

RIVALS BEER LEAGUE RULES & STRUCTURE

Season 1 Starts February 28th

Please Drink Responsibly

Information

This is a league for those of us past our gaming prime but still want to play some competitive Marvel Rivals while drinking away the pain of the pro life we never had.
We're putting the FUN back in Functional Alcoholic.
Since this is a Beer League, drinking while streaming is strongly encouraged.

Remember to Join the Discord - **https://discord.gg/fMeBS4PuH6**

Structure

- Matches will be played every Friday & Saturday at 8:30pm, 10:00pm, and 11:30pm EST
- Sunday matches will be set at 6:00pm, 7:30pm, and 9:00pm EST

Players

- Players must be 21 years of age or older.
- We are obligated to tell you that players don't have to drink, but this IS a beer league (no one likes a sweat)

- If you can't handle your liquor and become a vibe kill when you're drunk, please dont drink or you will be barred from the league
- Talk-shit NOT Tox-ic. Trash talk is normal and part of the competitive nature of gaming and we personally love it. It is important to remember though that once the matches are over, the trash talk is over. Don't ruin other peoples night because you can't shoot back after a few cold ones.
- This isn't MR champs. If you scrim everyday and are matched with teammates that play for fun, dont yell at them like your house is on the line - you're not Ninja and they're just having fun. Once again - don't kill the vibes
- No disrespecting anyone (unless they're a homie and are cool with it). Racism, Sexism, any ism really that is directed towards another player or a group of players will not be tolerated in the Beer League. All instances will be evaluated by the bartenders and could resulting in being barred from the league
- Streaming with a facecam is not mandatory but highly encouraged (clip potential goes crazy)
- All players must fill out the registration form to be eligible https://docs.google.com/forms/d/e/1FAIpQLSeDoaV6okGGsQI3D8duEbdTY3w1sXAkrDdiEWi1_SoeRz8A0Q/viewform?usp=sharing

Teams

- Players can either sign up solo or with a drinking buddy
- Teams for each match will be formed randomly before match time (nothing better than drinking with strangers!)

Matches

- Match times will be posted in the Discord and players must choose the date and times they wish to play
- Matches will be Best of 3
- You can play multiple times per night and points are given in the following way:
    - 2-0 loss = 0 points
    - 2-1 loss = 10 Points
    - Win= 30 points
- Only your BEST SERIES of the night is taken into consideration for points. I.e if you lose all 3 matches 2-1, you still only get 10 points for the night.
- If you lose a map - you finish your drink

Ranking & Leaderboards

- Since there are no set teams of 6, ranks will be individually kept

Ruleset

- All players MUST follow the competitive ruleset

Hosting Matches

- Team A & B will be predetermined before each match.
- If a team wishes to challenge their opponents for their “letter”, a chugging contest will occur (quickest wins)

Best of 3

- Team A picks maps for game 1 & 3 and the gamemode for game 2
- Team B picks gamemode for 1 & 3 and the map for game 2

Map/Mode Selection

For map/mode selection, make sure to follow the process

- Team B picks gamemode for game 1
- Team A picks map for game 1
- Team A picks gamemode for game 2
- Team B picks map for game 2
- Team B picks gamemode for game 3
- Team A picks map for game 3

Lagging Out/Connection Issues

If a player/team has lagged out of the game, they must rejoin as soon as possible. No replays allowed and must contact a bartender if they cannot rejoin.

No Shows/Match Delays

- Teams have **30 minutes** to pre-drink before the scheduled match time and to get all their players in the lobby
- Teams have **15 minutes** in between Maps for beer runs and breaking the seal. Players must be ready to play or you'll forfeit (and need to chugg your drink)

Substitutes

- If a player is too drunk to play, a team can ask for a sub in the discord
- Only players that have registered for the league can be used as subs

Playoffs

Top 48 degenerates qualify for playoffs!

- Since points are individual based, the top 48 players will qualify for playoffs
- Players ranked 1-8 will be Captains
- Players ranked 9-48 will be eligible for Drafting
- The Draft will be a snake draft and the order will be based on the overall placing at the end of the season (Captain 1 getting 1st pick, Captain 8 getting 8th and 9th pick, etc)
