Thank you! Our team will get in touch with you soon :)

Hear from our Clients:

1) AL Sharada

Ex Diabetes Patient

The insight that I am pumping insulin while I have enough insulin production in my body was revealing. I realized I need to understand my body and should be cued into its messages to me. I need to routinize my life, regulate my exercise and food. It is as simple as that. I am trying my best to bring this shift in my life. I thank the iThrive theme for this insight and their support.

Happy Client - iThrive ALIVE Program

2)Srividya Jayaraman

Ex Diabetes Patient

Amazing team, helped me reverse my diabetes and thyroid condition. Their root cause analysis and consultation were too good. The set of nutritionists is very motivating and ready to help around the clock. Thanks !!! Highly recommended!

Happy Client - iThrive ALIVE Program

3) Mohana

Thanks to the iThrive team for patiently going through all the reports. The RCA call was helpful and very informative!

4) Vishal

I felt completely magical in today's Root Cause Analysis for my mother. She said no one in her 65 years of life has explained her body conditions in such a personalized way with lots of clarity and understanding. She was almost in tears. Thanks to Pakhi and Sana (iThrive's nutritionists)

5) Dipti Bandekar

RCA is a fantastic thing where even the smallest of health parameters were taken care of...

Meet the Team: (Same as Diabetes LP)

FAQs: (Will be added later)

1) What is the process of RCA?

After the successful payment, we will schedule the blood tests with our partner labs for blood sample collection at your home. The labs send us the reports in 1-2 days for analysis. After the Analysis is completed, we will schedule an online meeting with you to present the comprehensive report.

2) What are the suggested blood tests?

We cover 50+ parameters. The list of Blood tests will be shared with you after the successful payment.

3) Do you have any tie-ups with labs for blood tests?

Yes, we have partnered with multiple labs to lower the cost of blood tests and to ease the process of sample collection.

4) How much is the blood test cost?

Through our partnership with the labs, the blood tests will cost you INR 5900 only. Original costs are around INR 9000.

5) Can I get it done from my side?

Yes, in such a case, our growth executive will help you with the process. Please note that discounts for the blood tests won't be applicable here.

4) Does it cover the full-body tests?

Yes, It covers all the important panels of our body. For more details, kindly get in touch with our team.

5) What is the duration of the RCA call?

60-90 minutes

6) Why is there a need to test all the 50+ parameters?

Our body systems are interconnected and interdependent on one another. Many nutrients interact with one another and affect each other's metabolism. This is why when we analyze the blood reports, we have a look at all parameters to find out the exact root causes.
