

ECPS Parent Permission for Movies

<<Date>>

Dear Parents,

In our upcoming <<Name of Unit>> unit, students will explore the idea of <<teacher input>>. We will begin this unit on <<date>>. This unit supports the following standards:

- <<standards>>

For this Unit, we will be watching the movie <<title of movie>> which is rated <<movie rating>>.

<<Title>> is <<summary, reviews, awards, etc,>> The movie also contains the following sensitive issues <<teacher input>>. Throughout the unit, discussion and research are promoted as ways to deepen understanding and analysis of the movie.

As always, students along with their parents have the right to request an alternate selection for independent study if a movie being watched in class is not considered acceptable by the family for the student to view. The teacher, parent and student will be responsible for selecting an appropriate alternative together in a timely manner. The teacher must agree that the alternative meets the objectives being taught by the original movie. The assignment that directs the study of the movie will be given by the teacher. The student may also work in the Media Center during times that the class views the movie. The teacher and the student will identify an agreed upon time to discuss the alternate movie as well as work on appropriate assignments.

Sincerely,
