

Name: _____

Date: _____

Do Now:

Ja'kwan and Amber are both passionate about a career in health care. However, they have very different ideas of the pathway they would like to follow.

1. Read over each career map.
2. Think through: what might be some of the pros/cons of the pathway they chose?

Ja'Kwan:

My high school graduation

My pathway of choice:

Military

The skills I will develop in my pathway:

I would like to go to the military and serve as a combat medic. I know that I will have to serve for four years. I will learn how to take care of sick people and respond to trauma.

What career will this lead to? What type of job are you looking for?

After my military service, I will go through EMT training. I think this will be a good transition for me after completing my military service.

Amber:

My high school graduation

My pathway of choice:

Four Year College

The skills I will develop in my pathway:

In college, I would like to study nursing so I can pass my nursing exam and become a licensed nurse.

What career will this lead to? What type of job are you looking for?

I would like to be a full time nurse. If I pass my nursing exam, I can apply to work in a hospital.

Pathway Type:

- 2 year college
- 4 year college
- military
- volunteer service
- vocational certification
- employment

Degree Types:

Vocational Certification: Provides an intensive, focused training that prepares learners for work in a specific trade such as plumbing or vet technology.

Associate's Degree: Granted after a two-year course of study by a community/junior college.

Bachelor's Degree: This degree is given by a college upon completion of an undergraduate studies program, usually takes 4 years to complete.
