### **Trauma:**

## **Post-Impairment Syndrome**

**Normal:** A laid back girl with her head in the clouds, known as "Imo the Space Case" among her classmates. She has a habit of getting lost and is seemingly oblivious to most things but otherwise appears to be a perfectly average student.

**Deep Dive:** Sarcastic and blunt despite initial friendliness. She has no desire to join the Go-Home Club or leave Mobius for the time being.

**Secret:** Cynical from her lack of true independence and freedom in reality.

**True Personality:** A young woman with cerebral palsy. Despite a supportive network and loving family waiting back home for her, returning to reality isn't appealing since it would mean losing the privilege to enjoy life without her disability holding her back, something she wants to hang onto as long as possible.

---

## **WIRE Conversations:**

**What kind of person is your type?**

Not sure. Someone who can make me feel all warm and fuzzy inside when they smile.

**Is there something that's been concerning you lately?**

I keep getting lost on my way to class. I'm not sure how. Everything just looks the same.

**Just comfort me without asking anything...**

Can't help you if I don't know what's happening.

**Are you familiar with asparagus?**

What now?

**What do you do on your days off?**

I hit up my friends to hear the latest gossip and walk around town.

**Which do you prefer? Tea or coffee?**

Coffee. I'm pretty much powered by the stuff.

**Dogs or cats?**

Cats. Easier to be around.

**Who is someone you respect?**

Probably Rudy Ruettiger.

**What's your favorite subject in school?**

Industrial arts. I like working with my hands.

**Do you have an ideal lover?**

Eh.

**Are you doing your homework?**

No.

**If you were to have a job in an RPG, what would it be?**

The person who upgrades armor and weapons.

**Are you on Gossiper?**

I post a lot of pictures of plastic models I build there. Mostly just like to catch up on whatever drama is happening.

**Who is the easiest to talk to among your friends?**

Naruko, mostly. Ayana too, it's relaxing to hang out with her.

**What is the one thing you would take to a deserted island?**

A satellite phone. Get me out of there!

**Why did you choose that icon?**

What, you don't like flowers?

**What do you think of μ?**

She seems nice...? I mean, she did make this place for everyone to hang out in.

**You think men and women can be just friends?**

Depends on the person, I think.

**Tell me about the foods you like.**

I enjoy anything spicy and I mean SPICY. I usually end up a sweaty, snotty mess though.

**What kind of sushi do you like?**

Salmon. Good fatty cuts really melt in your mouth.

**What kind of music do you listen to?**

Nothing in particular. I just put on stations with top chart songs for background noise.

**What do you think of your weapon?**

I don't consider myself a pacifist but I'd rather not have one.

**What idiom would you choose to describe yourself?**

Cool as a cucumber.

**What's missing in Mobius?**

This place could use some more disabled accessibility.

**Is there anything troubling you?**

I went to see how far I could get outside the city and ended up back where I started. It was pretty jarring.

**Do you have a style of clothes you like?**

Cool and practical. No reason to not look cute.

**Can you tell me your birthday?**

March 18th. I usually forget about it until it happens.

**Do you prefer shrimp or crab?**

You can never go wrong with shrimp.

**Tell me your favorite place.**

The hot springs. Those baths work wonders for my joints and muscles.

**What's your favorite season?**

Spring. Feels like the only time of the year I feel at 100%.

**What is an important thing in battle?**

Pay attention and watch your back.

**What's a store you frequent?**

There's a hobby store with tons of garage kit models I love to go to. My favorite ones are the mechas.

**What's your favorite game?**

I guess I'm okay with Warhammer. I like making miniatures more than playing, I think.

**If you were an animal, which one would you be?**

Camel.

**Do you believe in ghosts and aliens?**

What, we doing a psyop or something?

**What do you think of Mobius?**

It would be a lot more fun if I didn't have to worry about Digiheads.

**Do you have something you treasure?**

My phone. I need to have my gossip.

**The moon is so beautiful.**

I guess. It's just something you see every day.

**What's your motto?**

"Don't drown yourself to know if the tide's coming in."
