

## Key Leaders & Teams Outside Your Business Unit

Who do you need for a successful Big Idea?

### INSTRUCTIONS

This LXD tool is a worksheet to support the LXD Blueprint. You can use this space for brainstorming and documenting your LXD key team members. You will revisit this People Map to make changes and add comments as you develop your Big Idea.

- Print this document for the best experience.
- Write your Big Idea from your LXD Blueprint in the middle box.
- Write the names of people or groups you need to accomplish your Big Idea. Think broadly: look up, look down, and sideways. Utilize the sections to group people by:
  - The role & importance each person or group plays in relation to your Big Idea.
  - Strengths & opportunities for each
  - People or groups outside of your team or business unit that you will need.
  - List outside resources, such as industries or companies you need to leverage.
  - Ask yourself, "Have I considered everyone?"
