Obinze Immigration Poem Activity

Directions:

- Last class, you chose a poem from Poetryfoundation.org that you felt captured Obinze's immigrant experience. Then I put you in groups and had you agree on 1 poem. Please get back into your groups.
- On this document (make a copy) or on the Google doc you already started:
 - Copy and paste the chosen poem onto a doc & share it with everyone in your group
 - Use the comment function to identify words or phrases and connect them to Obinze & his experience in London. Explain why you chose those words or phrases.
 - Lastly, create a new poem about **Obinze's identity while in London versus his identity in Nigeria** (before or after London) **You can only use words from your chosen poem** (the one you annotated together) (muahahahahh)
