[Meggy's 3rd attempt to escape and succeed.]

Meggy : [running like crazy] Yes! Yes! I'm free!

[Arriving at the Playground]

Meggy : Hey guy...s.... *Gasp*

[Ambulance noise, Meggy saw Jimmy being taken by the ambulance]

Jimmy : Meggg...yyyy...

Ambulance guy : *speak on phone* Yeah, we got one new patient infected by coronavirus.

Meggy : Oh no.....AHHHH!!!!

[Meggy runs away quickly and get back to the grocery store]

Meggy : Gosh, that was close. *looks up, Bobby is glaring*

Bobby : Uhh.. Meggy? Why are you coming from the exit door?

[Meggy grabs a nearby basket]

Stranger? : Hey! That's mine!

Penny : What's going on.. And where's the toothpaste and conditioner?
looks in the basket

Meggy : *Nervous Laugh* Uh, well, I might have tried to escape and off to the playground?

Bobby : What? What do you mean?

Meggy : I tried to join the Jimmy guys at the playground, but I didn't get to! He got admitted to a hospital before I could get to him!

Bobby : *surprised but then sighs* Fine, I'll get it.

Meggy : Bob... :(*ducks her head*

[Meggy starts feeling guilty]

[Arriving home]

[Everyone stayed silent]

Penny : *spraying hand sanitizer to everyone*

Meggy : Sorry....

Bobby : What were you thinking? Have you lost your mind? I bet there's no brain in that little head of yours!

Meggy : I'm so sorry! I missed the world and I really missed my friends!

Bobby : You think I don't?! Why didn't you listen to me? Imagine what would have happened if you had arrived a second earlier before he got in the ambulance! You would've been infected and you will be passing the virus to me and Peggy! Do you want that?

Penny : I COULD'VE DIED MEGGY! WE COULD'VE DIED!

Meggy : I said I'm sorry, okay? Stop yelling at me! I regret what I did and I didn't think about that. I was selfish :(

Bobby : Why do you never listen to me! I'm saying this for your safety, but you just never learn to listen.

Penny : STOP!!!! *tries to spray but ends up flushing a whole bottle of sanitizer to his siblings*

[Everyone looks at the puddle of liquid bellow]

Penny : Oops...*leaves slowly*

Bobby : *sigh* Listen, I'm sorry for yelling. It's my responsibility to take care of you and Penny as I want to protect you guys. It's very important that we do social distancing and stay at home as much as we can. I know all of us want to go out and play but it's an unfortunate time we're living now. It's not the time to play outside. In fact, there's a bright side in this situation, we have so many fun activities we can do inside! Look how much time we get to watch movies! We can play your favorite board games, and spend more time together!

Meggy : Those are some really good points, I understand now how serious and dangerous Coronavirus is. I promise I won't go out and put myself and you guys in danger anymore. I get that, can we play a uno or monopoly now?

Penny : I would like that, as long as you guys take showers first *sprays again*

Bobby & Meggy : Stop spraying!!!!

END
