

GroupMe

GroupMe is a free group messaging app that allows you to communicate efficiently across platforms (IOS/Android/Web-PC/Mac) and create “Groups” for more streamlined communication.

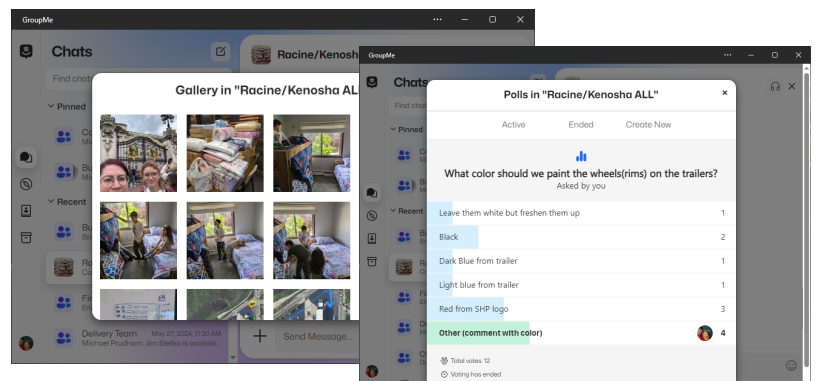

- Does not require SHP Email addresses so team members who do not have them can still participate
- Create groups for individual teams; deliveries, builds, management, etc

- Share events, create a calendar
 - Allows for users to add events to their own calendars
 - Events can also be programmed with a reminder(s) that will remind from within group me app

- Share photos, create polls

Setup Guides available at:
