School meals will resume on Tuesday September 8th., and we are excited to be able to serve your children hot food at school once again as well as continue to offer grab and go and delivery of meals for those students who are learning remotely. CVSD will be able to continue to offer free meals for all children 18 years of age and younger as we start school.

You can also request delivery of meals on the form and we will deliver meals to your home. By requesting this option, you are giving us permission to deliver meals to your home. Please place a cooler near your front door for us to place the meals in to keep them safe and cold. Some items will need to be reheated at home. The instructions will be on the labels.

If you feel you may be eligible for meal benefits, please fill out this online form and submit it to the school.You will be notified if you qualify for free or reduced priced meals. Even though meals are currently free for all, this is likely to change later in the fall. *Also, this information is used to determine the amount of federal assistance the school receives each year to support learning.* If your situation changes you can apply at any time.

If your student has **special dietary requirements** please let us know. We will be happy to make reasonable accommodations (prepare a vegetarian version, substitute gluten free grain, bread or crust, soy milk or offer an alternate meal) to make sure they can have something nutritious and delicious to eat.

Please contact your food service director if you have questions.

Thank you. We look forward to serving students again at school and to continuing to provide meals for the families in our communities.
