

Resolution to Endorse Devin Davis for Louisiana Congressional District 2

Submitted by: Bob M. and Jack R. S.

Whereas, Troy Carter has taken money from fossil fuel companies and continues to neglect his constituency in Cancer Alley, while his ongoing support from [zionist advocacy groups](#) has influenced his contribution to the martyrdom of too many Palestinians, and

Whereas, Devin Davis, a member of DSA and VOTE, has unabashedly supported the Palestinian cause and BDS and can finally put a member in Congress representing the poor and working people of Louisiana, and

Whereas, the National Electoral Commission recommends chapters “should focus on races that target the worst incumbents against whom a clear contrast can be made”, “Chapters should consider both experienced DSA core organizers and other working-class organizers with an existing base of support”, and “Make efforts to recruit and support Black and socialists of color candidates for office”; therefore

Be it resolved that the New Orleans DSA chapter endorses Devin Davis for Louisiana’s 2nd Congressional District, and

Be it further resolved that the [Endorsement Campaign Group](#) will be created immediately upon passage, expiring no later than November 30, 2024, and

Be it further resolved that the Endorsement Campaign Group will coordinate members to volunteer for Devin Davis’ campaign, seek out national DSA endorsement, and if possible, register voters in CD2, and

Be it further resolved that the Local Council “will communicate endorsed candidate expectations directly to the candidate at the outset of the endorsement process” when this resolution receives 10 signatures.
