SL: let's join forces and achieve success

Greetings, (brand)

I understand that you are probably very busy at the moment

I just wanted to reach out because I see a great opportunity for (brand)

Help change the game for you guys

This will result in a lot more customers coming to your door once you allow this to be available

With professionally done Email newsletter, opt-in page(s), sales funnels etc. you can build great trust with your audience and make a lot more money.

I would love to collaborate with you and achieve mutual success

Let me know if interested, and let's schedule a call sometime soon

Best regards,

Jax
