

### **3 PLACES IN LAGOS YOU SHOULD CHECK OUT FOR LUNCH.**

Lunch hour is always the busiest time of the day and as a result, many people forfeit it. They ignore it not because they do not want to eat, but because they do not attach so much importance to it as they do to Dinner or Breakfast.

Lunch has a very large benefit it does to the body and must be balanced with the others. It does not have to be a big meal but must a very nutritious one.

The most fun part of having Lunch is that you can have it anywhere because you can go to a walk-in restaurant or have your lunch delivered to you. Some offices provide lunches for their staffs also and that makes things a lot easier.
