

### **Semi-structured post-experiment interview questions**

1. What was the most difficult aspect of task1?
2. What was the most difficult aspect of task2?
3. If you could change one thing about the documentation, what would you change?
4. If you could build a network testbed of your choice, what features would it have?
5. If you use network testbeds in your work, would you use Tsumiki? Why or why not?
6. Do you feel that you could use Tsumiki to build a different testbed?
7. Would you find Tsumiki useful in your research?
