

Maths Week Scotland at Tillicoultry Primary School | Learning Grid for P2-P4

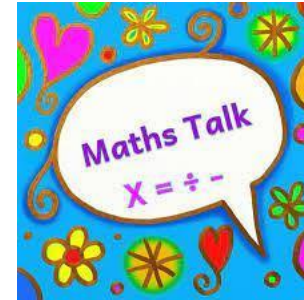

BIRTHDAYS

Find out the birthdays for everyone in your house. You can also ask friends and neighbours. Can you put these in order from first in the year to last?

NUMBER EXPLORE

Cut out examples of numbers from newspapers or magazines. For each number, write in words and draw a picture to show that number.

TALK MATHS

Ask the people at home how they use maths in their life. Create a poster or picture to show maths being used in the real world.

PASTA MATHS

Use dry pasta pieces to divide into equal groups. How many equal groups can you divide 24 pieces into?

No pasta? Use stone, marbles, Lego.

BAKING TIME

Measure out the ingredients to make this retro school cake. bakingwithgranny.co.uk/recipe/school-cake/ Or feel free to use another recipe.

3D SHAPES

Find five real-life examples of different 3D objects in your home. Can you give them the mathematical name of the 3D object, e.g. toilet roll is a cylinder.

MONEY MONEY MONEY

Record different combinations of coins to make up 21p.

Use real coins or draw them out.

60 SECONDS

Create a list of things you can do in one minute. How many star jumps? How many words can you read? How far can you run?

Use a stopwatch or timer on a phone/smart speaker.

HIT THE BIUTTON
Hit the Button is an online maths game with quick fire questions on number bonds, times tables, doubling and halving etc. Practising these number facts to increase your speed and accuracy.

OUTDOOR MATHS
Find a selection of natural materials.

Can you group them by colour? Size? Length?

Tick the box when you have completed a challenge. How many can you complete over the week? Remember to share your learning.
