

Our Shared Vision

At Grafton Primary School, we have **high expectations** of all members of our school community. We **value** the efforts of all and work to enable everyone associated with the school to fulfil their potential and **contribute positively** to their educational experiences. Our school motto '**Together we learn, together we achieve**' includes showing respect for ourselves and others.

We believe that if all members of our school community work together, we can deliver educational excellence for all our children. Our vision, aims and ethos are underpinned by the UN Convention on the Rights of the Child. We aim to develop and promote sustainability and an awareness of wider global issues through our curriculum and the links made through our local and global communities. The effective partnerships we have made will continue to provide support and challenge as we deliver a curriculum that ensures children are moving onto their next venture with the skills and values to set them on the path to achieving their dreams
