Meeting Location: Zoom

Rosemary, Laurie, Rodsha, Cheryl, Catrina, Aswad,

- Emergency Meeting: Board Officers
- Report(s) (All documentations were provided to the Board Officers, prior to the meeting for review)
 - Board of Director's & Committee applications and commitment forms - were provided for all Board members and are expected to be turned in by the end of this week (for those who have not turned in).
 - Job descriptions - included positions for the Officers of the Board of Leaders for Rosemary's Babies Company.
 - Self-evaluation- complete the self-evaluation within 14 days, April 30, 2021. This is for federal records.
 - Incident report- included the incident, complaint, text messages and email statements.
 - Timeline - included the February 1, 2021 Gala meeting with Charters Received, through April 5, 2021, Conversation with CEO via phone call at 1:24pm.

Bylaws- were given prior to meeting for review again

Anne Flottman, Board Member since January 1, 2021 violated the Rosemary's Babies Company Bylaws and Guiding Principles. The infractions between March 18, 2021 – April 5, 2021, based on the governing rules warrant an immediate removal from the Rosemary's Babies Co. Board.

Article III: Board Leadership Section IV: Removal

(Bullet 4) Rogue board member: A board leader who uses their authority outside of the jurisdiction of the board. The board leader is no longer serving the better good of the organization but instead personal agenda and what they feel is right for the organization.

(Bullet 5) Negatively Affecting Morale. 1. Inflicting political agenda in areas of work that are unrelated. 2. Sending false information to the RBC Gala committee. 3. Spouting pejoratives as it relates to the CEO/Executive Director

Rosemary gave insight on the incident from her perspective, along with referencing the documentations provided.

Laurie gave insight on the incident from her perspective, along with undocumented conversations with

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

Ann Flottman.

Rodsha gave a scenario of this incident happening at P&G, and the outcome for insubordination. Then asked, how is this different for Rosemary's babies company?

Catrina agrees with Rodsha, there was a Charter in place. Any discussions for other venues considerations, should have been brought to the board, before any meetings took place at the venue . Also, "Words have power," meaning- what you say, can seriously impact someone else. Example " I'm Fearful of her Wrath."

Cheryl thinks Ann seems to have the best intentions, but went about it in the wrong way. Then asked, will she be a liability if she stays or goes?

Aswad also concerned about the liability of keeping Ann off or on the board.

Aswad motioned to vote Rodsha second and all agreed to remove Ann from the board, duties and any access.

Catrina will be drafting the notice letter for Ann Flottman, by Sunday April 11, 2021.

Laue will be sending notice to Ann Flottman, before Monday's meeting April 12, 2021 at 6:00pm.

 - Accounting: Cheryl **had a meeting with Cincinnati Economy Development Department**
- Emergency Meeting
 - Rosemary had attorney review the Updates agreement from the City documents (by Jacob and Catrina)
 - The changes are only in Exhibit E, to incorporate the two requests.
 - As a follow up to the meeting, the City and RBC will need to finalize the terms and sign the agreement by Thursday (6/16) to encumber the funds for the contract. For the City to advance the funds at closing, RBC will need an executed agreement (contract signed by all parties, the City and RBC) and the due diligence items required for disbursement delivered by Friday (6/17).
 -
 - The due diligence items required for **disbursement** are outlined in the draft funding agreement. The important items for delivery include:
 - · Evidence of all financing secured to complete the Project. This may be in the form of a term sheet, board resolutions/minutes, signed legislation provided by the lender, private donors, and/or other government agencies.
 - · Construction contract with general contractor. The contract describes the general contractors agreement to provide the service for the project and outlines the costs for construction based on the budget (Exhibit B within the contract).
 - · Insurance (Commercial General Liability, Builder's Risk, and Worker's Compensation)
 - DCED will continue to engage our attorneys to review the markup delivered this morning and plan for a meeting in the next 24 hours with RBC's legal counsel.
 - On the call the City attorneys mentioned that they have the appropriate language from prior deal to be added to Exhibit E to reflect that Rosemary's Babies can purchase the property with other funds and then seek reimbursement for such expenditures from the City (i.e., acquisition costs as opposed to

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

construction costs). Joseph offered to add language but they said they already have city-approved language to be added.

-
- The other edit Rosemary's asked for was to add or specially reference that as a condition of receiving the reimbursement funds, the "Due Diligence Materials" referenced in the body of the agreement would be all that is necessary to receive the funds.
-
- Rather than us creating language for the City to approve or disapprove, it makes more sense to have the City add their pre-approved language.
- IFF has contacted RBC to advise that the approved funds have increased to \$950,000.
- All agreed to move forward with purchasing the home with our own funding and not accepting the city funding.

○ 2023.09.10

■ **Proposed Agenda:**

■ **Brief Introductions**

■ **Project Overview**

■ **Original Project Completion Date: 5/30/23, Extended to 9/30/23**

- *Rodrigo claimed that they never agreed to/there is no documentation supporting a May 30, 2023, or a September 30, 2023, completion deadline*
- *Response: Andrea showed a timeline of project completion that had never been provided or shown to RBC before today's meeting but that said that an original date of May 30, 2023 was discussed between the parties but delays(see below) started early so the date was moved back to September 30, 2023. Andrea claimed that they explained these delays to us back in August, didn't anticipate the delays taking so long, that RWB is working without any sequence. CJ responded that while they did send an email to her once in September, there hadn't been regular Communication to RBC of delays, throughout this process, etc., RWB challenged that and mentioned weekly meetings. Elaine provided great detail on these meetings, explaining that many times RWB didn't show, and that she had been begging them for a timeline (such as the one presented to us today and which Andrea said she would share with us) but had never received anything. [No one from RWB commented on or challenged these working dates after her explanation. When pressed, Rodrigo didn't have an answer to CJ's question about them entering*

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

into a contract with no end date.]

- Board Ask/Decision: Board asked that they communicate with RBC on a regular basis and confirmed that Andrea will provide the high-level updates while Adrian and Randy would be our day-to-day POC's for updates.
- Signed documentation on actual completion date on contract? Follow up with IFF?
- **RWB submitted schedule prior to updated drawing submittal. Updated Schedule?**
 - *Board expressed frustration surrounding a lack of regular communication and transparency. RWB claimed that they had done both.*
 - Response: Elaine reiterated her numerous requests for both at the weekly meetings that RWB resisted and rarely attended and the non-responses to her requests for updates. She reminded everyone that the house sat with no work being done from December 2022 - June 2023. RWB responded that they worked on the things they could do during the delays.
 - Board Ask/Decision: Board requested clarification on the POC's (Adrian & Randy) going forward and for more regular communication from RWB
- **Refreshed 1st Floor Required Completion Date: 10/15/23**
 - *RBC pressed for an October 15, 2023, deadline for the 1st floor and electrical work completion on the 3rd floor, explaining the reasons why: need to bring donors in, set up additional equipment, check the internet connectivity and get a security system installed. RWB stated that there is no way they can complete these asks by 10/15. RWB asked the significance of that date. Board explained that that date is needed to afford RBC sufficient time to test new equipment, internet and security system installation, etc., In addition, Board explained how critical it is that the property be completed as quickly as possible because of agreements and warranties to external parties including landscaping, the Cincinnati Zoo, Levi the Leadership Lion's designated area, Beech Acres (who needs access to their office space), Fifth 3rd Bank, Mayer and others who need to come to shoot various media content and conduct interviews on site. Board raised question of the cause of the five-month delay where*

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

no work was done. RWB again repeated that all delays were outside their control but intimated that they had been working as diligently as they could to complete this process. Elaine detailed her many efforts to get X moving during this delay without adequate responses until this meeting.

- *Response: Andrea stated, and Rodrigo confirmed, that the entire building should be completed no later than next weekend (date: 10/27 Or 10/28) save for a few punch items.*

- *Board Ask/Decision: Since daily visits and notations have helped RBC keep track of what has transpired, it recommends continuing to monitor progress with doing daily visits & pictures and notating developments.*

- Refreshed Full Project Completion Date: 10/25/23

- **Status of Open Items**

- **Week 10/9 Schedule Review**

- Project Percent Complete
 - Expected Completion Dates
 - Permit Concerns/Issues
 - Impediments / barriers to meet 10/15 deadline

- **Open Items / Questions**

- Copies of billable hours, receipts, payments to contractors - NOT RECEIVED

- *RWB asked for payment on the 3rd draw that they submitted in September.*

- *Response: RBC repeated its position that RWB had still not provided RBC with sufficient documentation to satisfy its obligations to IFF. RBC maintains that it needs copies of the sub-contractor agreements as well as itemization of expenses made to match up with their claims. As of the date of this meeting there is a gap of thousands of dollars between what RWB is claiming and what we have sufficient documentation to prove. RWB claims that since RBC paid out the first two draws with the same type of information, they don't understand why we are requiring something differently now.*

- *Board Ask/Decision: Board should go back and confirm whether the documentation submitted is satisfactory. If not, they should consider paying the third draw but holding back on remitting the final*

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

draw until they have reviewed all documentary submissions and line item any deductions

- **Unsecured Property - Entrances open, potential theft of equipment & vandalism**
 - *#6 Issue(s) raised: Board mentioned that the property has been left unsecured/open on numerous occasions and the liability that comes with failing to secure this at the end of every day.*
 - *Response: RWB admitted to leaving it open and unsecured on many occasions and vowed to do better. They also mentioned one occasion within the past couple of days where an artist hired by RBC remained on the property after their team left and left the property unsecured and open.*
 - *Board Ask/Decision: Board asked RWB to check this daily. They agreed.*
- **Project/Site Management - RBC team on site daily, no lead available (\$9M p/mth)**
- **Support Contacting City to obtain Temporary Occupancy Certificate**
 - *Two major developments led to the project delays: a change due to sprinkler installation modifications and engineering changes.*
 - *Response: Andrea explained that if not approved, these delays will ultimately prevent RWB/RBC from obtaining the TOC permit required to open. She asked if RBC could call contacts and try to facilitate a quicker response since their new dates are pushing back the deadline RBC has to prevent the Port from taking the property back and us losing our funding.*
 - *Board Ask/Decision: Board stated its commitment to reaching out in an effort to facilitate express processing of the TOC and anything else we could do to take this across the finish line.*
- **Standing Water in Basement (Not discussed in meeting)**
 - *Water in basement and accompanying mold/mildew.*
 - *Board Position: Board discussed that water remains in the basement and that now there's a smell of stench/sewage/mildew. An outside inspector should be brought in prior to RWB completing their work so that they we call will receive an independent assessment of the water source, industry recommendations on how to address id and any*

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

work being done can be modified to properly address the problem.

- **Cost of Delays \$2350 p/day - Transfer costs to RBC**
 - *Even both the May and September deadlines have passed, RWB isn't finished with the project but continues to work in furtherance of its completion. Despite Rodrigo's statement, Andrea's timeline confirms that the parties discussed and agreed to both the May and September completion deadlines. RBC can't argue both that the contract has expired, but hold RWB responsible for completing work required under the contract. Both parties are currently holding themselves out as if a contract is still live. RNC's best position/play is to continue to press for a deadline - in consideration of our other obligations - and hold RWB accountable to the contract specifics.*

EMERGENCY GOVERNANCE BOARD MEETING NOTES

Date: October 27, 2023

Time: [Insert Time]

Location: Virtual / Hybrid

Purpose: Review of Contractor Conduct, Harassment Complaint, and Contract Termination

1. CALL TO ORDER

The Emergency Meeting of the Governance Board of Rosemary's Babies Co. (RBC) was called to order by the Board Chair due to escalating concerns regarding:

- Contractor delay
 - Defective performance
 - Failure to comply with payment documentation requirements
 - Harassment and unprofessional conduct toward the CEO
-

2. REVIEW OF CONTRACT STATUS

The Board reviewed the AIA Contract dated August 31, 2022.

The Board noted:

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

- **Baseline completion: May 11, 2023**
- **Subsequent schedule extensions to September 28, 2023**
- **Representation by RWB on October 9, 2023 that there were “no impediments” to completion**
- **Contractor acknowledgment of October 31, 2023 projected completion**

The Board found that completion had not been achieved and significant deficiencies remained.

3. DEFECTIVE WORK & SAFETY CONCERNS

The Board reviewed documented concerns including:

- **Roof defects and reported leakage**
- **Plumbing leakage**
- **Electrical concerns**
- **Incomplete life safety systems**
- **Ongoing failure to provide complete schedules**

The Board determined that these concerns materially affected:

- **Code compliance**
 - **Safety of future occupants (teen mothers and infants)**
 - **Organizational operational deadlines**
 - **Lender compliance**
-

4. LIEN WAIVER & PAYMENT CONDITION

The Board reviewed lender requirements for notarized lien waivers related to Requisition #2.

The Board determined:

- **Payment of Requisition #3 was contingent upon proper lien waivers**
- **Contractor had not provided required documentation**
- **RBC made good-faith efforts to process payment**

The Board concluded that non-payment was documentation-related and not a refusal to pay.

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

5. HARASSMENT & PROFESSIONAL CONDUCT FINDINGS

The Board reviewed written communications dated October 14 and October 26, 2023 from RWB President Larry Bryant

RBC Board Letter to RWB - Compl...

.

Statements reviewed included:

- “Unhinged embarrassment”
- “Please behave yourself.”
- Assertion of no completion date

The Board determined:

- The tone was unprofessional and inappropriate
- The statements were directed toward the CEO in a dismissive and demeaning manner
- Such conduct undermined a professional working relationship
- The contractor failed to remove site personnel despite prior objections under AIA §3.9.3

The Board found this conduct inconsistent with:

- Professional standards
 - Contractual partnership obligations
 - RBC’s Code of Conduct
-

6. TERMINATION ANALYSIS

The Board reviewed AIA Article 14.2 (Termination for Cause).

The Board determined that the contractor:

1. Failed to properly supervise and administer the project

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

2. Failed to maintain schedule
3. Failed to comply with documentation requirements
4. Installed defective and non-conforming work
5. Engaged in conduct undermining the professional relationship

The Board further determined that continuation of the relationship posed risk to:

- Project completion
 - Organizational stability
 - Leadership integrity
 - Safety and compliance
-

7. RESOLUTION

Upon motion and second, the Board unanimously resolved:

1. To issue written notice confirming termination of the contract effective October 31, 2023.
 2. To deny any extension of the contract term.
 3. To document harassment and professional misconduct formally.
 4. To require all contractor access to cease after October 31, 2023.
 5. To preserve all contractual, bond, and legal remedies.
 6. To authorize counsel to proceed under AIA Article 14 and notify Surety as required.
-

8. AUTHORIZATION

The Board authorized:

- Board Chair and CEO to issue formal termination letter
- Legal counsel to prepare Declaration of Contractor Default
- Notification to Surety under AIA A312

9. ADJOURNMENT

Meeting adjourned at 4:30pm.

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

Date 11/1/2023

Ashwad called to order Elaine second

Emergency Meeting:

Elaine stated that Catrina would start the meeting, with updates about the RWB and where we stand. Catrina gave a briefing on the current communications given to RWB listed below:

RE: Complaint of Harassment & Sexism, Termination of Contract Effective 10/31/2023

Dear Rodrigo Williams, Owner:

Rosemary's Babies Co. would like to make a formal complaint pertaining to Harassment and Sexism by your President, Larry Bryant.

On two occasions, RWB President Larry Bryant, has made discriminatory, derogatory and slanderous comments, based on bias and stereotyping, toward our CEO/Founder, Ms. Rosemary Oglesby-Henry. These written email communications on October 14, 2023 (Attached) and October 26, 2023 (Attached), sent by your President, Larry Bryant, on behalf of your organization, RWB Properties & Construction LLC (RWB), are a blatant attempt to disparage her good character by labeling her communication regarding RWB's unprofessional behavior with a RBC partner as an "unhinged embarrassment." Mr. Bryant attempts to further undermine her credibility and position as a leader by demanding her to "Please behave yourself." This is by far the most egregious comment to date. This written expression, which was emailed to our board and entire team, shows his intent to position himself at a level of superiority and male dominance over our CEO.

The tone and tenor of these communications is unacceptable at every level. As a Board, we will not tolerate this behavior, and stand by our CEO/Founder, Ms. Rosemary Oglesby-Henry, and this project, unequivocally. Rosemary Oglesby-Henry is an experienced and accomplished leader in her field, and beyond, and will be treated with dignity and respect.

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

Additional statements in Larry's emails show that RWB believes there is a power imbalance between RWB and our authorized and selected agent, Ms. Oglesby-Henry, CEO, and that RWB has the sole right to decide when the contract/partnership ends. Throughout the project, despite receiving specific instructions, pictures, websites, cost sheets and supplier information well in advance, RWB has demonstrated blatant disregard for Ms. Oglesby-Henry's design and finishing choices.

RBC entered into this contract based on RWB's representation that they were capable of meeting the terms in a professional manner, and that they had the requisite skills to complete the project in accordance with industry standards and practices. Our organization and leadership believed this was a partnership aligned to the RBC Beliefs: Integrity. Respect. Transparency. Leadership. Equity. The kinds of comments made by your President Larry Bryant in response to reasonable questions and concerns brought to you by our organization, and the brazenness with which he has chosen to do so, is the very definition of unprofessional and demeaning. This overt incivility, bullying, and verbal aggression has been extolled solely to "put [Rosemary] in her place" and pressure her to stop demanding compliance and safety as it relates to the contract terms. This is not only criminal and unlawful, it goes against RBC's Code of Conduct. We do not in whole or part treat any person in a discriminatory and prejudicial way. We do not allow sexism and harassment in our workplace nor can we tolerate this as it applies to our contractors and partners. In light of this situation, we would like to put RWB on notice that we will support Rosemary Oglesby-Henry, CEO in whatever actions and steps necessary to be made whole. We, as an organization, are here to protect all of our employees despite their title, position, age, color, sex, disability, national origin, race, religion, veteran status, or political beliefs. Our legal counsel has advised Ms. Oglesby-Henry of her state and local protections against actions such as this including the right to file a complaint with the Ohio Equal Employment Opportunity Commission. As an organization we request these immediate next steps:

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

- **RBC is requesting a copy of your policies for Harassment, Discrimination, and Sexual Harassment/Sexism and the process for reporting inappropriate behavior of an employee.**
- **RBC expects an investigation into this inappropriate behavior and information on any further steps taken by RWB to ensure these inappropriate incidents are recorded.**
- **RBC expects a written response within 7 days, but no later than 14 days, from this report by your company.**

Finally, on October 26, 2023, Ms. Rosemary Oglesby-Henry, CEO, on behalf of the Rosemary's Babies Company and at the advisement of the RBC Board Chair, Aswad Mack, contacted RWB properties and construction, via email, to convey next steps as it related to your final requisitions for payment, change orders, site safety and concerns, and the negotiated and approved contract end date of October 31, 2023 (Board Decision 10/15/23). RWB President Larry Bryant's written responses are as follows:

10/26/2023 9:15am

Rosemary, You are aware the building is still under construction— renovation mode. Please behave yourself and let us complete our tasks. Thank you Larry and,

10/26/2023 10:15am

THERE IS NO STATED COMPLETION DATE IN OUR CONTRACT, Please review, Therefore this question of extending etc. Is A Non Issue , please refrain from threatening that. Again , Rosemary , please allow us to complete our work unencumbered , please ! When we turn the building over to you soon. You and your board will be completely SATISFIED. Sincerely Larry

In a show of solidarity and commitment to our CEO we maintain the original communication dated October 15, 2023 (Attached) and will not offer an extension. Further, due to continued intimidation by your President preventing our organization from ending this contract amicably

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

with RWB, RBC is now forced to make it overtly clear in informing RWB Properties & Construction your contract is terminated effective October 31, 2023. As your President, Larry Bryant, suggested, we have reviewed the contract and Article 14:2; RWB has clearly exhibited behavior that proves this action is necessary for both convenience and cause. Specifically, your company:

- 1. RWB has been negligent in your project administration duties and failure to supervise our site, in addition to failing to schedule your subs in an order that would ensure this project meets its deadline.**
- 2. RWB has failed to promptly pay their subcontractors, follow Ohio's Prompt Pay Laws, and refuses to submit appropriate documentation to support claims for payment, including lien waivers that remove our organization and yours from liability and litigation.**
- 3. RWB intently performed work that was not conducive to applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities for personal gain. RBC repeatedly reported this negligence and intentional disregard as concerning and were ignored. These practices put our children and staff in harm's way.**
- 4. RWB has shown, throughout the project, a lack of transparency, respect and partnership by failing to maintain a proper schedule or provide a schedule and disregarding the client's agreed upon contract requirements by placing inappropriate and/or lower quality materials in our site.**
- 5. RWB's employment practices, sexist and chauvinist behavior and communication style has caused our CEO non-consensual emotional distress. In fact, you further exacerbated this by failing to remove a site supervisor after numerous objections from both our CEO and the Board. (RWB Contract Article 3:9:3)**

It is within our purview to end this contract and will allow RWB access to our facility only through October 31, 2023.

On October 18, 2023, IFF, our lender, requested proper, notarized lien waivers from your

REMINDER: General Meetings are scheduled monthly, on the 2nd Monday from 6-7P ET, 5-6P CT

contractors as proof of payment based on your Requisition #2:

***Cook Waterproofing (\$12,150.00)**

***Window World (\$19,154.70)**

***B & B Plumbing (\$33,453.00)**

***Tom Rehtin HVAC (\$50,835.60)**

***Mapp Electric (\$25,987.50)**

In addition, RBC requested a proper lien waiver and proof of payment to Bo Griffin for \$53,939 which was paid directly to RWB from RBC after RWB stated that this most vital contractor would stop work without payment of this amount. In a further effort to expedite Requisition #3, RBC has offered to forego or postpone the change order requirement. RBC has made every attempt to pay Requisition #3, but your refusal to provide proper lien waivers to support your prior draws, which is ordinary and customary, is the single item preventing payment. Proper lien waivers protect both parties from liability. Please provide proper, notarized Lien Waivers on the form provided by IFF and RBC, with urgency, so that prompt payment can be made for Requisition #3.

Thank you for your attention to these matters.

Regards,

The RBC Board of Leaders

CC.
