-METAS-

BIO STORAGE LAB (6 feeders)

The capsules we've been storing our test subjects in are failing, and the pool is shrinking steadily. How can we preserve the test group?

♥ JACK OF HEARTS (7 feeders)

"So Bob's tellin' me that the Jack of Hearts can't be beat, he tells me fifteen times! And so I tell him, 'That Jack don't mean nothin' if you don't have this!'"

[[LIGHT CYCLE TRAINING]] <7 feeders>

[[Racer: <Flynn> Start: <3, 1> Finish: <1, 3> Col8_ID: <TRUE> Trail_Turns: <8, all in front of unique pyramids> Racer_Grade: <F> Racer_Comments: <puzzle_answer>]]

MARCHING BAND (6 feeders)

"This marching band routine is so derivative; look how they're all moving from their positions! Here, guess what they do next."

ROGER RABBIT (7 feeders)

Roger is in trouble again, getting very close to seeing stars in various numbers. What should he do to improve his standing?

-- THE CONSTRUCTION CREW (8 feeders) --

Construction workers whistle as they work with new components that join up nicely with the old ones. More importantly, what are they whistling?
