

DEC COMMISSION STATUS : TEMP CLOSED

(Updated: November 29, 2025 18:00 KST)

I will temporarily close new commissions if I ever go past 40 emotes in progress (1 illustration = 10-15 emotes time wise)

PRICES

(Animated emote files don't have to be separated and just the original PNG will suffice, but I will at the very least need the original psd / clip studio file for full illustration animations)

- **Animated Emotes : 50 USD (This is the max price, will never go over)**
 - I will provide the GIFs in their original sizes (500 x 500 max), Twitch sizes (112 x 112), and Discord sizes
- **Full illustration animations : ~350 USD (Start price, will vary heavily)**
 - I will provide the mp4s in their original sizes (3840 x 2160 max) and 1920 x 1080 sizes
 - Price will vary depending on complexity of animation and if I'm given the separated file

TERMS OF SERVICE (ToS)

1. I take payment through **PayPal**
2. I will send an invoice **after** animations are fully complete (and checked by commissioner)
 - Please download the files within a month of completion, I clear my PC files often
3. Nothing that is too NSFW or against Twitch ToS
4. **I can only animate, you must commission someone else to draw the emote / art**
(I recommend artists like @chiikadayo or @uyu_arts)
5. Animations must follow the ToS of the original artist
6. **I currently only take commissions from mutuals** (Friends or friends of friends)
 - Basically, if I ever interacted with you or you got recommended by someone I know then feel free to message me. This is just to prevent people from dine and dashing
 - My definition of a mutual is honestly pretty flexible so I will leave it to your judgment
7. Rush commissions are subject to price increases based on the time limit
 - Up to 40% - 60% increase per emote / illustration

HOW TO COMMISSION

- Message me either on Twitter (@polypuff) or Discord (polypuff)
- Please tell me the following information in the message:
 - The number of emotes / illustrations you want animated
 - Time limit for the commission
 - (Every request will be completed between 1 day to 1 month depending on my workload, please specify if it's urgent)
 - If the work should be secret
 - (I may stream the animation process, so please let me know if I shouldn't; I will usually make a post on Twitter after the commissioner uploads the animations themselves in a public setting like on their stream)
 - Any additional information
 - If no references are provided, I will animate them in my style
- If I accept the commission, please provide the PNGs of the static emotes either through a google drive link or a zip file (Please don't send raw files individually through twitter)
- I usually respond to messages within 24 hours unless I'm about to literally die; let me know if you want an estimated total price in advance (Animations will never exceed the listed prices except in extreme circumstances like if I basically redraw the entire thing)
- If I don't respond, I might not know you well enough to accept the commission (I currently only accept requests from mutuals) so I apologize in advance
