

## **OHS Drill Notice**

Conducting emergency drills (fire, crisis, lockdown, etc.) is one of the most important ways we enhance our preparedness for students and staff during an emergency. Drills allow us to practice what we need to do when an emergency arises in our school.

OHS will be conducting a drill next week. This will only be a drill and will be conducted in accordance with the School Incident Management Protocols established by the district and in collaboration with our local first responders. Please discuss the importance of our emergency drills with your children. We thank you for your cooperation and partnership in making our schools a safer place for learning.
