Wheat Germ Oil

Make it last. Wheat Germ Carrier Oil – RBDW, rich in natural Vitamins A, B, D, and E, proteins, and Lecithin, serves as an antioxidant, extending the shelf life of other carrier oils when combined with them. This carrier oil is a staple in beauty routines and skin and hair care products.

When refined, bleached, deodorized, and winterized (RBDW), Wheat Germ Carrier Oil has undergone various processes to remove impurities, color, odor, and waxes. These processes enhance the oil's quality, as well as that of any product it is used in.

Botanical Name: *Triticum aestivum*

Origin: China

Extraction Method: Solvent extraction

Processing Type: Refined, Bleached, Deodorized, Winterized (RBDW)

Color/Consistency: Light yellow to golden yellow clear liquid, with a light consistency.

Aromatic Summary / Note / Strength of Aroma: Typical carrier oil scent.

Absorption: Wheat Germ Carrier Oil has a medium absorption rate that leaves a slightly oily feeling on the skin.

Benefits

Refined to Eliminate Odors and Impurities: Our Wheat Germ Carrier Oil – RBDW undergoes a refining and deodorization process, resulting in a pure and pristine oil for your skin care routine and products.

Soothes Dry, Cracked Skin: Enriched with Vitamins A, B, D, and E, proteins, and Lecithin, this Wheat Germ Oil deeply moisturizes and nourishes, leaving skin soft and rejuvenated.

Reverse Time: Wheat Germ Carrier Oil's antioxidants reduce the appearance of fine lines, wrinkles, and other signs of aging, for a more youthful complexion.

Boosts Skin and Hair Radiance: With its nutrient-rich formula, it enhances the radiance of both skin and hair, revealing a healthy glow.

Directions and Uses

- Indulge in Luxury Skin Care: Enhance your lotions, creams, and skin care products with 1-5% of our Wheat Germ Carrier Oil – RBDW for intensified moisturization and nourishment.
- Moisturizing Massages: Infuse 10-25% Wheat Germ Carrier Oil into massage oils for a deeply hydrating and rejuvenating experience that leaves skin irresistibly soft and supple.
- Give Your Hair the Royal Treatment: Elevate your hair care routine and products with 1-5% Wheat Germ Carrier Oil blended into your conditioner, for a lustrous, radiant shine.
- Bath Time Bliss: Add a few drops of Wheat Germ Carrier Oil to your bath water for a decadent moisturizing soak that leaves your skin feeling supple.
- Homemade Lip Balms: Mix 5-10% Wheat Germ Carrier Oil with beeswax or other ingredients to create a homemade balm that protects your lips from dryness and chapping.
