

**Effective Date:** 14/02/2025

## 1. Introduction

This Privacy Policy explains how our **Screenshot+** extension handles user data and ensures privacy protection. Your privacy is important to us, and we do not collect, store, or share any personal information.

## 2. Information We Collect

 **No Personal Data Collected** – Our extension does not collect, transmit, or store any personal data, browsing history, or user activity.

## 3. Permissions and Their Purpose

To provide the **screenshot functionality**, we request the following permissions:

- ✔ **activeTab** – Allows capturing the active tab's content when the user takes a screenshot.
- ✔ **scripting** – Enables injecting scripts to process screenshots efficiently.
- ✔ **downloads** – Required to save screenshots directly to the user's device in various formats.
- ✔ **host\_permissions** – Ensures compatibility with websites where screenshots are taken.

 **Important:** These permissions are **only used when the user interacts with the extension** and are never used for tracking or data collection.

## 4. How We Use Screenshots

 All captured screenshots remain **on the user's device** and are **never uploaded, stored, or transmitted** to external servers. The extension operates **entirely offline**.

## 5. Third-Party Services

Our extension does not integrate with **any third-party services, analytics, or tracking tools**.

## 6. Security

 We prioritize user security by ensuring:

- No background data collection
- No external data transmission
- Compliance with **Chrome Web Store Policies**

## 7. User Control

Users have full control over the extension:

- ✔ **Install or uninstall anytime** from the Chrome Web Store
- ✔ **Disable permissions** via Chrome settings

## 8. Changes to This Policy

We may update this policy to improve transparency and comply with regulations. Any changes will be reflected with an updated **"Last Updated"** date.

## 9. Contact Information
