

BE A LIGHT

to those who are waiting.

National Donor Sabbath is an interfaith initiative that celebrates the lifesaving power of organ, eye, and tissue donation.

It encourages all faith communities to advocate for donation as an act of boundless generosity and compassion.

Each one of us has the power to be a light – to Be the Gift – to those who are waiting for a lifesaving transplant.

“We ourselves feel that what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop.”

– Mother Teresa
