

TB Kart, Amarillo Kart Complex and Racelab take the next step as AKC becomes Official Distributor for TBKART in the USA, and Racelab/TB KART collaborate to create a 'Works' racing team for North America!

TBKART Srl., Amarillo Kart Complex, Racelab, and Kartplex are pleased to announce the next step in their efforts to bring TB to the Top in North American Kart Racing.

Beginning in November, Amarillo Kart Complex will be the new warehouse and center of distribution for all TB Kart products in the USA. AKC has already helped grow the TB Kart brand massively in 2024 serving as the southern US Distributor, and now they will be able build upon that momentum by expanding to serve the entire country.

Racelab will focus on working closely in partnership with the TB Kart Factory team in Italy to sharpen our focus on Racing and improve both customer service and on track performance.

"I'm excited to continue to grow our partnership with two of the most proven race programs in North America with Racelab and KartPlex." explained Kyle Yuchinski, owner of Amarillo Kart Complex. "I truly believe that we are going to bring the TBKART line of karts to the front of the pack in the US market, matching the success that the brand is already experiencing on the world stage!"

Racelab will also remain as the Distributor for all TB Kart products in Canada and remain the distributor for Villeneuve line of karts world wide. KARTPLEX and Racelab are also collaborating

with the UNISIS Academy to create North America's first live in academy for student athletes focused on Motorsports but who want to complete a world class education at the same time.

"Kyle, Craig, and their teams have already done a fantastic job of growing the TBKART brand in North America and supporting our dealers in 2024." said Enea Brenna, CEO of TBKART Srl.

"We want to build on this momentum. With both the distribution and the race team, TBKART is prepared and ready for an increased level of commitment in 2025 and beyond. I am extremely excited for what the future holds for TBKART here in North America!"
