

1. Which data set did you select and why did you choose it?
2. Summarize the data included, being specific about the types of data (text, sounds, transactions, etc.) included. Make sure you list the title and the website (URL) where you found the data.
3. List your 3-5 hypotheses and the data visualizations that you created for each. (Include the visualizations as images on your portfolio or provide a link to them shared with your instructor.)
4. Explain how collaborating with a partner helped you gain new insight or knowledge about the data.
5. Identify at least one security and/or privacy concern that is associated with the data in the data set you chose.

Portfolio Reflection Questions

Make a copy of this document in your Portfolio Assignments folder and answer these questions in the spaces below. Once complete, turn in this assignment according to the steps given by your teacher.

[7.4 Data Visualization Project Curriculum Page](#)

Answer the questions using the boxes below:

1. Which data set did you select and why did you choose it?

Answer

--

2. Summarize the data included, being specific about the types of data (text, sounds, transactions, etc.) included. Make sure you list the title and the website (URL) where you found the data.

Answer

--

2. List your 3-5 hypotheses and the data visualizations that you created for each. (Include the visualizations as images on your portfolio or provide a link to them shared with your instructor.)

Answer

Hypothesis 1:
<insert visualization>

Hypothesis 2:

<insert visualization>

Hypothesis 3:

<insert visualization>

Hypothesis 4:

<insert visualization>

Hypothesis 5:

<insert visualization>

3. Explain how collaborating with a partner helped you gain new insight or knowledge about the data.

Answer

--

4. Identify at least one security and/or privacy concern that is associated with the data in the data set you chose.

Answer

--
