

Ochsner Roth Cattle Co

Opening Day Sale Procedure

Join us any time on the morning of November 1 to preview the bulls and enjoy lunch with us at 12:00 p.m. The bulls will sell at 1:00 p.m. in the shed.

When we start selling bulls, anyone will have the floor to call out the number of a bull they would like to purchase. Assuming no other buyers want the same bull, it will be sold at the listed price. However, **if two or more people want to purchase the same bull** we will accept a one-time, written bid, **at or above listed price**. The highest bidder will purchase the bull at their written bid price.

***New for 2025* Written bids must be placed in increments of \$50**

Payment

We offer three ways to pay for your bulls:

1. Pay in full when you pick your bull.
2. Pay half when you pick your bull and the other half in the spring when you get your bull.
3. Pay in full in December if you need the extra time for tax purposes.

Wintering Bulls

All the bull calves will be kept here and will be fully vaccinated, semen checked, and ready to go by **April 1**. We will feed and care for your bulls free of charge until **April 15**. If it is necessary for you to leave your bulls here after April 15, you will be charged for the cost of feed.

The coming two-year-old bulls can be picked up at your earliest convenience. If it is necessary for you to leave them here for the winter, we will need to add the cost of the feed to their price.

Delivery

We encourage our customers to get their bulls at their convenience in April. We offer our facilities and assistance if you wish to brand your bulls before you take them. **We will assist you with delivery if necessary.**

Guarantee

We guarantee all bulls will be sound, healthy, and have passed a full semen test by the time you pick them up in the spring. If the bull is a non-breeder, we will replace him or refund your money. If he gets hurt or dies in the first breeding season, we will split the loss with you after salvage value is determined.

Volume Discount

If **five** or more bulls are purchased, customers will be given a discount of \$100 off per bull.

Vaccination Program

1. **At Birth:** Multi-Min 90 (1mL) and C & D vaccine.
