[1] Setting and Infrastructure (SI)

[1.3] Number of Campus Sites

SAMPLE

	Example of Campus Site, **University Park** (University of Nottingham, UK)
	Example of Campus Site, **Jubilee Campus** (University of Nottingham, UK)

Description:
(*Please describe your campus sites: area, date of establishment, history, facilities, etc. The following is an example of the description. You can describe more related items if needed*)

If more than one campus site is stated, all data from those campuses should consistently be applied for the related indicators. The evidence provided may also include maps showing the location, area size, or distribution of facilities relevant to the indicators

University Park is The University of Nottingham's largest campus at 300 acres. Part of the University since 1929, the campus is widely regarded as one of the largest and most attractive in the country. Set in extensive greenery and around a lake, University Park is the focus of life for students, staff and visitors. Conveniently located only two miles from the city center.

The Jubilee Campus is a modern purpose-built campus which now extends to 65 acres and is located only one mile from University Park. The initial phase was opened by Her Majesty the Queen in 1999.
