MASTER OF ARTS IN CHILD AND YOUTH CARE
INTERNSHIP LEARNING SUMMARY

As student supervision and feedback have both been an ongoing component of the internship experience, this summary is intended to be a collaborative discussion and succinct description of the student's learning goals, achievements and professional posture. Specific commentary on the following is encouraged:

- **Student's ability to meet learning goals:**
    - proactive uptake of opportunities at the internship site
    - preparedness to meet and exceed the performance expectations of the Internship Supervisor
    - positive, concrete contributions to the work and processes of the internship site.
- **Professional Communication:** as evidenced through proactive, detailed and clear communication and information exchange with the Internship Supervisor and colleagues at the internship site.
- **Professional approach:** as evidenced by work ethic, abiding by the rules, policies and procedures of the internship site, including policies related to confidentiality, ethical conduct, respect for human rights, and conducting oneself in accordance with the highest standards of appreciation for diversity, equity and inclusion. Ethical and legal conduct, as evidenced through continuous reflections on the ethical foundations of any tasks or activities carried out and proactive engagement in situations where the student is unclear about ethical foundations, a well as continued commitment to all legal obligations pursuant to working with vulnerable children and youth, in particular with respect to the Duty to Report.
- **Teamwork and participation in interdisciplinary activity:** As evidenced by openness to constructive feedback, engaging work assigned by the Internship Supervisor, and expanding perspectives about child and youth services beyond those directly reflecting child and youth care principles.
- **Specific Accomplishments**
- **Growth Areas**
