

# Kindergarten Round-up & Child Find Event

## Wednesday, April 17, 2024

## 8:30-11:30

## Kirkland Elementary School

**Address**: 14200 Kirkland Hillside Road, Kirkland School
**Where**: (Start in) Special Ed. Resource Room (Building 4)

## Why do we have Kindergarten Round-up and Child Find?

This event is for kindergarteners (age 5 by Sept. 1st) and preschoolers (age 3 by Sept. 1st). Students will be screened in all 5 early childhood domains listed below. This information will help the school staff determine class sizes and readiness levels for the coming school year (2023-24). Child Find events are also required for identifying students with disabilities.

## What is Child Find?

Child Find helps the school locate students between the ages of 0-22 years who may demonstrate concerns in one or more of the areas to be screened (listed below). This includes preschool children ages 2 ½ years through 4 years old whose parents request that their child be screened.

## Areas to be screened:

- Cognitive Ability
- Adaptive Skills
- Physical Development
- Communication Skills
- Social – Emotional Development
- Vision/Hearing Screening (Wellness Center or school nurse)

Upon parent request, screenings for Child Find can occur at any time during the year. For this particular event, we will screen any child that visits KES during the timeframe of the event, but we also want to encourage you to call (prior to April 17, 2024) and reserve a time. This will help us avoid overlaps and hopefully prevent you from having to wait.

## Questions or to RESERVE a specific time:

928-442-2374 (or 928-442-3258) Please ask for Katie.
