(775) 265-3154

Direct District Ext: 1504

We are engaged in EPIC learning in order to **transfer responsibility** to students, so that they **build confidence** and **persevere** through difficult tasks, to ultimately get where they need to go.

## Positive Recognition Program a Big Hit

This year our students and staff are enjoying a positive promotion that recognizes student behavior, conduct, and academics. Each month students are recognized for success in math, reading, and writing, as well as traits like integrity and effort. Students receive a positive "brag tag" that they keep on a special wire ring, usually on their backpack.

The program has generated so much excitement and popularity that in March it is expanding to specials, the playground, cafeteria, and on the bus. Ask your kids to share about their brag tags!

Mr. Fromdahl and Mr. Spires

## About Me:

I love being the assistant principal at CCMES! My entire career has been in Douglas County; the first couple years I taught here at CCMES and then I spent 13 great years at JVES as the second language specialist. My favorite part of being an educator is getting to support all students and seeing how much they grow during their elementary careers... and beyond!
