

Preschool for All (PFA) Income Verification

***Participation in this process is required for PFA program enrollment.**

Programs must document how family income was calculated using any one of the following forms of evidence:

- Pay stubs (two most recent, consecutive)
- Proof of WIC benefit
- Proof of Supplemental Nutrition Assistance Program (SNAP) benefit
- Proof of Temporary Assistance for Needy Families (TANF) enrollment
- Proof of Supplemental Security Income (SSI) benefit
- Proof the family receives Child Care Assistance Program (CCAP)
- Tax return (most recent)
- Wages and tax statement (most recent W-2)
- Verification/letter from employer
- Proof that parent is enrolled in Medicaid (a medical card with the child's name does not prove income eligibility).
- Signed written statement from the family (provide form for families with no income).
This is only an option when families have no income sources.

Instructions: Circle the evidence used for documentation of income. Families that qualify for McKinney-Vento homeless status do not need to provide proof of income.

Assistance Programs

Instructions: Circle the benefit in which the family participates. Attach a copy of the benefit statement OR card to this document OR a print out from the ISBE Direct Certification database. No further income verification is needed if family has documentation of the benefits below.
