

How's it going? I'm Destiny!

About Me

- I am a big-hearted nerd looking for a match who is kind, funny, and loves stories.
- I am a published author of [middle grade novels](#), [audio dramas](#), and [TTRPG content](#) (writing is my main passion in case it's not obvious). I'm also a lawyer, but I don't practice currently.
- I am on the asexual spectrum and looking for someone to form a connection with rather than jumping straight to physical intimacy. Taking it slow is important to me.
- I'm a pescatarian (minus shellfish) but that's more a taste thing, not a moral stance.
- I am currently in Naples, Florida but don't plan to be here indefinitely. Just waiting for the right opportunity to spur a move.
- I am very open to starting out long distance. Some of my closest friendships started online.

Dealbreakers

- **Kids:** I'm not interested in having kids, biological or adopted.
- **Age Range:** I am looking for a guy who is in the 25-35 age range.
- **Conservative Politics:** Although I'm not overly political in my day to day life, my values don't align with conservative politics and it's important to me that whoever I date shares my values.
- **Hardcore Atheism:** I was raised Christian and still consider myself Christian (though in a much less legalistic and much more acceptance and love thy neighbor kind of way). Though I don't need my partner to share my exact beliefs, I'd prefer someone who is baseline spiritual, even if agnostic.
- **Smoking/Excessive Drinking:** I don't smoke or drink. Casual drinking is fine but I don't like the smell of smoke.
- **Polyamory:** I am 100% monogamous.

- **Cats:** I don't have anything against cats and in fact I like them a lot. I'm just allergic to them unfortunately :(

Things I Love

- **TTRPGs:** I am never playing as many TTRPGs as I'd like so, to supplement, I watch a bunch of actual plays. My current favorites are Dimension 20 (especially Fantasy High), Worlds Beyond Number, and NADDPOD.
- **Theme Parks:** I grew up in Florida so I usually went to Orlando at least once a year and I've kept the love of theme parks into adulthood. I love roller coasters (even though I can be a total baby about getting on them). The last one that really wowed me was Mako at SeaWorld. The airtime on the hills was amazing!
- **Escape Rooms:** I am such a huge sucker for riddles and puzzles and there is not a secret tunnel in the world that I don't want to fling myself into with reckless abandon. It's the closest to a real-life point and click game that you can get and I love it. There's one in Baton Rouge called 13th Gate Escape that I've been dying to check out. I've heard it's like the Disney of escape rooms!
- **Musical Theater:** I lived in NYC for three years and the best part (besides the subway which I miss so much) was Broadway proximity. Some of my favorite shows are She Loves Me, Little Shop of Horrors, Six, Legally Blonde, Phantom, Ride the Cyclone, Matilda, Nerdy Prudes Must Die, and Hamilton. It hasn't been staged yet but I'm also really enjoying Epic as it releases! And the single best musical episode of a TV show hands down is Once More With Feeling from Buffy (though Subspace Rhapsody in ST: Strange New Worlds is the best one in a long while).
- **Travel:** I love to travel but I don't love solo travel so I haven't gotten to do nearly as much as I'd like. I've been to the UK and Spain while studying abroad and Australia for my bar trip. I've also been to Jamaica (where my parents are from) and several other Caribbean islands. I'd really love to go back to Europe to hit some of the countries I missed and Japan is my current big ticket dream location.

Five...

- **Movies I Love:** Enchanted, Shrek 2, Into the Spiderverse, Everything, Everywhere, All At Once, The Mummy
- **TV Shows I Love:** Pushing Daisies, The Bear, Community, Frasier, Star Trek (TNG, VOY, DS9, LD, SNW)
- **Video Games I Love:** Slay the Spire, Hades, Return to Monkey Island, Chicory, Tunic

- **Childhood Favorite Books:** Ella Enchanted, Holes, The Lion, the Witch, and the Wardrobe, The Lightning Thief, Dealing with Dragons
- **Non D&D TTRPGs I Love:** Kids on Bikes/Brooms, Dread, Tales from the Loop, Perils & Princesses, Mausritter

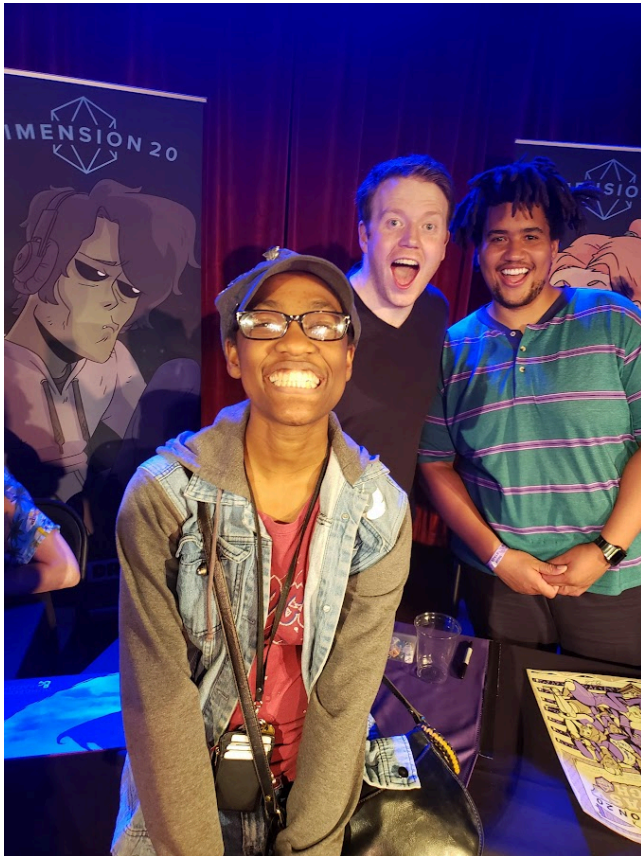

Vibe Check Me

- [My Goodreads](#): I tend to read a lot of middle grade both because I like it and because I write it.
- [An Actual Play I Guest GM'd](#): Watch me wrangle a group of princesses as they make (delightful) choices I never anticipated coming up when I wrote the module.
- [My itch.io Page](#): Check out some of my side projects.
