✨ Let’s Worship Together

Come and clap your hands today
Let us sing and shout His praise
Jesus loves us, this we know
Everywhere His blessings flow

Lift your voice and sing with joy
Girls and boys, come everyone

Let’s worship together
Sing praise forever
Jesus is our light and our way
Let’s worship together

Now and forever
We will praise His name today

Jump and dance and sing along
He fills our hearts with happy songs
Jesus leads us every day
Guiding us along the way

Lift your voice and sing with joy
Girls and boys, come everyone

Let’s worship together
Sing praise forever
Jesus is our light and our way
Let’s worship together

Now and forever
We will praise His name today

Jesus loves you
Jesus loves me
His love shines for all to see
Jesus leads us

Day and night
He is our hope and shining light

Let’s worship together
Sing praise forever
Jesus is our light and our way
Let’s worship together

Now and forever
We will praise His name today
