

2023-2024 Principal's Advisory Committee Application

The purpose of the Principal's Advisory Committee is to provide a space for students to partner with Mrs. Seegmiller in order to provide insight, ideas, solutions and plans to improve our school. Meetings will be monthly or as needed. Meetings will occur during 8th hour once a month during the second semester.

Name: Morgan Casteel

Grade: 9th grade

Use this template and submit it electronically or you can print it out and handwrite your answers. Printed copies must be turned in to the office to be considered.

1. Tell me why you believe it is important an Advisory Committee made up of only students is important to improving our school.
 - I believe it is important that we have an Advisory Committee made up of only students for improving our school because we know what we need, and what we want due to the fact that this is the environment we use everyday to learn.

2. What is the number one issue that you believe exists in our school?

I believe that the number one issue in our school is the venue for the eighth hour study hall.

3. Why should I choose you to be on this committee?

You should choose me to be on this committee not only because I have many ideas and plans for improvement, but because I also want to help get other student's ideas to you that may be too nervous to say something or just don't have enough time. I feel that I can be an avenue for communication between students and the administration.

Please list a reference and his/her contact information here. I do NOT need a letter from your reference. However, it is important that you ask this person to be a reference as I will contact your reference while making the decisions.
