

Fundamental Questions for Improvement

The PDSA Cycle for Learning and Improving

- *What is our Problem of Practice (PoP)?*
- *What are we trying to accomplish? What do we predict will be different at the end of this year as a result of our actions?*
- *What small test of change can we try that will result in an improvement?*
- *How will we know the change is an improvement?*

PLEASE DOWNLOAD BEFORE COMPLETING

Study

How can we summarize our data? (i.e. flow charts, graphs, survey data collection, quotes)

How can we represent observational data in a synthesized way?

Did we get the outcome we predicted?

Was the change an improvement? How do we know?

Were there any unintended consequences or observations of positive unintended impacts?
