

End-Of-The-Day Report:

What Did I Learn Today?

- 1. I learned that I am easily distracted by having a guitar in the same room**
- 2. I learned that there is a lot of useful information hidden throughout the Copywriting Campus that I have yet to mine and tap into.**
- 3. I learned that I can really get a lot more out of reviewing student copy than I thought possible.**
- 4. I learned how to properly break down/review copy.**
- 5. I learned that I am not doing enough research for my Outreach, which is likely why I am still stuck.**

What Do I Plan To Do Differently Tomorrow?

- 1. Get better sleep and wake up earlier**
- 2. Go off my flavor fast and eat some tasty food, though still simple and quick**
- 3. Put guitar downstairs**
- 4. Prep More Chicken when I'm cooking it to lessen time for eating meals**
- 5. Stop adding onions and garlic to food when I'm on a tight schedule**
- 6. Use a timer to focus and stay on track**
- 7. Stop second guessing my path forward, just get it done**
- 8. Review and breakdown copy before working on other things**
- 9. Shorten workout routine time**
- 10. Research Deeper into my Prospects and Avatars**

What Do I Plan To Do The Same Tomorrow?

- 1. Work on the same prospect and Target Market Avatar**
- 2. Complete my Copywriting Daily Checklist**
- 3. Check-in and stay accountable in TRW**
- 4. Maintain a positive mindset**
- 5. OODA Loop and improve my path forward**

 Who Do I Need To Update, Contact, Ask A Question To, And Share Feedback With?

- 1. Need to update TRW Daily Check-in**
 - 2. Need to post this in the Copywriting Accountability Roster**
-

 What Tasks Were Left Undone?

- 1. May have cheated... I redesigned my day in the morning. Wasn't able to complete Free Value for prospect, but I realized that it was because I hadn't done enough research and needed to dive into specific lessons, hence why I replanned my day. OODA Looped.**
 - 2. Was unable to completely break down a piece of copy, was going pretty in depth and it was taking a lot of time. Perhaps I shouldn't be so meticulous, it does make me extremely slow.**
 - 3. Would say my work review, but there really wasn't anything to review. What I did have, I did review, but it took maybe 5 mins because there was so little.**
